HIGHLIGHTS OF THE JANUARY 16, 2020 LHRO BOARD MEETING

- All board members were present.
- Open forum
 - Lot 90 was reviewing the Rules & Regulations and noticed in the last section that residents are asked to notify the office if they are expecting any commercial vehicles. Does the office really want us to notify them anytime we are expecting commercial vehicles at our coaches? The board will get back to #90.
 - Lot 250 had a question about soliciting in the park. Can she sell raffle tickets for the White Elephant Sale door to door? Can the bake sale solicit baked goods from residents, door to door, for the White Elephant sale? Response was “Go for it.”
 - Lot 200 said there is a rodent problem in the park. She and another resident have been fighting rats in their coaches. Beth Carroll responded that the Park recently had an inspection by the Pinellas County Health Department. Two coaches were cited for “harboring.” This means there was standing water which can attract rats. Also, citrus fruit trees with dropped fruit. Lot 40, who walks early in the mornings, said that she often sees large rats as she walks.
 - Lot 256 said that Dish and other commercial vendors are never given permission to solicit within the park. They often state they have been given permission by the office. Call the non-emergency police phone number if you see them in the Park.
 - Lot 164 said that bird feeders attract rats. Eliminate their food source and you will no longer have a rat problem in the park.
- Election of Officers. The board elected the following officers for 2020:
 - President – Susan Zerbe
 - Vice-President - Fred Wimmer
 - Secretary – Karen Larrimore
 - Treasurer – Kathy Hartwell
- President’s Report – Susan Zerbe thanked Gerry Killham and Mary Lou Fraher for presiding over the annual member meeting.
- Manager’s Report
 - The sewer line along the back of #284-256 often backs up. Due to the prior problems a sewer line cleanup was done. Lots of diapers were found in the line. Beth Carroll is authorizing a cleanout of that section of sewer every six months at \$3200 each time. Suggestions were to send a notice to those units or perhaps go door to door to talk to those residents. Gerry Killham volunteered to accompany a board member to talk to the residents.
 - Home inspections will begin in February and go into March looking for leaking toilets and other water issues. This has been done twice before and each time it resulted in a reduction of our overall water usage. About twenty things will be looked at. Problems will have to be fixed at the homeowner’s expense.
 - There was a Park-wide inspection by the Pinellas County

...continued on page 10

Health Department. The Park came out with a satisfactory rating with the exception of two coaches who had water “harboring” issues. Those owners have been notified. And one coach had an excess of construction debris, which can harbor rats. If fruit is found lying on the ground near fruit trees, maintenance will pick it up, take a picture, and dispose of it. The office will send out one warning letter. If the problem persists the tree will be cut down.

- Beth Carroll and Bruce DeWaters met with the paving contractor who recommended seal coating the asphalt on our streets. The cost would be \$35,000 which includes repainting lines. It will extend the paving warrantee one year. Beth will get three bids. The contractor feels the coating will last five years.

■ Lot 198 spoke to this: We have many cracks and rainfall will only enlarge them. He feels the sooner this is done, the better.

- Treasurer’s Report: We ended 2019 in the black, over \$10,000. The financials have been reviewed. Two journal entries needed to be adjusted. A mortgage prepayment of \$57142.99 was made in December. We are waiting to see how this affects our monthly payment. The 2019 audit is in process.
- Standing committee reports
 - Sales and Marketing: There is no more Sales and Marketing Committee, but Sandy Clark (lot 273) is in charge of an open house, should it be decided we need one. Currently only three coaches are for sale.
 - Long Range Planning: Ron Teeter (lot 244) gave the report. The committee met on December 19. They suggested a water usage study which is already being planned. They also are concerned with the safety of the parking curbs in front the card room. It is a tripping hazard as did not stop a golf cart from running into the card room doors. They are willing to look into options.
 - Emergency Management: Steve Schultz reported on behalf of the committee. The team, consisting of Fred Wimmer, J. P. St. Laurent, Billy Shedd, Bob Bernier, and Steve Schultz met prior to the hurricane season. They were fully prepared in the event of a storm. Looking forward to a storm-free 2020 season.
- Unfinished Business
 - ADA access to benches/swings: This was a resident survey item. 86 responses to the survey were received. 51 people said that nothing should be done about access to benches and swings. The reasons stated were the expense, loss of green space, and a negative visual impact. The board voted, by majority, to take no action on this matter.
 - Traffic safety options: Two issues were survey topics. One was the traffic direction around the lake. This issue was split. After some discussion the board voted to make the road from North Drive to the pool stop sign one way going south. From North Drive to the stop sign by the flag poles (east side of the lake), there will be a center line, the stop sign by the flag poles will be returned, and the one-way signs will be removed. The other issue regarding speeding. 51 survey respondents said speeding is an issue. After much discussion the board voted to take no action nor expend money on speeding. If you see a commercial vehicle speeding within the park, take down the

"...I am so happy with my new windows...I'd like to commend your work crew. Earbie and Larry were fantastic! I couldn't believe the clean-up EVERYDAY! The whole job took just a week even with all the rain delays. I would and WILL highly recommend your company to my friends and neighbors. Of course I won't need to say a word – the house is doing all the talking! Thank you so much for my beautiful new house."

ART AND CRAFT FAIR

Submitted by Lynn Marro #256

The spring Art and Craft Fair will be Saturday, March 21st from 9 AM to 1 PM. There will be several new vendors, so it will be a great place to find items for your home, gifts for friends and relatives, or that little something to thank the folks who look after the summer homes of us snowbirds. Coffee and yummy Sunshine bakery donuts will be for sale at 9 AM and hot dogs, chips, and lemonade around 11 AM. So, even if you aren't in the market for unique and wonderful arts and crafts, come, have a bite to eat, and visit with friends. Who knows, you may even find something you just can't live without.

SOCKS – HOODIES – AND BANANAS

March means springtime is near and the collection for socks and items for the season is over. We gave to the homeless in our area over 450 pair of socks – many hoodies – bananas and water, plus other donations you made. It was through the efforts of the men in our park that this outreach was a big success.

Dick Barstow headed this effort for many years past and it continued this year along with Ed MacDonald, Bill Sullivan, Dick Aucoin, and Roy Dudley. Thank you to all the folks in the Park who made this a reality. We hope to do this again next season.

Thank you for ALL your Caring and Sharing!

JAVA JUNCTION

A unique opportunity is available during “the season.” It is Java Junction which is an alternative coffee hour two Tuesday each month through March. There is no agenda, only good conversation. This is a great time to catch up with other Lake Highlander residents. Coffee is 50 cents as are granola bars. The February 11 Java Junction was very segregated, but all were enjoying the morning.

A LITTLE BIT OF HISTORY

Submitted by Al Szynski, as published in Good Times.

[Editor's note: Those not from Michigan may not be aware of this favorite drink of the Great Lakes State natives, but it is delicious. At one time we saw it for sale at Publix but have not seen it recently.]

James Vernor was Michigan's first registered pharmacist. In 1861, he started to work on a "Ginger Drink" blending pure ginger root with other essential oils to produce an "extract" to make the drink. The Civil War then broke out and Vernor joined the Union Army. After returning from the war in 1866, he found an oak cask in which he had mixed his extract years earlier. Combining it with sparkling water, the drink tasted tremendous! Vernor went on to "secretly" age his formula in wood for 4 years. His extract later became available to the public in the early 1900s. A 25¢ bottle made 5 gallons of the drink! In 1921, the company he had formed coined the phrase "Deliciously Different" as people couldn't get enough of the drink. Many of us remember the green and yellow plant on Woodward Avenue near Wayne State [University]. Opened in 1951, the sign atop the building was a Detroit icon as hundreds of glimmering lights showed Vernors Ginger Ale being poured into a glass by their trademark bearded gnome. Vernors was the tonic for those bad colds, the flu, and upset tummies while we missed school. It also tasted great with ice cream, and we still love it today, more than 150 years since its creation.

May you always have work for your hands to do.
May your pocket hold always a coin or two.

HEALTH TIPS

Submitted by Margaret French

NUTS TO YOU!!!

I am nuts about nuts, and I eat them every day. A recent Harvard study of 119,000 people who were followed for three decades found that eating nuts on a daily basis lowered the risk of death from any cause by about 20%. Other impressive studies showed that nut consumption is linked to lower risks for Alzheimer's disease, heart attack, diabetes and sudden cardiac death. Tree nuts will help to reduce the bad (LDL) cholesterol and raise your good (HDL) cholesterol. Adding tree nuts to your daily eating habits also can reduce your chances of dying from a malignant tumor and seems to be protective against pancreatic cancer and colon cancer. Nuts are especially good for your heart and brain because they are loaded with healthy fats and lots of great fiber. Because tree nuts contain so many nutrients, we want to pick the types that are most nutritious such as Pecans, Almonds, Walnuts, Macadamias, Hazel nuts, Brazil, and Pistachios. Peanuts and Cashews are not quite as healthy as the other nuts, but they are still better than most other snack foods.

Make a point to find and consume the freshest nuts. Sure, nuts are high in calories, yet studies consistently show that the more often people eat nuts, the leaner they tend to be (within reason).

A recent study found people who frequently ate nuts gained less weight than individuals who never ate nuts and were about 43% less likely to become overweight during the 28-month study. Try to choose nuts instead of junk food snacks like chips or candy. I find that even the trail mixes almost always have too much sugar.

So, these are some reasons I say . . . Nuts to You . . . and Nuts for Me.

MARCH DATES IN HISTORY

- The U.S. has 62 protected areas known as national parks. The first of these, Yellowstone, became the first national park March 1, 1872.

- The Star Spangled Banner became the U.S. National Anthem on March 3, 1931.

- Silly Putty was invented on March 6, 1950.
- Baseball great Joe DiMaggio died on March 8, 1999.
- Going way back in time – Julius Caesar was stabbed to death by Marcus Junius on March 15, 44 BC.

- Congress approved Daylight Savings Time on March 19, 1918.
- Do you remember this? Elvis Presley joined the U.S. Army on March 24, 1958.
- We can all thank Nathaniel Briggs. He patented the washing machine on March 28, 1797.
- How cold can it get at the Niagara Falls? Ice jams stopped the flow of water over the falls on March 29, 1848.
- For Jeopardy fans – the show debuted on March 30, 1964.

IT WAS AN ACCIDENT

Submitted by Olive Bly

If you were involved in an automobile accident, how would you describe it in 30 words or less?

The York [Nebraska] Police Department's annual report has some examples, taken from an insurance company publication, of how others handled the question [taken from actual responses filed by drivers].

- The guy was all over the road. I had to swerve a number of times before I hit him.
- I collided with a stationary truck coming the other way.
- An invisible car came out of nowhere, struck my vehicle, and vanished.
- The telephone pole was approaching fast. I was attempting to swerve out of its path when it struck my front end.
- The indirect cause of this accident was a little guy in a small car with a big mouth.
- I pulled away from the side of the road, glanced at my mother-in-law and headed over the embankment.
- The pedestrian had no idea which direction to go, so I ran over him.
- I saw the slow-moving, sad-faced old gentleman as he bounced off the hood of my car.
- The other car collided with mine without giving warning of its intentions.
- I was backing my car out of the driveway in the usual manner when it was struck by the other car in the same place it had been struck several times before.
- To avoid hitting the bumper of the car in front, I struck the pedestrian
- Coming home, I drove into the wrong house and collided with a tree I don't have.
- I was on my way to the doctor with rear end trouble when my universal joint gave way causing me to have an accident.

CLASSIFIED ADS

These are actual ads seen in "The Villages" Florida newspaper. Who says seniors don't have a sense of humor?

FOXY LADY

Sexy, fashion-conscious blue-haired beauty, 80's, slim, 5'4' (used to be 5'6'), Searching for sharp-looking, sharp-dressing companion. Matching white shoes and belt a plus.

continued on page 36

*** LONG-TERM COMMITMENT***

Recent widow who has just buried fourth husband. Looking for someone to round out a six-unit plot. Dizziness, fainting, shortness of breath, not a problem.

SERENITY NOW

I am into solitude, long walks, sunrises, the ocean, yoga, and meditation. If you are the silent type, let's get together, take out our hearing aids and enjoy quiet times.

***WINNING SMILE ***

Active grandmother with original teeth, seeking a dedicated flosser to share rare steaks, corn on the cob and caramel candy.

*** MEMORIES ***

I can usually remember Monday through Thursday. If you can remember Friday, Saturday and Sunday, let's put our two heads together.

***MINT CONDITION ***

Male, 1932 model, high mileage, good condition, some hair, many new parts including hip, knee, cornea, valves. Isn't in running condition but walks well.

***AND FINALLY ***

A lady in The Villages was sitting on a bench near another bench where a gentleman was sitting. She asked him if he was new to the community and he said, "No, I have owned a condo here for 20 years".

She said, "I have been here for 15 years and I have never seen you around!"

He said, "I have been in prison for the last 17 years!"

She was stunned, and finally asked him what he had done.

He said that he had murdered his first wife!

She was stunned again, and after a long pause she said:

"So, you're SINGLE???"

ARE YOU SMARTER THAN SHERLOCK HOLMES?

Taken from Swan Financial Services newsletter [March 2019], thanks to Joyce Huntley

Dr. Watson had a new card puzzle for Sherlock Holmes. He picked four cards out of a pack of 52 cards and laid them face down on a table. Watson asked Mr. Holmes if he could tell the value of each card in order (no suit, just the number). He offered five hints to Sherlock.

- 1) The left card can't be greater than the one on the right.
- 2) The difference between the first card and third card equals eight.
- 3) None of the aces are present.
- 4) No face card was included (i.e. no queen, king, or jack).
- 5) The difference between the second and fourth card is 7.

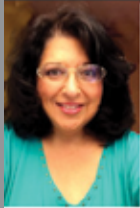

Sherlock smiled and told the value of all four cards to Dr. Watson.

Here is the answer. Don't peak until you have tried to solve the puzzle.

The cards are 2, 3, 10, and 10. To maintain the difference of eight and keeping in mind the third and fourth hint, the first and third cards can be 2 and 10 or 10 and 2. But keeping in mind the first hint, we know that the first card is 2 and the third is 10. Similarly, if we see the fifth hint, the difference between the second and fourth card should be 7. Thus we know the second card is 3 and the fourth card is 10.
