Dance November 28, 2015

Richard and Suzanne Piwonski

The dance was enjoyed by all that attended. Richard and Suzanne Piwonski would like to thank the following people that helped to set up and take down after the dance: Annamaria and Dan Blackburn, Kim and Don Anderson, Cathy and Bill Wackerman, Betty Luciano, Chery Russell, Bob Collins and anyone else that might have been missed. Thank

Ladies Lunch

Pam Nadeau & Gail Smale

Nineteen women enjoyed lunch at Zom Hee Chinese Restaurant on October 22, 2015. Everyone enjoyed their generous meal and had lots to take home. Thanks to all who came to this event.

Gardening

Alice & Bobby Jarvis

Good to have the gardening help returning. Bud Koeth has been trimming palm trees and Bob Carver trimmed at the pond area. (All looks good!) On Tuesday, Betty Luciano and I worked and cleaned up the berms over at the pond. As we worked, we watched the teenage alligator and he watched us. Amazing what can be done in 2 1/2 hours on a Tuesday morning. Cheryl Russell and I plan to do some shopping so you will see a few new plants around the community here at L.S. R. Thanks to all and hope more will come join in on the fun any Tuesday morning.

Bobby and I made a trip to St. Louis and while we were gone Cheryl Russell, Kim Anderson and Betty Luciano planted poinsettias while Bud Koeth dug the holes down at the front entrance. What a delight it was to return back to our community looking so beautiful. Thanks to all for a good job so we all can enjoy this holiday season. The other plus was that the poinsettias were \$.99 each from Home Depot. Thanks to Joann Davis and others who helped purchase 12 each.

Town Hall Meeting In January

Financial - at the January town hall (January 14, 2016), the Board intends to review the considerations that make up our financial picture, Dreux Issac report, reserves, replacement planning, project planning, budget build-up and the financial plan. It's important that you are all aware of the considerations that impact your maintenance fees, park reserves and plans. This is your chance to ask all of the questions and we will work to provide all of the answers.

From Your Social Committee

Lynne Sheridan

Hi everyone. It's great to be back at Lake Seminole Resort. As a committee we want to give a heartfelt thank you to the folks who are here year round and take care of things while we are away. We are looking forward to a great season with lots and lots of activities. In fact, if you check the calendar in the hall for the next five months you will see that it is filling up fast. Dances are booked for the season. Some are being run by new volunteers and many have new bands and entertainment. We have a few surprises in store for you. The Collins' have booked the Vegas Revue; we have a couple of speakers lined up. We are planning a games day later in the year and this is something that many of you have asked for. But we want to save some of the details until a little closer to the events. The good news is that it looks like another great year of activities.

Ed Birmingham does a terrific job of keeping track of the bookings for the hall and the pavilion. However, he does ask that you contact him to book the hall or the pavilion if you are planning an event of any kind. Ed will get back to you right away to confirm your date and time. Some of the activities that we plan need a day of set up prior to the actual activity itself. Good examples of this are the pancake breakfasts, the flea market and the fashion show but there are lots of others. Please, if you think you need to decorate the hall or set up the hall the night before, please book that time as well. We are working on a new revised system for developing an electronic calendar and will tell you about that down the road when we have some of the details worked out.

The other person who is often affected by event planning is Susan Smith who is responsible for ordering kitchen supplies. If you need a special order of food or paper plates, etc., please give Susan two weeks notice so that she has adequate time to make these arrangements.

We are going to have a great season!

Gary Eskerod

We've had a number of outsiders coming into the Park and using our boat ramp at the Canal. The chain is now locked to discourage this happening in the future. Each resident boat owner will be given a key. If I've missed you, you can pick up your personal key at the office.

Canadian Grey Cup

Jackie McMann

A good time was had by all 42 Canadians and some Americans as we watched the 103rd. Grey Cup between Edmonton and Ottawa in the pavilion. Thanks to Joanne Davis for ordering the pizza and to Jeff Davis and Dan Jackson for bringing the TV over and to Bill Anderson for setting it up. Also a thank you to Dan Jackson who washed all the tables and chairs! Winners in the pool were: Jackie McMann, Joyce Shane, Roger LeDuc and the big winner, Karen Hutchison.

Las Vegas Revue

Doreen and Bob Collins

Coming to LSR on Wednesday, January 13, 2016 – The Las Vegas Revue, a comedy impersonator show featuring Keith Coleman and Ruby Tuesday. Keith and Ruby are a husband and wife duo who have toured extensively in the U.S. and recently performed at the Largo Cultural Center and other venues in the St. Petersburg area. Their show features impersonations of stars such as Dolly Parton, Barbara Streisand, Johnny Cash, Elvis, Willie Nelson and many others. Further announcements will be made at Monday morning coffee and tickets will go on sale later this month. Plan come and join us for this fun event.

Summer Potluck

Alice plus all the cooks

We want to thank Cheri & Guy Watkins for cooking the most wonderful pulled pork dish that was served on buns. I am looking forward to having that again next year. All of the sides were great and so were the yummy desserts. Fifty-five residents attended and it was nice to be under the pavilion as we watched the rain come down over the swimming pool. It was fun to visit with our neighbors.

Senior Olympics

Get ready for the Social Club's sporting event of the season!! The afternoon of February 20 (rain date February 21) will see the first and only Senior Olympics at Lake Seminole Resort. We encourage athletes to participate in a fun day of silly sporting events. Seriously, anyone who can walk and talk and stay on their feet for a few hours is fit enough to join in for a day of goofy games. There will be no running or jumping! But serious competition will abound. So you had better start your fitness training right away!

We are looking for athletes, volunteers and a crowd to cheer everyone on. Please sign up in the rec hall. The Social Club will provide hotdogs (health food) following this major event.

As you probably already know; patronizing the advertisers in this newsletter also pays YOU with our Monthly Mania Cash Give-a-Way. **We pay out \$400 every month to residents** who submit tickets they have received from using the businesses in the newsletter. Winning is easy, just patronize any advertiser in the newsletter, then submit either the ticket or a paid receipt to us for your chance to win!

Now You Have More Chances to Win!

We are now offering unlimited entries into our Monthly Mania drawing by just *SUGGESTING* a business to advertise.

Here is how it works:

1. Call our office and suggest a business to advertise in the newsletter
2. We will take down your information (name, address, phone number) and enter you into the next month's drawing for over \$400 in cash prizes
3. The more businesses you suggest, the more chances you have to win.
(To qualify each resident can only suggest a business once)

Did you know that January is also...

National Bath Safety Month. Bath safety is an essential aspect of general home safety. An average of 370 people across all age groups suffer injuries in the bathtub or shower daily. Learn how to equip your bathtub or shower with safety precautions like grab bars and anti-skid strips to prevent serious injury.

National Blood Donation Month. Some give blood because a friend asks; others do so because it just seems like the right thing to do. Whatever your reason, the need is constant and your donation is important for maintaining a healthy and reliable blood supply.

**Help
save
lives**

National Mentoring Month. Mentoring young people can change your life—and theirs. Volunteering as a mentor or becoming an informal mentor to a young person you know is a valuable step in igniting the mentoring effect in your community.

Thyroid Awareness Month. Thyroid disease affects approximately 200 million people worldwide. If left undiagnosed and untreated it can cause depression, tremors, muscle weakness, and constant fatigue. Learn how to perform a thyroid neck self-exam, and talk to your doctor if you detect any lumps.

National Home Office Safety and Security Week, Jan. 3-9. Thousands of people working from home face risks in their residential workplace: clutter that can cause trips and falls, inadequate electrical wiring that presents a fire hazard, and other dangers. Take some time this week to ensure that your home office doesn't endanger your health and safety.

International Snowmobile Safety Week, Jan. 16-24. Snowmobiling is a fun and exciting family activity enjoyed by over 4 million people in the U.S. and Canada. International Snowmobile Safety Week educates people about safe snowmobiling practices and shows how operating safely can prevent mishaps and injury.

National Sugar Awareness Week, Jan. 18-22. The average American consumes about three pounds of sugar each week, for a total of 3,550 pounds in his or her lifetime. During this week, take the challenge: Go five days without eating any sugar and see how much better you feel.

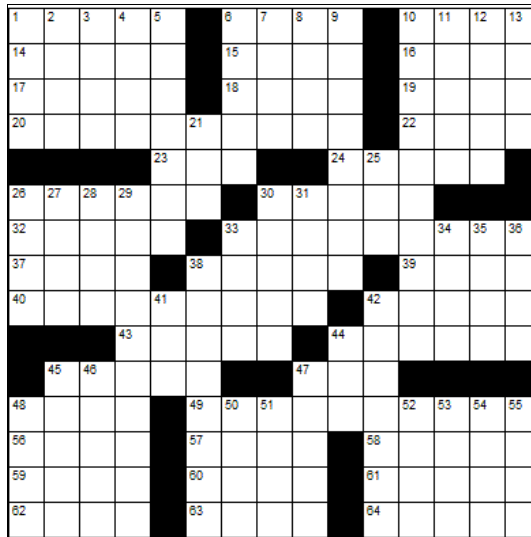

National Certified Registered Nurse Anesthetists (CRNA) Week, Jan 24-30. CRNAs provide more than 34 million anesthetics each year. This event helps patients, hospital administrators, health care professionals, policymakers, and others become more familiar with the CRNA credential and the exceptional nurses who have earned it.

Never too late to succeed

A poor boy named Harlan with only a sixth-grade education wouldn't have made anyone's list of the most likely to succeed. His first major success came when at the age of 39, when he was able to come up with the financing to open a small-town gas station and restaurant. He did pretty well, too—but only for a while.

With the onset of World War II, Harlan's once-solid customer base left the small town to enlist in the military or take factory jobs in the city. Still, he managed to hold on until a new interstate highway eliminated his drive-by trade. Then, after nearly 30 years in business, Harlan was forced to sell his dream to pay off his debts.

Broke and nearing 70, Harlan could have closed the curtain on his career ambitions. Instead, he took to the road, offering to share his pressure-cooking techniques with other restaurant owners if they'd agree to become his franchises. He sold only five in the first two years, but he stuck it out.

Four years later the self-proclaimed Colonel Sanders had sold more than 600 Kentucky Fried Chicken franchises. And by the time Harlan Sanders died at age 90, KFC was a worldwide brand.

Is today's success holding you back?

Timanthes was a celebrated Greek artist of the 4th century B.C. As an aspiring young painter, Timanthes worked with a respected tutor to learn his craft. After several years, he produced what he believed was his masterpiece.

Delighted with his accomplishment, the young artist stopped striving to further his art. Instead, he devoted hours each day to gazing at his painting, mentally patting himself on the back for his achievement. Then one morning, when he arrived at the studio, he was horrified to find that someone had slathered paint across the canvas, destroying his work. The tutor eventually confessed that he'd done the deed.

"I did it for your own good," he explained. "The painting was holding you back." He urged the artist to try again: "See if you can do better."

Timanthes took his teacher's advice. His next effort, "The Sacrifice of Iphigenia," became his signature work and is regarded as one of the finest paintings of its time.

You should celebrate jobs done well. But don't get so caught up in yesterday's achievements that you forget tomorrow's challenges.

Learn the ABCs of skin cancer

That dark spot on your skin may be a freckle—or it may be skin cancer. How can you tell? The American Academy of Dermatology takes an alphabetical approach to identifying potentially dangerous skin conditions:

- **A: Asymmetry.** Is the spot or mole generally circular, or does one side look different from the other?
- **B: Border.** Is the edge of the item uneven, notched, or blurry?
- **C: Color.** Does the object vary in color in different areas?
- **D: Diameter.** Is the area larger than a pencil eraser?
- **E: Evolving.** Has the object changed its size, shape, or color?

Contact a dermatologist if you answer “yes” to any of these questions.

Just a rash? Check it out

A rash may be nothing to worry about, but sometimes it can be a sign of something serious. Doctors recommend you pay attention if a rash exhibits any of these symptoms:

- The rash spreads quickly across your body, which could indicate a major allergic reaction.
- You have a fever along with the rash. This could be a sign of a serious infection, so get to the hospital immediately.
- Your rash forms blisters or becomes painful.

The foundation of success in life is good health. That is the substratum fortune; it is also the basis of happiness. A person cannot accumulate a fortune very well when he is sick.

Giant lizards once roamed Australia

Movies like *One Million Years B.C.* show humans battling dinosaurs, but T. Rex and other prehistoric creatures died out long before Raquel Welch's ancestors designed the first fur bikini. Still, recent discoveries suggest that prehistoric could have fought large reptiles, or at least co-existed with them at one time.

Scientists from the University of Queensland have dug up a small bone that they have determined could have come from a gigantic lizard that lived in Australia as recently as 50,000 years ago.

As reported on the eScience News website, the bone is only 1 centimeter long, but scientists are certain that it belonged to a huge creature that may be related to the Komodo Dragon or another species known as *Megalania Prisca*. *Megalania* once roamed eastern Australia, and reached a length of 11 to 16 feet. Its sharp, curved teeth would have been a ferocious challenge for early humans in the territory, but so far no evidence of any terrifying encounters have been unearthed.

How much do you know about science?

We rely on science and technology for many of the necessities and conveniences of modern life, but how well does the average U.S. citizen really understand science? A survey by the Pew Research Center sought the answer to that question. The survey asked a series of basic science questions and received these results:

- The core of the Earth is our world's hottest layer: 86 percent answered this correctly.
- Uranium is needed to create nuclear energy and weapons: 82 percent.
- Comets comprise a core of ice and a tail of gases: 78 percent.
- Tides are created by the moon's gravity: 76 percent.
- The polio vaccine was developed by Dr. Jonas Salk: 74 percent.
- Astrology is different from astronomy: 73 percent.
- Cell phones use radio waves: 72 percent.
- A light-year is a measure of distance: 72 percent.
- Amplitude (height) determines the loudness of sound: 35 percent.
- Water boils at a lower temperature in Denver than in Los Angeles: 34 percent.

Get to the root of problems

When you can't solve a seemingly impossible problem, do you just throw your hands high in frustration and walk away? Most of the time that's not an option. Try re-framing the problem with these suggestions from Tina Seeling, author of *Inside Out: Get Ideas Out of Your Head and Into the World* (HarperOne):

- **Revise your question.** Turn the problem around by re-examining your real goal. Instead of "What new product will make lots of money?" ask, "What do our customers buy, and what do they avoid?" or "How can we offer more of what already works?"
- **Look for bad ideas.** You can unleash your creativity by flipping the process. Try to identify what doesn't work, what's failed in the past, or what would completely capsize any solution. You may be able to adapt a seemingly impractical solution, or eliminate a factor that's holding you back.
- **Question your assumptions.** Many of us fall into the trap of assuming that the answer we're seeking will look like solutions that have always worked. Take a close look at the problem, your organization, or your industry and identify practices that have never been questioned. Ask, "Why are we doing it this way?" You'll often find a new approach by going against the conventional wisdom.

Play these roles when developing ideas

Thinking creatively requires different mindsets at different stages of your project. If you can shift gears yourself, do that; if not, bring in a colleague to help you sort through the issues. Focus on these key roles as spelled out by Walt Disney:

- **Dreamer.** Don't limit your vision at the outset. Let your mind roam widely as you explore concepts, ideas, and solutions. You don't have to be practical at this stage—just allow yourself to daydream as you think about what you want to achieve.
- **Realist.** Once you've got a plan or idea you want to put to work, start narrowing it down until it's doable. You may end up eliminating the less practical aspects, but if you keep your mind on the core idea, you'll come up with a plan that satisfies your goal while succeeding in the real world.
- **Critic.** Poke holes in your plan so you can patch them up effectively. Run a test or set up a pilot program before rolling your solution out completely. Don't think of obstacles as failures; use what you learn to make your idea viable.
