## How does your home look?

*Board of Directors*

At our last Board meeting, an appeal was made to your Board to enforce the Park Rules especially as they apply to the appearance of our homes. The feelings expressed and shared by most in attendance is that there are too many homes with ragged, untrimmed shrubbery and moldy, dirty or untidy exteriors.

In response to the appeal and comments, we're going to do a "walk around" inspection of all homes in the Park early in the new year. The owners of those needing attention will be sent a copy of a report listing the conditions at their home which don't meet the Park standards.

In order to give time enough for those with improvements to make, another "walk around" will be done in the fall and if the conditions prevail, we will take whatever action is necessary to have them corrected, so if you're affected, please take this seriously.

We all know the standards we signed and agreed to when we bought; (if you don't, please read them again). All we're asking is that you adhere to them and help us to maintain the appearance and value of our Park.

# Ladies Christmas Luncheon

Cheryl Russell and Pat Myers

**O**n December 3rd, approximately 75 ladies enjoyed each others company at a luncheon of sangria punch, popcorn munchies, chicken salad puff sandwiches, cranberry salad, caesar salad, tiramisu and cookies. The program was given by Mr. James Schnur, an historian and librarian at USF reference and archive library. Mr Schnur delivered a thoroughly enjoyable fast paced history of Largo and vicinity enhanced with numerous vintage photos.

Many hands worked to make the day a success. Our thanks go to Cathy Wackerman, Claire Osgood, Gail Smale, Lynne Sheridan, Joanne Davis, Lynne Martin, Clara Cicco, Joyce Harroun, Sandy Hagen, Christine Myer, Irene Friend, Connie Zammit, Betty Luciano, Margot Thomas, Pat Myers and Cheryl Russell.

## From your Social Committee

*Lynne Sheridan, President*

2014/2015 promises to be an exciting year for social activities at Lake Seminole Resort. Last spring we established a committee to look at social programming, past, present and future at Lake Seminole Resort. Irene Friend, Sharon Smith, Joanne Davis, Don Anderson and I are in the process of undertaking a review of our activities and I want to bring you up to date with our status on that project.

- 
- We are undertaking a demographic review of the park. Who lives here, how many are new, how many are full time, how many are snowbirds, how many are single households, etc., etc. Equipped with this information we will be in a better position to develop programs that will suit our members. We want to thank Pat Salituri for taking this project. We do know a few things. We know that over 25% of the units in our park have new owners in the last couple of years. For the most part, those owners are baby boomers. They come with different ideas, different ways of engaging and new priorities. Pat's study will provide more definite information for us to work with. As a social committee, we want to ensure that we have a program of activities that welcomes and includes ALL MEMBERS of our community.
  - We have completed a program analysis. What kind of programs do we offer? Which ones are the most popular, which ones have declining attendance. Which ones are holding strong.
  - We have analyzed our revenue streams and costs over the past six years. Are we spending more than we used to, are we generating more money than before? Are there financial risks for the social committee and if necessary what could we do to mitigate those risks.
  - We are conducting two round table discussions in January to seek input from YOU, our members. We know that we are very good at organizing events offering food and drink. Pot luck dinners, pool parties, dinner/dances, wine and cheese parties are always a hit. We are not so good at programs pertaining to other aspects of our well being. Is there an interest in broadening our programs? Two roundtable discussions will be held in January to discuss health and wellness and art and culture. We are seeking your input. What are your thoughts on these two areas, and all other programming for that matter. January 5, 2:00 p.m. in the hall, we will have a discussion about Health and Wellness. On January 12, again at 2:00, we will have a discussion about Art and Culture. This is your special opportunity to have input into the future of your social calendar.
  - We expect to wrap up our planning work in late February or early March and will be back to you with the results at that time.
  - In the meantime, we are making a few modest changes and enhancements to some of our current offerings and these changes will be rolled out to you in a timely fashion. Be sure to attend our monthly Social Committee Meetings to learn more...

**MARK THOSE TWO DATES ON YOUR CALENDAR. JANUARY 5 – HEALTH AND WELLNESS AND JANUARY 12—ART AND CULTURE ROUNDTABLE DISCUSSIONS.**

Did you know...April 19, 2015 marks the 30th anniversary of the incorporation of the Park? **Quite a milestone and we are going to celebrate.** Pat and Jane Salituri will be organizing this year's pool party and they have enthusiastically agreed to host a special pool/anniversary party to celebrate this occasion! When the date is confirmed we will let you know.

## Opportunity for All Golfers in Lake Seminole Resort

**E**rnest Porter, the professional from Blue Collar Golf  
Will be giving golf lessons to all interested residents of Lake Seminole Resort

When: Sunday, January 11 at 1:00 and 2:00\*

Where: On the grass, beside the shuffleboard courts

Cost: \$5.00 per person

Your social committee is pleased to provide this opportunity to any member of Lake Seminole Resort, whether you are a seasoned professional or a hacker. Earnest will be covering some of the most common mistakes made by even very experienced golfers. Signup sheets are in the hall. Earnest is charging \$10 per person and the social committee is subsidizing this by 50%. Be sure to bring your clubs and show up 15 minutes early.

\*If there is enough interest, a third lesson will be offered at 3:00 p.m.

Questions: Call Lynne Sheridan 827-7306

## Christmas Shoe Boxes

*Carol Pupke*

**A** Big Thank You to all who participated in the Samaritan's Christmas Child Shoe-boxes. Somewhere in this world a child will receive a very special gift: Thanks again.

## Gardening

*Alice & Bobby Jarvis*

**C**hristmas lights are up on all the buildings in the park again this year thanks to Mike D'Amore. Along with his help in cleaning up all the limbs from the large bushes, Bobby Jarvis and Robert Handy trimmed around the shuffle courts; they look good but we know they will grow back as they are trimmed a couple times a year.

Sure looks nice to see all of the Poinsettias and Marigolds as you are leaving the park. Thanks to Cheryl Russell, Kim Anderson, Betty Luciano and Eddie. Those girls are hard workers and they all agree it is a real work out. The reward is seeing our community look good. The chrysanthemums in front of the club house are at a second or third blooming; we got more for our buck on those.

You can always see Carolyn Johnson, Joann Davis and Jean Villa working along with Clara Cicco pulling weeds. Justine Lubkeman worked on the edging at the end of 101st Street this summer and it really looks good. It takes everyone in the community to help to pick up sticks along the grounds as you are out and about. This will help to make our

place the number one community which we call Lake Seminole Resort. Sure miss David Weise as he is unable to help at this time, but we know he will recover and be back on board. Al Braley also was a gardener a few years back and was always talking to us about his gardening in the park and the people that helped him; we miss him. Thanks to all.

# Numbers in the News

## Love on the rocks? Unmarried adults on the rise

The number of Americans who have never been married has reached an all-time high: In 2012, one out of five American adults 25 and older had always been single, adding up to about 42 million people. In comparison, only one in 10 adults in 1961 had never gotten married.

The Pew Research Center, which examined the data, notes that Americans are getting married later these days, and are also more likely to be living together before marriage. The median age for first marriage is 27 for women, and 29 for men—that's up from 20 for women and 23 for men in 1960.

What's behind the decline? Economic reasons may play a role, along with different expectations about what's important in a potential mate. For 78 percent of women, for example, the No. 1 requirement is a steady job. For men, the biggest draw (70 percent) is "similar ideas about having and raising children."

Still, more than half of unmarried Americans—53 percent—say they do hope to get married and settle down someday; 32 percent aren't sure, and only 13 percent are firmly committed to avoiding matrimony in their lives.

## A quick look at the affluent American

"[T]he very rich ... are different from you and me," wrote the famous American novelist F. Scott Fitzgerald. The Ipsos Affluent Survey USA explains just how different in its latest report.

Defining the "affluent" American as a person 18 or older with at least \$100,000 in annual household income—about 23 percent of U.S. households—the Ipsos survey reports that spending among Affluents amounted to \$2 trillion in 2014, the highest in the survey's 38-year history. Average household income was \$197,400, down slightly from 2013 but higher than the 2011 and 2012 levels. Their liquid assets were worth an average of \$592,000.

Affluents are big on technology, making them not so different from everyone else. For example, 58 percent use an iPhone or iPad, 47 percent have a TV connected to the Internet, about 50 percent have made a purchase using their smartphones or tablets, and 10 million have a mobile payment/wallet app on their mobile devices.

**National Hot Tea Month** What better time of year to settle down for a nice relaxing cup of hot tea? According to the Tea Association of the U.S.A. Inc., tea's health benefits include antioxidants, which aid in cancer risk reduction, increased blood flow for cardiovascular health, and increased energy expenditure that may help combat obesity.

**National Volunteer Blood Donation Month** When you give blood at your community blood center, you can save up to three lives. Blood is always needed—up to 40,000 pints every day. Find your local blood donation center to find out more about how you can help.

**Train Your Dog Month** Did you know you can start training your puppy when he or she is just seven weeks old? Dogs, like people, are learning every second of the day. For a truly well-mannered dog, you need to reinforce the positive behaviors. “Use it or lose it!” is a good maxim to follow when teaching your dog. For training tips, go to [www.trainyourdogmonth.com](http://www.trainyourdogmonth.com).

**Martin Luther King Day, Jan. 15.** Holiday marking the birth of the influential civil rights leader.

**World Leprosy Day, Jan. 25.** World Leprosy Day helps to focus on the needs of some of the poorest and most marginalized people in the world—those affected by leprosy—and also helps raise funds to cure and care for them.

## Early riser vs. nighthawk: Who's better off?

---

**A**re you the early bird who gets the worm, or a night owl burning the midnight oil? The answer may have an impact on your health—and even your career.

One study cited in U.S. News & World Report found that teens who are early to bed and early to rise tend to be in better health than their peers who stay up late and sleep in, even if they get the same amount of sleep. And other studies suggest that morning people do better at resisting fatigue, anxiety, and depression, while nighthawks appear to suffer higher rates of insomnia and ADHD. The stay-up-late crowd may also have a higher propensity for substance abuse, addictive behaviors, and mental health problems.

But being a night owl has its advantages, too. Research also indicates that they can have higher IQs, more stamina during the day, better reasoning and analytical skills, and greater creativity and productivity. These traits, along with an inclination toward more risk-taking, seem to contribute to night owls having a higher average level of financial and career success.

The Mayo Clinic website notes that our sleeping habits are governed by the body's natural 24-hour cycle, known as the circadian rhythm. Some people have a slightly longer light-to-dark ratio, making them night owls; others with a short cycle tend to be early risers. However, the cycle can shift over a person's lifetime: Young children are usually early birds, then become nighthawks as teenagers, then gradually transition back to being morning people as adults.

## Eat right to avoid the flu

---

**I**t's never too late to protect yourself (and your friends and family) from the flu. A flu shot may be your best line of defense, but you can also keep the flu virus at bay with help from these foods:

- **Chicken soup.** Once again, your mother was right. Chicken soup provides fluids that help fight off viruses, and it can reduce inflammation and other symptoms of the flu.
- **Garlic.** Compounds in garlic (also onions) known as allion and allicin have an antiviral impact. For maximum effect, chew a raw clove every three to four hours. If necessary, try chopping the clove into smaller pieces to swallow like pills.
- **Pumpkin seeds.** The zinc in pumpkin seeds is said to help white blood cells fight off disease.
