Gardening

Alice and Bobby Jarvis

Tuesday mornings at 7:30 a.m. We always have a plan of what needs to be done each week. If you are new full time residents, please come and join us. Summer is the time that weeds still grow and things need to be trimmed.

If Tuesday isn't a good time for you, let me know and we will work with your help on your own time schedule. Thanks to those that helped in the winter months and happy gardening to you up north.

80th Birthday Party Celebration

Jim and Frankie's family

Jim Henry turned 80 last week (believe it or not). His children provided a great party for him. Frankie and many of their friends from LSR attended. The family provided excellent food and dessert. Jim walked around all afternoon with a big smile on his face, he was so happy. He appreciated the thoughtfulness from everyone. He would like to thank his family and friends for helping to make such a wonderful 80th birthday party.

Monthly Pot Luck for the Summer

Beginning in June, the last Tues of every month, we will celebrate our summer with a Pot Luck Picnic at the pavilion at 5:00 p.m. Please remember to bring your drinks, and dinnerware and a dish. May 30th we will have our Memorial Day Picnic instead of the pot luck.

May Highlights from the LSR Board

Roger Gee

- This is going to be provided by the board to help keep our residents informed of our current projects.
- Seminole Septic will be evaluating our sewer system in June.
- Repair concrete by laundry area per insurance.
- We are implementing fertilization/ insect experiment utilizing our maintenance employees. Our goal is to do this in house and cancel the True Green Contract. This will be a \$10,000 savings.
- Speed bump sign posted at the park entrance.
- Exit lights installed in card room and office.
- All members please update all your information (phone numbers, addresses) in the office.

Thank You

All of the people that have volunteered this season deserve a special thank you. I can't thank everyone because I do not have all their names. The people that did our coffee every week really need to be thanked, and all the others are thanked for the services they have provided.

Full Timers Pot Luck/Picnic

Gloria Hughes and Pam Nadeau

On the spur of the moment last Monday 5/9/16, we planned to have Full Timers of Lake Seminole Resort on May 13th, to a Potluck Picnic at noon in the pavilion. What a great turnout – of the ninety seven residents in our park during the summer months, fifty three attended our picnic. Hot dogs were provided by some of the residents and a special homemade chili sauce was prepared by Gloria for the hot dogs. Our residents as usual came with many delicious dishes to pass. Guy and Cheri cooked the hot dogs for us. A severe special thanks to all who helped set up and clean up. They were Guy and Cheri Watkins, AnnaMarie Blackburn, Larry Sherman, Bob and Diane Baxter and Mavis Casto. What a warm feeling to see everyone enjoying themselves so much while eating and chatting with one another.

The winning argument?

William Gladstone, prime minister of Great Britain for many years in the 19th century, was known as a master of argument, even within his own family. On one occasion Gladstone and his sister Mary argued over where to hang a picture in their house. A workman stood around while the argument went on and on. Mary wouldn't yield, and eventually Gladstone simply stopped talking.

The workman finally hung up the picture where Mary wanted, but when he was done he walked to the other side of the room and hammered a nail in the wall where Gladstone had wanted the picture to hang. Mary asked him what he was doing.

"Well, Miss," the worker replied, "that'll do to hang the picture when you come round to Master William's opinion."

One act of kindness

One rainy night many years ago, an elderly gentleman and his wife entered the lobby of a small hotel in Philadelphia. The man asked the clerk if he had any rooms.

The clerk was a friendly man who prided himself on superior customer service. He said that unfortunately the hotel was completely booked. "However," he said, "rather than send you out in the rain at 1 in the morning, I would be happy to offer you my room. It's not a suite, but it will be comfortable for the night."

The elderly man tried to object, but the clerk insisted. The next morning, as he paid his bill, the elderly gentleman said to the clerk: "You are the kind of manager who should be the boss of the best hotel in the United States."

Two years passed. One day the clerk received a letter from the elderly guest, inviting him to New York for a visit with a round-trip airline ticket. When the clerk arrived in New York, the man met him and led him to the corner of Fifth Avenue and 34th Street. He pointed to a brand-new building. "There is the hotel I have built for you to manage," said the elderly man.

"You must be joking," said the astonished clerk.

"I can assure you that I am not," said the old man, a smile on his lips.

The elderly gentleman was William Waldorf Astor, and the palace that he had built for the young clerk was the original Waldorf-Astoria Hotel.

The moral: You never know when kindness will come full circle.

Coffee may keep you healthy

Is drinking coffee good for you? A recent article on The New York Times website linked to a number of different studies touting the positive effects of caffeine on several different health problems. They include:

- Liver damage. A review of data collected by studies of more than 430,000 people found that coffee may lower the risk of cirrhosis of the liver, a disease associated with overindulgence in alcohol (among other causes).
- Tinnitus. Researchers kept track of more than 65,000 women and found that those who drank more than one 8-ounce cup of coffee a day were less likely to suffer from tinnitus, that persistent ringing or buzzing in your ears.
- Auto crashes. A study of truck drivers who routinely work on long hauls found that coffee drinkers (or consumers of other caffeinated drinks) seem 63 percent less likely to be involved in crashes while driving.
- Melanoma. An analysis of health and dietary data involving more than 400,000 people ages 50-71 found that those who drank four or more cups of coffee a day were 20 percent less likely to develop skin cancer. (The researchers cautioned that avoiding exposure to the sun's ultraviolet rays is still the most important way to avoid melanoma.)

State of health: What's the best place for you to live?

Where you live may affect your health, at least according to the Gallup/Healthways Well-Being Index. Their most recent report (using data from 2014) ranked all 50 states in order of health. The top 10 healthiest states?

- Alaska
- Hawaii
- South Dakota
- Wyoming
- Montana
- Colorado
- Nebraska
- Utah
- New Mexico
- Texas

The least healthy state, according to the Index, was West Virginia. The Index looks at a variety of factors, including purpose, social relationships, financial stability, community, and physical health.

How fast do you want that package?

Americans tend to be an impatient bunch. A study by fulfillment software vendor Temando found that 80 percent of U.S. consumers want same-day shipping from retailers, and 61 percent want their purchases shipped out even faster, within three hours.

Retailers haven't responded, at least not yet. The study noted that only 53 percent offer same-day shipping even though 55 percent of buyers indicated they'd be willing to pay for it, and only 20 percent send products within three hours, although 31 percent said they'd be ready to pay for that.

Watch your words when talking to doctors

Communicating with your doctor is important, but you can overdo it. From the Prevention.com website comes this lists of things doctors don't want to hear from their patients:

- "I'm sure I have ____." Researching your symptoms online is fine, but most doctors want to diagnose illnesses themselves. Don't walk into the doctor's office insisting you know what's wrong.
- "It's probably just stress." Writing off your problems to stress might keep you from fully describing what's going on. Be ready to tell your doctor all your symptoms so he or she can get a clear idea of your illness.
- "I'm sorry for wasting your time." You may feel that your illness isn't important, but doctors would prefer that you come in before a minor ailment turns into a serious one. You don't have to apologize for taking care of your health.
- "Haven't you heard of this new drug?" Doctors are busy people who don't have time to keep up with every new medication, no matter how hard they try. Don't insist that your doctor prescribe something you saw on TV, but do print out articles that might be helpful in treating your illness.
- "You're supposed to be the expert." Again, doctors are human, and they sometimes miss things. Have realistic expectations, and talk openly about your needs so the doctor can make an informed decision.

Dragonfly breaks record for longest flight

Birds may fly great distances, but the world's leading long-distance flyer is a dragonfly an inch and a half long, according to biologists at Rutgers University-Newark. A species of dragonfly known as *Pantala flavescens* can be found in areas as far apart as eastern Canada, Texas, Japan, and India. Their work found that dragonflies in all these locations share a common gene pool, showing that they were able to travel vast distances to intermingle with local species.

The dragonflies have an increased surface area on their wings that lets wind carry them across oceans. (Some have already been observed migrating between Asia and Africa across the Indian Ocean.) Some of them may actually make the long journey without stopping, stroking the air and then gliding for extended periods to conserve their energy.

Monarch butterflies were previously thought to migrate the farthest distance of any creature—2,500 miles—but if the Rutgers biologists are correct, the dragonflies have set a new record.

Microwaves make rubies sparkle

Want to make your jewelry sparkle? Try putting it in the microwave. Actually, that may not be your best or safest bet, but scientists have discovered that a microwave treatment can improve the clarity and color of rubies, which aside from jewelry are used in high-power switches and sensors.

As reported on the Science Daily website, a research team at India's Institute of Minerals and Materials Technology (IMMT) put a series of natural, hexagonal rubies in a standard 3MW microwave furnace and heated them at 1,500 degrees Celsius. The microwaves changed the gemstones' color and structure, turning them from reddish black to bright pink and smoothing out defects and impurities by altering their atomic layout and crystal structure.

The process is promising because it's quicker than regular heating and ensures uniformity, and is also more energy efficient.

The Internet spreads across the globe

Access to the Internet has expanded around the world, according to the Pew Research Center. A global survey found that 54 percent of people in the developing world consider themselves “Internet users” in 2015, up from 45 percent just two years earlier. Those users include 37 percent of survey respondents who said they own a smartphone, an increase from 21 percent in 2013.

Still, growth is slow in some parts of the world. In Africa, the countries Burkina Faso, Uganda, and Ethiopia have Internet use rates below 20 percent. The rate is 42 percent in South Africa and 39 percent of Nigeria, two of Africa’s largest economies.

Meanwhile, advanced economies have much higher rates—94 percent in South Korea, 93 percent in Australia, 90 percent in Canada, 89 percent in the United States, and 89 percent in the United Kingdom.

Figuring the tip: How much to leave?

How much to tip a server depends to some extent on where you are. The national average is 18.9 percent, according to the Zagat website, but the amount fluctuates around the country:

• Boston	20 percent
• Philadelphia	19.9 percent
• Chicago	19.6 percent
• Minneapolis	18.2 percent
• Nashville	18.2 percent
• Orlando	18.1 percent
• San Antonio	17.1 percent

Did you know that June is also...

Adopt a Cat Month. Thousands of cute cuddly kittens and mellow older cats are waiting in shelters across the country for someone to take them home. Members of the shelter staff are ready to help you adopt your very first cat or bring home a friend for another beloved cat.

Alzheimer's and Brain Awareness Month. Around the world 47 million people are living with some form of dementia, and that number is expected to climb to 76 million by 2030. Learn how to maintain your brain's health, and help raise awareness and support of research aimed at treating brain illnesses.

National Zoo and Aquarium Month. Explore your local zoo and aquarium as well as the websites of America's great zoos and aquariums. Many of them have excellent educational resources—photographs, videos, facts, lesson plans, and activities for the whole family.

PTSD Awareness Month. Post Traumatic Stress Disorder can affect anyone, and its effects are felt throughout every community. The purpose of PTSD Awareness Month is to encourage everyone to raise public awareness of effective treatments and to help all those affected by PTSD.

Sun Safety Week, June 5-11. Sponsored by The Sun Safety Alliance, which believes that a focus on skin cancer prevention, education, and awareness will improve public knowledge of the importance of sun safety.

Men's Health Week, June 13-19. Celebrated each year during the week leading up to Father's Day to heighten awareness of preventable health problems and encourage early detection and treatment of disease among men and boys.

Superman Week, June 9-12. An event held in Metropolis, Ill., to celebrate the adventures of the Man of Steel in comics, film, and TV.

Animals Rights Awareness Week, June 19-25. An annual event to raise awareness for the care and concern for animals of all varieties and to educate the general public about the humane treatment that all animals deserve whether they're someone's pet, wildlife residents, residents of a zoo, or raised as food sources.

National Running Day, June 3. Put on your running shoes and some sunscreen and go out for a run!

Father's Day, June 19. Remember your dad—and fathers everywhere—on this special day.

Monthly Mania: It Pays (Up to \$100) To Patronize the Advertisers in Your Newsletter

14,492 manufactured home residents have won over \$130,374 since our contest began. It's simple to play ... when you patronize a current advertiser, ask for a Monthly Mania ticket (or a reasonable facsimile) and fill it out completely. Put the ticket in our Monthly Mania drop box in your community or mail your paid receipt to us at **Monthly Media • PO Box 1023 • Venice, FL 34284**. That's all you do. At the end of the month the Publishers will pick up the tickets and hold a drawing. If your ticket is drawn, we mail you a check.

(Allow 4-6 weeks for mailing of check). This month's cash winners are:
