## Flea Market – Friday, March 2

Gerry Near

---

Wed., Feb 28: 9am- Set Up for Flea Market starts. If you don't know which table you are on check the sign-up sheet. In front of your name you will see a number. Every table has a number and the names of the two people working there. Your job is to set up that table. Pens and labels are provided.

Thurs., March 2: 9am to noon - Finish Set Up.

If you have anything to donate to the Flea Market please bring it to the Hall Wed. or Thurs. from 9am to noon.

Fri., Mar. 2: Bake Sale donations should be brought to the Hall between 7:00- 8:45am. Our Parking guys will be glad to take them from your car and bring them into the Hall.

Flea Market Sellers, please be at the Hall by 8:45am. It would be appreciated if you would leave your car at home as we need every parking space for our customers. To avoid the mob at the front doors, the back doors will be open. Please do not start packing up until 1pm as all our ads say we are open from 9am to 1pm.

This is our Social Club's biggest fundraiser of the year. It also needs the most helpers. It takes almost 100 of us to make it work. If you have signed up, THANKS, If you haven't, there is still time.

There will be lots of bargains. Pick up some goodies at the Bake Sale, come over and have your lunch, and try your luck at our 50\25\25 draw. There are 2 prizes. I hope to see you all at the Flea Market!

## Pancake Breakfast – March 17

Bob Osgood

---

It is PANCAKE BREAKFAST time again at Lake Seminole Resort! March 17 is the day when the men of the Golf League with help from other residents of the Park become cooks, servers, ticket sellers and bottle washers. The end result is one of the tastiest breakfasts one may ever have the opportunity to eat. So mark your calendar and greet our many sales people with a smile and a \$5.00 bill and join us for breakfast.

**A Complete Listing of Resident Services  
can be found on the page before your calendar**

## Kathleen Balsamo Bereavement Note

---

**A**s many of you know, I lost my lovely wife, Kathleen, to COPD and Alzheimer’s Disease on January 27, 2018. I’m taking this opportunity to express my deep gratitude to my family and friends for their much-needed support during this very difficult time. Without them I would have been entirely lost.

Thank you also to all the residents of this wonderful community, who over the years have shown so much kindness and deep concern as we watched Kathy’s health deteriorate. Thank you to those of you who helped Kathy find her way home, to those who stopped by with their dogs for Kathy to pet.

I was humbled at the outpouring of love and support at the gathering held at the Community Center on January 31st. Thank you for the flowers, cards, and words of encouragement and condolence. God bless you all.

Salvatore (“Sully”) Balsamo

## Parks to Visit

*Diane Archie*

---

**T**here are three nice parks to visit within six miles of Lake Seminole Resort.

Walsingham Park has six miles of trails, biking or walking. There is also a picnic area and a dog park. The address is 12615 - 102nd Ave, Seminole.

The Botanical Gardens has over 25 gardens and is a very beautiful park. It’s a nice way to spend an afternoon where you can take your lunch, walk around and take photos. The address is 12520 Ulmerton Road, but it also accessible from Walsingham Road.

McClough Nature Park has rescue birds, owls, hawks and eagles and you can see them up close. Other animals are turtles, tortoises and snakes. It has a boardwalk to the inner coastal way and is about six miles from our park. The address there is 11901 - 146th St N.

I hope you will enjoy these park as much as we did. I will put three new parks in next month.

## TIPS BEFORE YOU LEAVE

---

- Fill out Departure Notice and leave keys to home at the park office.
- Fill out Emergency Contact Notice and leave at park office.
- Call the Sherriff's office 727 582-6200 for regular property checks.
- Have trusted neighbor check home and leave them a key.
- Notify post office to have mail forwarded.
- Put telephone, internet and TV services on hold.
- Stop newspaper delivery.
- Call Duke Energy and request service changed to seasonal.
- Unplug all electrical equipment.
- Leave A/C on cool at 84 deg. change A/C filter and batteries in thermostat.
- Cover all drains to deter insects.
- Set out roach and ant bait stations.
- Set out Damp-Away in rooms and closets to reduce humidity.
- Clean out fridge. If fridge will be turned off, prop open doors.
- Check cupboards and throw out any open foods.
- Washing machine unplug, turn off taps and prop open door.
- Leave dishwasher propped open.
- Plastic wrap toilets.
- Put away all outdoor planters, and furniture and anything that could become a projectile in high winds.
- Turn off power to hot water tank and turn off water.
- Are you leaving some lights on timers?
- Lock all windows, shutters and outside doors.

**ENJOY YOUR TIME AWAY KNOWING YOUR HOME IS SECURE.**

"...I am so happy with my new windows...I'd like to commend your work crew. Earbie and Larry were fantastic! I couldn't believe the clean-up EVERYDAY! The whole job took just a week even with all the rain delays. I would and WILL highly recommend your company to my friends and neighbors. Of course I won't need to say a word - the house is doing all the talking! Thank you so much for my beautiful new house."

Carol Zapiecki, Clearwater, FL

"Just a short note to express my appreciation for the work done on my mobile home. The crews that worked here...were gentlemen at all times, efficient, knowledgeable and prompt. You can be sure if I run into anybody who needs your type of work, I will surely recommend your company. It has been a very satisfying experience!"

George Lordstrom, Saint Petersburg, FL

## Coffee may cut risk of death, studies say

---

**S**tarting the day with a cup of coffee helps many of us wake up. New evidence suggests it may help us live a longer life, too.

In one study written up in the journal *Annals of Internal Medicine*, researchers at the University of Southern California's Keck School of Medicine surveyed more than 185,000 Americans for 16 years. Their results: People who drank one cup of java a day were 12 percent less likely to die than those who didn't, and people who drank two to three cups were less likely to die by 18 percent—regardless of whether the coffee was caffeinated or not.

In another study reported in the same journal, researchers analyzed data from more than half a million people across Europe, and found that higher levels of coffee drinking were associated with a decrease in the risk of death from many causes, including circulatory and digestive tract diseases.

So enjoy your cup of coffee. It may add years to your life.

## Keep your muscles strong at any age

---

**A**s we grow older, we often lose muscle mass. Muscle mass decline typically starts in the 40s but increases after age 50. One study of about 200 men and women ages 64-93 found that it affected 22.6 percent of the women and 26.8 percent of the men.

Take these steps to keep your muscles intact:

- **Strength training.** Lifting weights has been shown to increase muscle mass and may even reverse the most debilitating effects of muscle loss.
- **Aerobic exercise.** Healthy muscle tissue needs capillaries to infuse it with blood. Regular exercise, like a brisk half-hour walk every day, can provide this.
- **Protein.** Inadequate protein in the diet, or difficulties digesting and absorbing protein, may be a factor in susceptibility to lost muscle mass. Older adults may need to increase their consumption of protein to maintain their lean body mass.

*Facts are stubborn, but statistics are more pliable.*

—Mark Twain

## Families growing in size as remarriage rises

---

Family relationships can be complicated these days. The Bloomberg website reports that almost a third of U.S. households headed by adults under 55 have at least one stepchild, and among couples over 55 with adult children, 33 percent have at least one stepchild. Counting stepchildren boosts the size of a family by 55 percent among Americans with grown children.

Divorce and remarriage are driving the growth. The divorce rate for older Americans has almost doubled in the last 20 years, with almost 30 percent of people over 50 having been married more than once.

*Life it is not just a series of calculations and a sum total of statistics, it's about experience, it's about participation, it is something more complex and more interesting than what is obvious.*

—Daniel Libeskind

## Beat sleeplessness through awareness of the risks

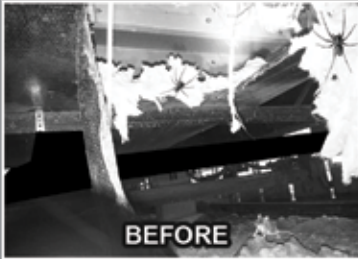

---

Insomnia is becoming a problem in our society, and it's attributable to complex interactions among dozens of factors. One in three American adults don't get enough sleep every night, and that number may rise if we don't work collectively to try and improve our sleep patterns. As health care writer Anna Johansson points out, the effects of sleep deprivation are dangerous, both in the short and long term:

- Lack of focus and memory. As both a short-term and long-term effect, losing sleep can interfere with your ability to create new memories, and may make it more difficult to focus during the day. This makes it difficult to perform in most professional roles.
- Declining cognitive abilities. Sleep loss also hinders your cognitive capacity, making it more difficult to think critically or solve problems. This gets more intense with more sleeplessness over time.
- Obesity and diabetes. There's evidence to show that chronic sleeplessness can lead to obesity, as well as diabetes, which in turn can lead to even more serious health complications.
- Heart disease and mortality. Chronic lack of sleep may even increase the likelihood and severity of heart disease, and decrease your lifespan.

## Living in a healthy state

---

Does the state where you live affect your health? Some U.S. states appear to be dramatically healthier than others, based on rates of infectious disease, obesity, smoking, infant mortality, air pollution, and other factors. United Health Foundation looked at the figures and identified the healthiest—and unhealthiest—states in the country:

### Healthiest

- Massachusetts
- Hawaii
- Vermont
- Utah
- Connecticut

### Unhealthiest

- Mississippi
- Louisiana
- Arkansas
- Alabama
- West Virginia

*He who cures a disease may be the skillfullest, but he that prevents it is the safest physician.*

—Thomas Fuller

## Protect your eyes when dealing with car batteries

---

Many people don't know that vehicle batteries contain acid and produce hydrogen and oxygen gases, making them lethal if improperly handled. It's particularly important to understand the dangers when jump-starting a dead battery. A spark or lighted cigarette can ignite the gases and turn the battery into a bomb of flying fragments and acid.

The first line of protection is to wear safety goggles when dealing with car batteries. If battery acid does splash into your eyes, though, don't panic. Flush your eyes with any "drinkable" liquid close at hand. It can be water, milk, juice, or even soda. Remember that every second counts. The longer acid sits in the eyes, the more damage it can do.
