Mission Statement

Lake Seminole Resort is a vibrant resident owned 55+ community with opportunities for all to live in an engaged lifestyle.

Vision

We envision a community of neighbors working together in private, voluntary associations to build a vibrant, premier community neighborhood through the management of common areas, enforcement of rules and regulations, support of social initiatives that strengthen bonds among residents, and investment in capital improvements that benefit the greater good.

Director's Corner

Judy Bielicki

Thanks: Many, many thanks to Cathy & Alan Durdle, Dawn & Roger Brunet and Kelly and Peter Anctil for volunteering to deliver the Rules & Regulations Parking Amendment! Each and every resident received a copy to put with their legal documents.

AGM (Annual Shareholder Meeting) Watch for the envelope of information related to Lasereno's Annual General Meeting coming up on March 19. Among the documents will be a voting ballot for the budget and other important corporate business as well as your Lasereno decal for the inside front window of your car.

LSR Car Decals: Your decal will help to identify cars of residents and renters who belong the park. It is reflective and easily visible at night. If a Car does not have one...that car may not belong here, especially if they don't have a guest parking pass on their dashboard. The decal should be placed on the lower left side of the driver's windshield. This placement will avoid being shaded by tinted windows and be readily recognizable.

More Director's Corner

Betty Luciano

Thank you to everyone who came out on a sunny Sunday afternoon, on foot and by boat, to help clean dredging debris from our seawall. Community pride and willingness to work hard make this a five star park. My other current projects include bring pet vaccination records up to date. I am calling pet owners to remind of the need for an update.

TOGA, TOGA, TOGA!

Kim, Marilyn, and Mandy

WOW! What an evening of eating, drinking, dancing, and even belly dancing lessons!! Thanks so much to everyone that attended the event and for all of your creative toga costumes! Thank you to the men's golf league who set the room up for us. Steve Touchette for capturing the fun in amazing photos, the Zammit's for making the Monday morning coffee slideshow and Janet Hayes for helping us so much during and after the party. Again, thanks to all of you who attended and made the night so much fun!

PANCAKE BREAKFAST

Bob Osgood

Notice: March 14, 2020 is PANCAKE BEAKFAST time once more. The Men's Golf League had its first Pancake Breakfast in January 1969. March will be our 104th breakfast. We have turned over to the Social Club several thousands of dollars in the past years. Let's ad another thousand or more again this time. Please greet our ticket sellers with a smile and a \$5 bill and feed your family an endless supply of pancakes along with eggs, sausage with coffee and juice

Get Ready for the 3rd Annual St Patrick's Day Parade!!

Sandy Hagen, Kathy McQuiston-O'Dell & Harry O'Dell

It's time again to get ready for the St. Patrick's Day Parade. Anyone who wants to join is welcome! Decorate your golf carts, your bikes, your girlfriend, your spouse, your pet – whatever you wish. There will be prizes for the best decorations!!

There will be a sign-up sheet in the hall, please sign up to be in the parade. Everyone will get a number to put on their cart/bike/etc. to make it easier for the judges.

If you're not participating, come outside and set up to watch the parade. It's all for fun here at LSR! We will be going up and down each street.

If you have any questions, contact Kathy McQuiston O'Dell 317-7 27-6734 or Sandy Hagen 585-857-1085

Big Thank You

The electric piano is working! Jim Reed and Connie and Mario Zammitt put their heads and skills together and fixed it. Please if you play, use it.

Justine and Don Lubkeman generously donated the new blue table curtains for board meetings.

A crew led by Jeff Davis fixed straps on our pool furniture.

Thank you to all our residents that pit in to make our park the beautiful place it is.

Congratulations Marty Williams

On Feb 12 Marty got a hole in one on Hole # 15 at The Landings in Clearwater while playing with the Wednesday morning group.

Listing Your Home for Sale

Board of Directors

Lasereno Inc. has requirements that must be completed and approved before the sale of your home can be completed as per Rules and Regulations (section 12) and the Bylaws, dated April 2018, article 15. Requirements for you to undertake to ensure timely closure on any sale include:

- Notify the Park office as soon as your home is listed either privately or with a realtor.
- Direct the potential buyer and his/her real estate agent to contact the Park office immediately.
- Potential buyer must complete a background check, obtain and complete the buyer's package and be interviewed by two board members. The buyer must be approved by the board of directors.

Upon approval of all requirements the closing can commence and the share in Lake Seminole Resort can be issued.

Failure to follow these required steps can delay the selling process and the subsequent issue of the share to the buyer. In addition, please note that when adding or removing a name on your share, Lasereno Inc. must also be notified to ensure the required process is completed. Thank you for your cooperation.

Recycling and Trash

Please do not put electronics or chemicals in our dumpsters. If you have these items and need to dispose of them, take them to the Pinellas County Recycling Center. The center is located at 2855 109th Ave. N, St. Petersburg and is open Mon-Sat, 7 a.m. - 5 p.m. (Drive East on 102nd/Bryan Dairy for 7.6 miles and turn right at 28th Street.) Items accepted at this facility: Cellphones, smartphones and tablets; Computers and laptops; Monitors; Rechargeable batteries; Televisions; Automotive fluids and motor oil; Any type of battery; Alkaline Cleaners; Cooking oil; Fluorescent bulbs and other mercury-containing devices; Fuels; Fungicides, herbicides, insecticides, fertilizers and pesticides; Paint, paint remover, paint thinner and solvents; Pool and spa chemicals; Smoke detectors; and Wood preservatives. If you have any questions, call (727)464-7500.

Pool rules

Residents need to remember to ask their guests to wear a visitor bracelet at the pool if you are not accompanying them. Also, we do not allow smoking or extension cords around the pool.

Dog Duty

Please, please remember to pick up after your dogs and give the office a copy of the license and vaccination records.

Meet the New Neighbor

Hello everyone! We are Karen and Eric Hilbert from Orchard Park, NY. Together, we have a blended family that consists of five adult children and two grandsons. Our interests are Nascar, gardening and antique collecting. We are owners of 11245 102nd St and stay here from November to April. Our phone #is: 716-462-9842

Our Website!

To comply with new state regulations, and to move into the 21st Century, we have a new website that will help us keep in touch whether you are in Florida or anywhere in the world. There is a computer in the card room for anyone who wants to access the LSR website and does not have the ability at home. We would like to have your lot number, so please look at your property tax bill or ask Marlaine to look it up before you register.

1. To get registered, please go to www.LakeSeminoleResort.org. In the upper right-hand corner, click on “Register”. Please enter your information as best as you can. (You do not need to add city, state and zip for your LSR address.)
2. I will get an email asking to approve your registration.
3. You will get an email back when that has been approved. (Check your SPAM folder.) Click on the link within the approval email and you can change your password. Your default user name is the email address you used.

If at any time you’d like to change anything, click on “Your Profile.” You can add a photo of yourself, couple or family; change your profile information; update your phone number; change your user name or password, etc. You can also have a separate profile, within the same account, for your spouse but it’s not necessary.

On this website, you will find important documents for residents, events and photos; as well as contacting the board and filling out requests. Please note that anyone not logging in (those who do not reside here) cannot access the resident directory or documents. There is a computer you can use in the meeting room, off the card room. Please remember to log out before closing the window. Do not turn off this computer, simply turn off the monitor.

The business of forgiveness

A marketer and a retail merchant, who attended the same church, struck a business deal together. The marketer heard that the merchant wanted to expand his operation, so the marketer offered the merchant a line of credit on goods to be sold in the store.

Soon after the merchant had used the line of credit, he fell on hard times. Business was bad, and he was unable to pay off his debts. The marketer was troubled. Not only had his first deal with the merchant gone sour, but now it seemed that he might never recover the thousands of dollars owed to him.

In his heart, the marketer knew that the merchant was an honest man who just did not have the resources to settle the debt. The marketer didn't want to contribute to the ruin of the merchant, so he followed his heart and forgave the debt. Soon afterward, the merchant went bankrupt and closed his store.

Years passed. One day, the daughter of the bankrupt merchant visited the marketer. She offered him a small diamond-studded bracelet—a family heirloom—as partial payment for her father's debt.

The marketer explained to the woman that the debt had been long forgiven. But the woman insisted that he accept the offering—if not as payment, then as a token of appreciation. The marketer humbly accepted.

Several days later, he took the bracelet to a jeweler to be appraised and was astonished to learn that its value equaled the amount of the merchant's debt. The marketer returned to his office and entered "Paid in Full" into his ledger—next to the merchant's name.

Own your words. Your words are the maps of your intentions.
—Chris Brogan

New Earth-like world detected light-years away

The hunt for Earth-like worlds outside our solar system has reached another milestone. The Science Daily website reports that NASA's Transiting Exoplanet Survey Satellite (TESS) has discovered an Earth-size planet in a star's habitable zone, the orbital area where conditions could be right for life.

Although many extrasolar worlds have been found, few the size of Earth have been seen in the “Goldilocks zone”—an orbit that’s neither too close to a sun nor too far away, but “just right.” The planet, TOI 700 d, is 100 light-years away in the southern constellation of Dorado. It orbits its sun every 37 days and receives 86% of the energy that our sun provides to Earth. It and other planets in the system appear to be tidally locked, meaning as they circle in their orbits, one side is constantly bathed in daylight.

It’s the first time TESS has discovered an Earthlike planet. Other such planets have been detected by NASA’s Kepler Space Telescope.

Fun fact: The star was initially classified incorrectly in the TESS database as being similar to our sun, which made its planets appear bigger and hotter than they actually are. One of the researchers who identified the error was a high-school student.

Genetic tweak makes earthworms live longer

We can’t make people immortal—yet—but scientists have discovered some genetic tweaks that can extend the lives of earthworms by 500%, according to the Science Alert website.

The earthworms in the study live only two or three weeks, making them good candidates for experiments involving genetic and metabolic processes that they share with humans. Scientists have already discovered that changing the worms’ insulin signaling pathway can increase their lifespan 100%. Similarly, alterations to a pathway called TOR (target of rapamycin) results in a 30% extension.

A new study has found that genetically shifting both pathways appears to cause an effect four to five times higher than the single genetic procedure—a synergistic approach that pulls a combination of networks together for the long term.

It’s unclear whether the research will ever result in expanded human lifespans, as humans live longer than a few weeks, making experimentation more difficult (and ethically problematic). For now, scientists will have to rely on shorter-lived species like worms, fruit flies, and mice—although in the last year scientists were able to extend the life of mice and reduce their chances of cancer by working with their telomeres.

"...I am so happy with my new windows...I'd like to commend your work crew. Earbie and Larry were fantastic! I couldn't believe the clean-up EVERYDAY! The whole job took just a week even with all the rain delays. I would and WILL highly recommend your company to my friends and neighbors. Of course I won't need to say a word – the house is doing all the talking! Thank you so much for my beautiful new house."

Obesity affects teen brains

Obesity is a problem at any age, but a new study suggests it has specific risks for teenagers. As the U.S. News & World Report website explains, advanced MRI techniques show that obese teens tend to have less integrity in the white matter of their brains (white matter contains fibers that connect different parts of the brain). The lower white matter integrity was observed in the region of the brain associated with emotional control and reward seeking.

The study looked at 120 teenagers, and its findings are considered preliminary. Researchers speculate that excess body fat damages the brain through inflammation. The study found a correlation between higher levels of inflammatory substances in the blood and lower white matter integrity. Excess body fat can contribute to inflammation.

The teens whose brains were affected tended to have higher levels of leptin, which is involved in appetite control, in their blood, as well as insulin, which regulates the body's blood sugar.

Doctors point out that obesity has many causes and shouldn't be dismissed as a simple lack of willpower about eating. It's unclear at this point whether obesity is responsible for the change in white matter integrity, or vice versa—or a combination of both.

Exercise lowers depression risk

If you or someone you know suffers from depression, this news could help. An article on the MedicineNet website reports that 35 minutes of exercise a day could help lower the risk of depression, even among people with a genetic predisposition for it.

Researchers at Massachusetts General Hospital in Boston analyzed two years' worth of medical records and genetic information from close to 8,000 people. They calculated a genetic risk score for each person that predicted the likelihood of depressive episodes. The data showed that people with a higher genetic risk were likely to be diagnosed with depression within two years, but physically active people with the same score—or even a higher one—were less likely to suffer from depression. For every four hours of exercise a week, the risk of depressive episodes decreased by 17%. Both intense, aerobic workouts and low-intensity practices like stretching and yoga showed the same effect.

Getting active may be the key to mental as well as physical well-being.

Monthly Mania: It Pays (Up to \$100) To Patronize the Advertisers in Your Newsletter

THOUSANDS manufactured home residents have won over **\$152,600** since our contest began. It's simple to play ... when you patronize a current advertiser, ask for a Monthly Mania ticket (or a reasonable facsimile) and fill it out completely. Put the ticket in our Monthly Mania drop box in your community or **mail your paid receipt** to us at **Monthly Media • 220 Bahama St. • Venice, FL 34285**. That's all you do. At the end of the month the Publishers will pick up the tickets and hold a drawing. If your ticket is drawn, we mail you a check.

(Allow 4-6 weeks for mailing of check). **This month's cash winners are:**
