## Listing Your Home for Sale

*Board of Directors*

**L**asereno Inc. has requirements that must be completed and approved before the sale of your home can be completed as per Rules and Regulations (section 12) and the Bylaws, dated April 2018, article 15. Requirements for you to undertake to ensure timely closure on any sale include:

- Notify the Park office as soon as your home is listed either privately or with a realtor.
- Direct the potential buyer and his/her real estate agent to contact the Park office immediately.
- Potential buyer must complete a background check, obtain and complete the buyer's package and be interviewed by two board members. The buyer must be approved by the board of directors.
- Upon approval of all requirements the closing can commence and the share in Lake Seminole Resort can be issued.

Failure to follow these required steps can delay the selling process and the subsequent issue of the share to the buyer. In addition, please note that when adding or removing a name on your share, Lasereno Inc. must also be notified to ensure the required process is completed. Thank you for your cooperation.

## Advice from a Neighbor

*The Blue House Bill Smith*

---

Have you looked Under Your House? Advice from an owner. This summer I had a barrier company look under my house. The original particle board was covered in mold and mildew and was falling down in many places. They found several places with rodent damage. All that bad air would be pulled into the A/C unit or make its way up through the floor. Under my mother-in-law's house they found corroded copper & old galvanized steel water pipes one of which actually split and sprayed water all under the house. One of our booklet vendors, Florida Barrier Co., retro fit under the house with R-19 and sealed around all the pipes. They re-leveled the house and tightened the anchors and finished off with 6mil vapor barrier. Cost to cool the house went down. I highly recommend you have your unit inspected when you return, or have your rental unit inspected. The Blue House Bill Smith

## Home and Yard Cleaning

*Paul Capotosto*

---

Lake Seminole Resort is a beautiful mobile home park where we live. There are several concerns that we as home owners need to take care of: weed control, rain gutter cleanup, black mold or mildew growth on the bricks and or on the sides of the mobile units and general yard cleanup.

Rain Gutter Cleanup Spotlight: There are several units where we are seeing plants growing in the rain gutters. Did you know that a rain gutter full of water can produce thousands of mosquitoes per foot of gutter? You need to have your rain gutters cleaned out of leaves and other debris ASAP. Mosquitoes lay their eggs in this water and larvae grow and become flying adults all year here in FL.

Of course, remember that if you hire someone to do this work, please hire license contractors with insurance.

I will be bringing a new calico cat called Cally.

Health insurance decisions can be confusing due to endless coverage changes and many policy types. Fortunately, there is someone who can work diligently to help and without cost to you – Michael Crotts, owner of Best Plan Choice.

Through his own healthcare experience Mr. Crotts learned the value of good health coverage and quality medical care. He dedicates his agency to helping people with Medicare and Medicaid needs. You can visit the office to learn about Medicare plan options or he will come to your home.

Every year your Medicare health plan coverage changes even if you do not change plans. Also, new products are introduced and many offer benefits beyond original Medicare and/or Medicaid plans. Baby Boomers had completely different insurance products during their working years. The indemnity and major medical policies are no longer the only choice and often do not meet the financial needs of consumers today.

Don't waste time trying to figure it out. Michael will sit with you and review all of the documents, and answer all of your questions. Most importantly, he will conduct a needs analysis to determine your individual needs – if you expect a hospitalization, use certain medicines, or want benefit like dental or vision – everything is taken into consideration.

Best Plan Choice is there to help you make the right choice and is available long after the policy is written. This means helping with doctor changes, plan questions, annual review of your benefits, and of course taking great care of any friend or family member you refer. At Best Plan Choice clients become friends, and friends become clients.

## Our Website!

---

To comply with new state regulations, and to move into the 21st Century, we have a new website that will help us keep in touch whether you are in Florida or anywhere in the world. There is a computer in the card room for anyone who wants to access the LSR website and does not have the ability at home. We would like to have your lot number, so please look at your property tax bill or ask Marlane to look it up before you register.

1. To get registered, please go to [www.LakeSeminoleResort.org](http://www.LakeSeminoleResort.org). In the upper right-hand corner, click on “Register”. Please enter your information as best as you can. (You do not need to add city, state and zip for your LSR address.)
2. I will get an email asking to approve your registration.
3. You will get an email back when that has been approved. (Check your SPAM folder.) Click on the link within the approval email and you can change your password. Your default user name is the email address you used.

If at any time you’d like to change anything, click on “Your Profile.” You can add a photo of yourself, couple or family; change your profile information; update your phone number; change your user name or password, etc. You can also have a separate profile, within the same account, for your spouse but it’s not necessary.

On this website, you will find important documents for residents, events and photos; as well as contacting the board and filling out requests. Please note that anyone not logging in (those who do not reside here) cannot access the resident directory or documents. There is a computer you can use in the meeting room, off the card room. Please remember to log out before closing the window. Do not turn off this computer, simply turn off the monitor.

## The speeder

---

**L**ate one night a man was speeding down the empty road. A cop pulled him over. “Are you aware of how fast you were going, sir?”

The man replied, “Yes, I am. I’m trying to escape a robbery I was involved in.”

“Were you the one being robbed, sir?”

“Oh, no, I was the one who committed the robbery. I was escaping.”

The cop was shocked. “So you’re telling me you were speeding and you committed a robbery?”

“Oh, yes,” replied the man calmly. “I have all the loot in the trunk.”

The cop grew angry. “Sir, I’m afraid you have to come with me.”

“Don’t search my car!” the man cried. “I’m afraid that you’ll find the gun in my glove compartment!”

“Wait here.” The cop returned to his car and called for backup. Within minutes there were cars, cops, and helicopters all over. The man was dragged from his car, handcuffed, and put in the back of a police car.

A few minutes later another cop brought him out. “Sir, this officer tells us that you had committed a robbery, had the stolen loot in the trunk of your car, and had a gun in your glove compartment. However, we didn’t find any of these things in your car.”

The man shrugged. “Yeah, and I bet that liar said I was speeding, too.”

## Five surgeons

---

**F**ive surgeons were talking about the best patients. The first surgeon said, “Accountants are the best to operate on, because when you open them up, everything on the inside is numbered.”

The second surgeon said, “Nah—librarians are the best. Everything inside them is in alphabetical order.”

The third surgeon responded, “Try electricians, man! Everything inside them is color coded!”

The fourth surgeon said, “I prefer lawyers. They’re heartless, spineless, and gutless.”

To which the fifth surgeon said, “I like engineers. They always understand when you have a few parts left over at the end.”

*Laughter and tears are both responses to frustration and exhaustion. I myself prefer to laugh, since there is less cleaning up to do afterward.*

## Reading makes people better, study suggests

---

**D**o you read a lot? If so, chances are you're more kind and empathetic than most people, according to a study reported on the Peace Quarters website.

Researchers in Great Britain asked 123 people about their reading or television watching habits. Then they analyzed participants' social skills, asking questions like, "How often do you consider other people's points of view versus your own?" and "Do you go out of your way to actively help others?"

The results showed that the book readers, usually considered introverted and antisocial, displayed more empathetic traits than people who primarily watch TV. The genre of books seemed to make a difference, with readers of romance and drama showing more empathy and skill at seeing things through another person's eyes.

Of course, it could be that empathetic people tend to read more, instead of reading creating more empathy. Either way, it's good news for bookworms.

## Have a safe Thanksgiving

---

**W**hen you fire up the oven to roast your Thanksgiving turkey, you're probably not thinking about tragedy. But home fires are the most common disaster in the United States, and cooking is the leading cause of those fires. Thanksgiving Day is the unfortunate host to about 4,000 fires each year. Here are some safety tips to keep your Thanksgiving fire-free:

- Stay in the kitchen and keep watch while you are cooking.
- Use a timer if you have something in the oven or are boiling or simmering something on the stove.
- Don't wear loose sleeves or loose clothing when cooking.
- Keep anything that can catch on fire—pot holders, oven mitts, towels, etc.—away from your stovetop or oven.
- Turkey fryers are extremely dangerous, and most safety organizations do not recommend their use.
- Make sure you have a smoke alarm installed with working batteries. Push the button to check that it's working every month, and install new batteries at least once a year.
- After your guests leave, do a home safety check to make sure that all candles are extinguished and all of your cooking appliances are turned off.
