FROM THE EDITOR

By Ann Curry (Lot 1015....acuria10@gmail.com....727-420-6518)

Last month was the start of the pandemic in earnest. Hopefully things will be getting back to normal in the near future. As we all know, we are in uncharted territory. Sorry for the missed deliveries last month. We miscounted the needed copies for April. Monthly Media had asked me for an updated count and we underestimated how many would still be here in April.

This month, we have tried to put interesting and fun stuff into your Voice. If we miss the mark, well, even the Tampa Bay Times is struggling...I could tell you about how to keep sanitizing your packages and wearing masks. I could tell you about how to make your own mask. All old news by now. But I will tell you about the people doing things to help each other. I know at least 4 people that are making masks for us and medical people in the county. I know people that donate their time at home to help keep things running. I know we are running around trying to keep a decent stock of food or paper products. We try to order take out as often as possible to help out our restaurants. My skin has absorbed so much soap and hand sanitizer that when I use the bathroom, I'm cleaning the toilet bowl!!!!

Quarantine has turned us into dogs. We roam the house all day long looking for food. We are told no if we get too close to strangers. And we get really excited about car rides and walks!

Really, I hope this all ends soon. I think our leaders are trying to get things open and people back to work. Yes, this is a dangerous virus, and we are doing our part, but we can't live like this forever. I just heard on the radio that the new **projected** number of **hospitalizations as of April 13 is 62,000 nationwide. This is according to the Covid19 project. Last year there were 490,000 hospitalized by the seasonal flu and the year before it was 810,000!!!!** That is the number reported by the CDC. HUH!! REALLY??? I looked this up on the CDC website myself. The

Continued on page 6

reason for the shutdown was to not overwhelm hospitals. We obviously handled the flu quite well and it wasn't even reported in 2018 and 2019. Let's keep our eyes and ears open people. We didn't get to be seniors by being docile sheep.

• *This information is the viewpoint of the Editor. If you'd like to write an opinion, or article, call me at 727-420-6518 or send it to acuria10@gmail.com, usually before the 12th of the month for publication.*

FROM THE DESK of the PRESIDENT

By: Harold Wurtz (lot 938.....459-0394)

It appears that we may be in for a long summer season. Things have changed so drastically here in Lincolnshire. As of this writing many people are afraid of what is going on, and may continue going on. Our nation has been through many times of wars and sacrifices, many of which people of our residents ages know of only from a distance. We know from history how America has faced adversity with communities coming together to fight to keep our freedoms, and to grow as a nation of prosperity. Most of the fighting always done from a distance. Now we are in a fight that has come to our shores but we can't see it. Nobody really knows how we will come out of this, but looking back on history and this nation's resolve, and our neighbor nation's resolve, I have confidence that we will win this invisible war.

While we are currently still busy with "social distancing," searching for masks and hording toilet paper, I am sure that there is light at the end of the tunnel. It may take longer for us to recover than we would like, but we will get there. I can't say when we will be back to enjoying our monthly activities, or even if they will remain the same. I can say that we still are going ahead with plans for entertainment for future months as usual. All the events have entertainers booked through the year all the way to New Year's Eve. Whether or not they will actually happen cannot be determined as of now. I am actually hoping that as of the time this article is in your hands we are again able to say "YES WE ARE OPEN"

Right now the park is quiet. Residents ride their golf carts and bikes – staying apart just enough. Many are getting in plenty of walking, stopping along the way to talk to neighbors from a distance as well. We tried to enjoy a "virtual Easter Dinner" on the Facebook page, but had little participation. Maybe in a few years that kind of thing will work better. Meanwhile travel is down in all areas. Many residents who usually head north by this time have stayed here in Florida longer than usual to avoid the nation's "hot spots" – and why not? If you can stay and enjoy the warm Florida sun instead of the cold up north where you would still be required to stay "safe at home." (just listened to a weather report regarding snow in some of the northern states here in mid-April) The good thing at this time is that our zip code for Lincolnshire is among the lowest numbers of infected persons.

Flashback was a hit. Everyone loved the band and we were able to get them to come back next March.

The Eddie Coffey will again be at the club house on Jan 15 2021 and we are also going to have another show with Cahal Dunne on Mar 19 2021. I am sure with the two shows and our dances we will have a great time. Below is a list of the bands that will be coming. It isn't very detailed as the corona virus shut down has everything on hold. God willing, things will be back to normal sooner or later. Stay safe.

Meal Kit Services

It's quite understandable that individuals are hesitant to leave their home during this time, but unless you're self-sufficient, you'll probably still need to buy food. Now is the time to explore and experiment with different cuisines by using a meal kit delivery service. No need to leave your home to go food shopping! Here are a few popular options:

Sun Basket – Chef-curated meals with organic produce and delicious flavors. Right now, when you join, you are offered four FREE grab'n'go breakfasts and snacks. One unique feature of this service is that they offer breakfast, lunch, and snack options where many meal kit services only offer dinners. Another perk, Sun Basket offers several options to suit any dietary needs you may have (Vegetarian, Gluten-Free, Diabetes-Friendly, etc.)

Freshly – Each meal from Freshly is one serving for one person. All you have to do is heat and eat!

Many meal delivery services send ingredients and you prepare the meal yourself, but if you're looking for something more convenient, Freshly might be the right option for you.

Blue Apron - One of the original meal kit services, Blue Apron delivers fresh ingredients right to your door. If you want to test your culinary skills, with pre-measured and pre-portioned ingredients of course, Blue Apron might be the perfect pick for you.

Daily Harvest – Meals designed by chefs and nutritionists. No preservatives, no additives, no artificial ingredients. Daily Harvest offers options for smoothies, harvest bowls, soups, lattes, chia bowls, and oat bowls. For those looking to incorporate more fruits and vegetable into their diets, this may be the best pick.

If you try any of the above options (or any alternative options), we'd love to hear your thoughts! Send us a note with your review to the following address:

Greetings from the frozen North. I hope that you are enjoying your WARM Florida weather. Also, please remember that social distancing is important to stop the spread of the virus. Our next meeting will be on Sunday June 14th at 1 pm in the clubhouse. We would hope that activities will have resumed by then. If you are new to the park, do come. It is very informative.

Also, if anyone knows of new residents, please let Donna know. She is on duty now that I am up north.

"...I am so happy with my new windows...I'd like to commend your work crew. Earbie and Larry were fantastic! I couldn't believe the clean-up EVERYDAY! The whole job took just a week even with all the rain delays. I would and WILL highly recommend your company to my friends and neighbors. Of course I won't need to say a word – the house is doing all the talking! Thank you so much for my beautiful new house."

Sunshine and Sympathy

BY: Francis Byrne (lot 483.....776-7144)

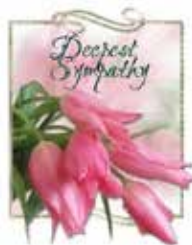

Dear Lincolnshire family. You know a lot has happened in a short period of time. Our whole world has turned upside down. I pray that this too shall pass and we can return to our normal routine. I miss our weekly coffee, and our monthly pot luck.

John Cahill of lot 872 passed on in March. He was suffering from cancer. Sympathies go to his son and extended family. Sally Schneider of 6th street has been battling breast cancer and had to go in for a 2nd time for surgery. Prayers and cards are always appreciated for her and Dick too.

Marilyn Grubb at Lot 1218 just had a heart valve replacement procedure and it was successful! She is home and working on a full recovery.

Last, we want to remember the brother of JJ Heischmidt of lot 560; Mike Jones; who passed away on March 28. Mike had a major stroke in October of last year and had been struggling all this time with complications. JJ, as most know was down here directing the play, Sing for your Life, which was canceled due to our current crisis. She was unable to be home for his funeral due to plane cancellations and had to watch the service from afar on live facetime here in Lincolnshire.

Please accept our deepest sympathy, JJ.

Test Out Your Green Thumb

Need an activity to fill your time? Gardening has always been an enjoyable spring-time activity. Even if you don't have a large outdoor area to use for gardening, don't let lack of space keep you from testing out your green thumb! Container gardening is a wonderful way to enjoy the benefits of gardening. You can grow flowers, herbs, and even certain vegetables.

First, you'll need to gather some planters. You'll want to look for a container that has a hole or holes in the bottom for drainage. Keep in mind that you don't want your holes to be too large otherwise you take the risk of your soil washing out of your container.

Second, grab a bag of soil mix - bonus points if you can find one made especially for containers! Feel free to add a fertilizer if the soil you selected doesn't already contain one.

Next, you'll select your plants. If you choose to put multiple plants in the same pot, be sure to group plants with the same sun exposure and water needs. You can check plant tags to find out how to care for your plants. Tip: If you're creating a container to add curb-appeal or a little extra pizzazz to your home, think "Thriller, Filler and Spiller". Select a tall plant to add height to your arrangement (thriller), select a medium size plant to add fullness to the container (filler), and pick a plant that will eventually trail over the edge of the container (spiller).

Check out the image below from Garden Gate Magazine for inspiration! Happy Planting!

LINCOLNSHIRE HOMEOWNERS' ASSOCIATION, INC. P.O. Box 1822, Largo, FL 33779

BY Allyn Webert, Secretary, Treasurer LHOA (Lot1438.....847-975-1043)

YOU NEED TO KNOW!

By this printing all homeowners would usually have received the yearly notice from the park owner concerning rent increase, compactor fee and the property tax pass-on charge. However our park owner has elected to defer until the future. Not everyone in the park are fully retired and many work full or part time. Some have lost that income due to layoffs, furloughs or lose of the job entirely. The Board considers this a very mindful act reducing the impact of the virus has on their tenants.

The Board will also exercise the right by Florida statute to schedule a meeting with the park owner or his representative concerning the rental increase notice and other issues deemed important to affected homeowners when the rent increase notice is received in the future.

Board meetings will resume as soon as the shelter at home is lifted and the recreation hall is open. The BOD remains in contact by phone and email. Board meetings occur monthly, usually the 2nd Tuesday of each month and posted in the "Voice" and laundry room. Member meetings will resume next December.

The Board of Directors has an opening for 2 Directors. This is an excellent way to serve your community and appreciated by the Members. Please attend a Board meeting or speak to a Director for more information.

If you are reading this and are not a Member please take the opportunity to join. Ensure your voice can be heard and also have a vote. The Association's strength is in its membership and let's always maintain that.

The listing of Directors and contact information is found in the Voice and posted on the bulletin board in the laundry room.

LHOA has been in existence for 25 years! Board meetings are generally monthly and Member meetings are monthly from December to March. Members are strongly encouraged to attend.

LINCOLNSHIRE TRAVEL CLUB

By: Harold Wurtz (#938.....727-459-0394.....email at bigchees99@aol.com)

Well things have sure changed with our travel club. Thanks to this crazy time we live in, a number of scheduled trips have been cancelled. Some organized Lincolnshire trips, and some individual trips arranged through our favorite travel agent. The trip to the winery was the first to be cancelled. The way things are right now, I bet some people think that is one that really should have happened!

May was to be a long (15 day + stayovers) cruise for a large group from Lincolnshire. Many who were scheduled wanted to cancel well in advance. We did talk most into waiting – and here is why. If you cancelled early (while the actual sailing was still not cancelled) you would get a refund through insurance (minus handling fees etc.) by waiting until the actual cruise was cancelled by Royal Caribbean, everyone could receive travel credit at 125% of the cruise price, plus credit or refunds of all other charges already paid. All that credit can be applied to a future cruise of choice.

Still in the works is the trip to Ft. Myers for the dinner theater presentation of Sound of Music, along with a side trip to the casino (we might need that by then) We will keep everyone informed regarding the status of the trip as we get closer.

The annual “cancer cruise” is also still on the schedule for January. It looks pretty good for that one to be a go. For those who waited, and still might want to go – all of the advertised cabins have been sold. There will most likely be no others available, as people all over the country who are receiving future cruise credits will be booking quickly to use their credits

More trips will be announced as soon as we are again “free to travel the world”

Helping Your Local Animal Shelter During a Pandemic

For all you animal lovers out there feeling helpless during this pandemic, you may consider thinking of your furry friends during these difficult times. Animal shelters across the nation would greatly appreciate all assistance you are willing and able to give. Here are a few ways you can help homeless pets in your community.

Consider fostering a shelter pet. Fostering entails bringing a dog or cat (or possibly another type of homeless pet) into your home until the animal can be placed with a forever family. Fostering a pet allows you to socialize the pet and give them a home environment to acclimate to. Many animals experience stress in animal shelters, and a quiet home can help them relax and feel safer. Fostering also frees up a spot at the shelter for another homeless pet.

Monetary donations are always welcome at shelters. Many shelters have suspended their in-person fundraising events. Since most shelters are non-profit centers, they thrive on donations.

Donate supplies directly to your local shelter. If you'd rather donate actual supplies, check with your local animal shelter to see what needs they currently have. Many shelters have online wish lists available for viewing. You could even shop online and have the supplies mailed directly to your shelter!

Adoption is always an option! Maybe you're ready to add a furry friend to your family permanently. Call your local shelter before visiting to ask about making an appointment to visit the shelter. In an effort to comply with social distancing recommendations, many shelters are making appointments for potential adopters to visit and find their new addition.

"Until one has loved an animal, a part of one's soul remains unawakened." –Anatole France

A Nurse's Self Care Toolbox #23

Allyn Webert, RN. (Lot 1438, allynwebert@gmail.com)

Last month we brought this series on diabetes up to current treatments including medications for diabetes. Some people do suffer from low sugar or hypoglycemia. I can discuss that in another article.

Diabetes is a bit like having a toddler living with you. You can't let the child run the house. I will admit to you all that the biggest obstacle to getting and keeping blood sugar levels where our body was designed cannot be done solely by relying on medications alone. Best analogy I can think of is trying to push a car when it is in reverse. Remember we can eat most anything if good healthy food. The real question is how much and what am I going to do when the sugar has been absorbed in the blood and circulating to every cell. All diabetic medications need us to help. The results can be phenomenal when we and our medications are working together.

Ok, let's cover the medications. The first and most basic medication helps the pancreas excrete more insulin. Remember insulin kicks the sugar found in the blood in to each and every cell, 24/7. Metformin is the most common. Our pancreas ages and just simply gets tired even without the constant stress of too much sugar. Upside to these medications is more sugar gets to where it belongs and blood sugar drops. There are two downsides, one is we are asking the pancreas who is already tired to work harder and for at least 14 days we feel lousy. Why do we feel lousy? Our blood sugar hasn't been more normal for a long time, maybe years? Our body is simply saying I don't like this even if it is better. Many people stop taking the medication and don't even tell their doctor. Sad but true. I would tell my diabetic patients who just started on oral meds to call me if they initially feel lousy.

The second most common medications not only help the pancreas make more insulin but also help the sugar get into each body cell easier. Many diabetics over several years begin to have problems just getting more sugar from the blood in to each cell. Sort of like becoming insensitive or ignoring the needed sugar. Again many people feel lousy and stop. Sad again.

There are newer medications that slow down the absorption of sugar in the small intestine (remember that is where almost all the sugar in foods we eat gets broken down and absorbed.)

When oral medications along with doing the hard work of what to eat, when to eat and movement to use the sugar seem to fail and the blood sugar remains high, the physician will then use injectable and still the only way to get real insulin. Supplemental insulin either once a day or more often work with oral medications to get the blood sugar down to prevent further damage to our now fragile arteries.

These are, according to the American Diabetic Association the absolute best "Cut Down's": Cut down on sugar; Cut down on processed meat especially salted varieties; Cut down on energy dense, processed food - such as crisps, cakes, biscuits and pastries and finally Cut down on alcohol. Chew well my friends!

VETERAN'S CORNER

By Robert Behm ,LTC retired Army (Lot 775.....401-207=9317)

I hope this finds you all in good health, for those of you who have access to MacDill AFB per order of the Pentagon you will be required to wear a mask while on base. Plus, you must use the social distancing guidelines.

The Military has just sent about 1,100 Military doctors, nurses and medical aides to New York City hospitals. Many of them will help out in overburdened hospitals where the staffs are exhausted from fighting the daily battle against the coronavirus. But the bulk of them will help out at the Javits Center which has been converted by the Army Corps of Engineers into a makeshift hospital for 2,900 non-COVID 19 patients. But before any of those patients arrived, the decision was made to convert Javits to take in coronavirus-positive patients in light of the escalating crisis. So, in essence the United States military will be running the largest hospital in the United States.

Furthermore, on Friday, Governor Cuomo of NY signed an executive order to have the National Guard go to hospitals and health centers around the state and take any unused ventilators and other needed medical supplies so they can be utilized by other hospitals in dire need. He says he cannot simply cannot allow them to sit there when they could be saving lives.

On a sad note the Defense Department has confirmed that they have been asked to provide up to 100,000 body bags and have them readied for shipment in response to a grim request to help states with burials as the numbers of deaths from the coronavirus continues to escalate. The bags are typically 94-by-38-inch body bags and are usually sent to war zones for combat casualties. The need for burial assistance is becoming more and more evident in New York where the death toll is rising higher every day. Right now, the bodies are being stored in refrigerated trucks, but the pentagon is considering utilizing the National Guards Fatality Support and Recovery Teams to assist with burials, possibly to prevent spread of the virus if requested by the States to do so.

Not sure if you received a request for callback to the Military? Unfortunately, they are looking for more recently retired veterans with any type of Medical MOS background. It's not clear how many they will be calling back but they were overwhelmed by the response. They have already received a response from about 20,000 after just a couple of days of reaching out. Now HRO will have to validate all the applications and make your that they are still valid for bringing them on and placing them in medical units.

Veterans who are concerned they may have symptoms of COVID-19 (Coronavirus), flu or cold are encouraged to contact the VISN 8 Clinical Contact Center at 1-877-741-3400 (toll Free). Clinical staff provide 24/7 virtual care and support, including nurse advice and triage.

Exercising in Lincolnshire

We have no sports right now, and so we are a determined bunch, getting outside in the park to walk, ride bike and even come out at sunset as we used to do on the beach, sometimes to watch our own bugler Ken Deka play taps. So there we are at sunset, now in front of the mail room, respectful and safe distancing.
