On the Cover

This month's cover: Our travel club representing Lincolnshire on board the Norwegian Escape. Letting the world know that we survived hurricane Irma. Love the shirts, and another new pin for "Abe's" jacket.

From the Editors

By Harold & Donna Wurtz (#938,.....459-0394.....bigchees99@aol.com)

Another summer season is coming to a close, and our northern friends have mostly returned from their summer vacation homes to once again join in the fun her at Lincolnshire. Already the traffic is increasing, and more people are showing up for activities. We are sure to have an active winter once again. Summer was active for those who do live here year round. We are looking forward to getting our vacation as others take over for a few months to keep up with continuous activities

We are hoping that we will soon have a volunteer to take over the editing of the voice. There are prospects being explored, but nothing definite yet, so if you think you would like to exercise your creativity, feel free to let us know.

Meanwhile this past month we are happy to announce that our favorite bugler, Ken Deka, was honored for his volunteering at the beach each night to play taps for those who have served and did not return. He has honored those and all other veterans, and now he has also been honored. He was presented with a patriotic quilt made by the quilting society especially for him. See the photo of the presentation

just before taps at Indian Rocks Beach.

Ken was honored by a local Quilting Society with a lovely quilt. He plays Taps every night down at the beach. Thanks to all in the community who came and supported Ken. He is now often seen with a 911 commemorative flag with all the names of those who lost their lives. The flag was a gift to Tom & Teri from Phyllis Murphy. We won't forget Phyllis.

Thanks: Harold & Donna

From the Desk of the President

By Brian Sliter (#574, 812-7903)

The month of November is the beginning of our “Winter Season” here at Lincolnshire. The Snowbirds are arriving and the many daily activities at the Club House are starting up again

The Residents’ Club’s first meeting of the season will be on Tuesday, November 7th at 7 P.M. Please plan to attend.

The “Welcome Back Dance” will be held on Saturday November 18th. Thanksgiving Dinner tickets will be on sale at Coffee Hour starting on the 8th.

By now most residents have heard that we are getting new Park Managers and they should be on site by November 1st.

The annual “Carport Sale” has been rescheduled to December, the date will be announced at Coffee Hour.

Please attend Coffee Hour so you can stay informed of upcoming events.

Dial Directory and Database

By Donna (#938 509-1182.....e-mail to: momshse@aol.com)

There have been many changes this year which we still do not have from new residents. Many new residents have not provided information, and many old friends have moved away. Every year there are changes that do not get published because we do not get the information. This year is no exception. We are missing names and numbers of many new residents, and some were not correctly entered. If you do not see your name & phone number listed in the yellow book, or see an error, please notify us. Some may already be in our hands, as many came in AFTER the publication deadline. We cannot publish second hand information. It must be received from the actual resident, so please let them know to contact us with their information.

Please make the following changes & additions to your current books:

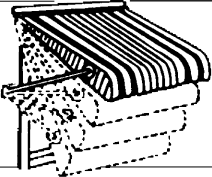

Lot #1516 – add Luis and Toni Mercado, 400-4098 (Delete Robert George)

Please change Kaser (1351) new number 230-2500, cell:483-1101

New owners: If you are not listed in the directory, please note that an input sheet was provided by the office along with your copy of the park rules. Please look to see if you have this form – fill it out – and return it either to the office or to Donna at lot 938 so we can input your information for next year’s edition of the directory. Any corrections can also be submitted

As information is received from new residents, we will post it for you to update your new directory when publication is complete.

Remember, the Dial directory is only published once each year. By the time this article is in your hands, you should have the latest directory, and the next one will not be published until summer of 2018, so if you are not listed – it will be a while before your listing to be published. If you missed the deadline for the new edition, please be sure to send it in for next year so the deadline is not missed again. We appreciate our friends and neighbors here in the community, and often would like to be able to contact you, especially when block captains need to pass on important information.

The directory is not produced by the office. It is a resident’s club function, so don’t expect the office to update your information for you. If you do not wish to have your birthday or anniversary listed, please let me know but we still need a phone number as we need to let the Block Captains notify you during emergency situations like water shut-off notices or other emergencies. Thank you for your cooperation.

Bulletin Board

by Lincolnshire resident’s Club

The bulletin board is arranged so that people can actually see what is posted. Just a reminder for everyone - there are some rules established for the use of the board. They are outlined below for your convenience

Somehow there are those who missed this part - - - Articles for sale are limited to those posted on **3X5 cards only** (see above) and will remain for 30 days only (date stamps will be placed). Some have been there a bit longer,, but will be removed shortly as they are getting old & discolored,, and if the items have not been sold by now, they probably won’t be. If you do

...continued on page 10

sell an item that is listed, please remember to remove your ad. Ads **must** contain lot number, or will be removed.

Services available from park residents are permitted in the form of business cards or again on 3X5 cards, and are not subject to the 30 day rule. There is a separate section for these. Cards from businesses outside the park or without lot numbers will be removed.

Homes for rent and wanted to rent also are permitted on 3X5 cards. Again – lot numbers are required.

All advertising **MUST** contain a lot number.

No advertising from outside of Lincolnshire is permitted.

No ads for homes for sale, or from realtors is permitted

“Sunshine” notices are encouraged. Someone thought this area wasn’t need I guess, and took down the heading on the board – but we will put up another one.

Got Trash??

Help for you By: Marie Mason

With lots of new residents in the park there have been questions regarding trash disposal, especially after the storm and the cleaning out of homes of unwanted bulk items. Here is some help for those who don’t know and have never been told by management about where to put trash.

I have drawn a map or anyone who may need it, and I will be glad to share it with you. Contact me at coffee hour or bingo.

Meanwhile here is some information for you:

All trash disposal units are located at the corner of third avenue and the alley next to the laundry area. Inside the fenced area there are 4 recycle bins. They are for mixed recycling including glass, cans, all paper, plastics, and cardboard (must be broken down flat) PLEASE no plastic bags. To the right is our trash compactor for all other household trash. Please do not open the door to the compactor while it is compacting, as this will shut it off and stop the piston leaving no room for more trash until it is reset.

Bulk trash – (furniture, construction materials etc.) should be placed in the large bulk bin outside the gate. This bin may not always be in this position, as it is scheduled for bulk trash only on the 1st and 3rd Tuesdays of the month.

Any other bins ARE NOT FOR RESIDENT USE.

Hope this helps

Thanks all for your cooperation in keeping Lincolnshire beautiful

Help for Severe Aortic Stenosis

Severe aortic stenosis is a narrowed aortic heart valve that doesn't open and close properly, reducing blood flow to the rest of the body.

Morton Plant Hospital is now enrolling eligible patients in the Medtronic Evolut R low-risk trial, which investigates the safety and effectiveness of a transcatheter aortic valve replacement (TAVR) system in patients with severe aortic stenosis who are at a low surgical mortality risk. TAVR is a minimally invasive alternative to open-heart surgery used to treat failing aortic heart valves in patients with severe aortic stenosis. Morton Plant Hospital was chosen as the first hospital in Tampa Bay to offer the TAVR procedure for patients with severe aortic stenosis who were at an intermediate or high surgical mortality risk. Our team has completed more than 700 TAVR procedures over the last five years.

To see if you or a loved one with severe aortic stenosis may be eligible for this trial, or for more information on the trial, call the Center for Advanced Valve and Structural Heart Care at Morton Plant Hospital at **(855) 44-VALVE (855-448-2583)** or visit **MortonPlantValveTrial.org**.

Let's all Celebrate

By: Donna Wurtz

Can you recognize the couple above in the photo?? Here is a hint – they have lived here in Lincolnshire for many years, and were active in many activities and active in the resident's club. He was vice president of the club under Bill Taylor. This couple was instrumental in getting us involved with the resident's club when we first came to Lincolnshire 11 years ago. They are always up-beat and friendly to all.

Give up yet?

Well they are celebrating 50 years of marriage this month. If you haven't guessed yet, the answer can be found in the travel club article.

Annual carport Sale

Park office:

The annual resident's car port sale will be held on the weekend of December 2 & 3. It has been moved back to December due to the hurricane and the change in management. The cost to residents to participate is still the same as always. Please register in the office with a \$2.00 fee which will be used to pay for advertising and park maps. Any home that participates will be listed on the map. Those who do not register but still set up for a sale will be assessed a \$5.00 fee on the day of the sale as before, so if you want to avoid helping to pay for the advertising in advance, be prepared with you payment on the day of.

Lincolnshire Library

By: *Cynthia Varga (lot #163, 584-6402)*

I'm sure people mean well when they return books to the library and put them on the shelves. However, I try to maintain strict alphabetical order to make it easier for everyone to find the authors they like.

When books are stuck in randomly, I have to sort through every shelf to re-file them.

This makes for a lot more work rather than easing my work-load.

If you can put the books in the proper place, that's fine.

Otherwise, I would prefer that you just leave them out and I will shelve them.

The best way is to drop them off at my coach.

Thanks for you cooperation.

Lincolnshire's 5th Annual Oktoberfest

By: Donna Wurtz (#938, 509-1182)

It was close this year. Lincolnshire appears to be a community of procrastinators. Oktoberfest was almost cancelled for lack of interest, but at the last day of ticket sales, we ended up with close to 100 tickets sold. Unfortunately the late sign ups made us change the usual extensive menu and keg of German beer. That doesn't mean we skimped on anything, but it did not give us time enough to marinate meat for our sauerbraten, or time to order the beer So with a change in menu, and beer in bottles and cans instead of a keg, we still made it happen. Plenty of good food for everyone, great German music with Eric Zawallich, and high \$\$ 50/50 prizes too. Comments were all positive.

Special thanks to David Cassidy for his help in the kitchen, and to the many many volunteers who helped decorate, serve, sell tickets, clean up, and all the other jobs that were handled by our volunteers.

Now we just need another volunteer or a small committee of volunteers to take over for next year to carry on the tradition of Annual Oktoberfest at Lincolnshire.

Shiraoke

By: "Harmony Hal" (#938, 459-0394)

Come join us over Thanksgiving weekend as we kick off the holiday season with some old fashioned karaoke, or as we call it – "Shiraoke." Some residents have told us they are ready to get those vocal chords working again, and what better time than the opening week of the official holiday season. Take a break from the hustle and bustle that is always present, and sit back and enjoy your fellow residents as they sing their favorites. Is it too early to start Christmas music? I don't think so.

Let's do it.

Pot Luck Dinner

By: Rev. Terry (#671, 698-9204)

November 14 is the next date for our monthly "pot luck" dinner. Thanks to Cindy for chairing the meals over the summer months. I am back hosting the meals for a while until someone else is willing to step up and take over. It's not a hard job. Just have people sign up to bring dishes to feed 10 people, and coordinate what types of dishes (veggies, meats, desserts, salads, etc.) then be there to make sure everyone enjoys the meal.

If you think you would like to do this – just call me. But in the meantime, come out and enjoy the food and fellowship this month

Lincolnshire Travel Club

By "Abe-Lincoln Shire" (#938,..... 459-0394 ...Bigchees99@aol.com)

Last month the travel club tried out a new ship. A voyage on the Norwegian Escape. The group celebrated a few special occasions on board. Fred & Rosemary Foster traveled to celebrate their 50th anniversary, while Betty Bowman & Donna Wurtz celebrated birthdays on the ship. This was one of the largest ships we have cruised on. Meals were great, and our package included 3 dinners in specialty restaurants on board. Our choices were "Teppanyaki" Japanese restaurant, "Cagney's" steak house, and the Brazilian Brasserie restaurant. All three were great experiences.

Up next is the shopping bus trip to the "Christmas Tree Shop" and outlet stores this month, and the Christmas lights cruise in December. If you are interested in either, call quickly, as they are almost sold out.

More cruises are also in the works for this season. We have a Christmas cruise plus 2 cruises for the benefit of the American cancer Society which are a hit every year. For those who don't know, these 2 cruises do not cost anything extra and don't ask for donations. They were started about 10 years ago by our travel agent as a way for her to give to a cause that was near to her heart. All the proceeds from the trip are donated by the agent.

If you can look ahead - - we have a great “bucket list” trip coming up in the future. In 2020 the German city of Oberammergau will once again be presenting it’s once per decade Passion Play. It has been performed every 10 years since the 15th century. Can you afford to wait another 10 years? We have a great trip designed for the occasion. I know it seems like a long way off, but this is a trip that fills up quickly as soon as it is announced. Joining us on the trip will ensure that you are in the front center of the open air theater. If you are even a little bit interested, make plans to join us at the travel club meeting on November 16 at 4 PM for our fall wine & cheese party.

Oh yes – the answer to who is in the picture in an earlier article – Congratulations to Bob & Bonnie Greene on their 50th anniversary.

Lectionary Readings for November 2017

5 - Almighty and merciful God, it is only by your gift that your faithful people offer you true and laudable service: Grant that we may run without stumbling to obtain your heavenly promises; through Jesus Christ our Lord, who lives and reigns with you and the Holy Spirit, one God, now and for-ever. Amen.

Joshua 3:7-17, Psalm 107:1-7, 33-37, 1 Thessalonians 2:9-13, Matthew 23:1-12

12 – O God, whose blessed Son came into the world that he might destroy the works of the devil and make us children of God and heirs of eternal life: Grant that, having this hope, we may purify ourselves as he is pure; that, when he comes again with power and great glory, we may be made like him in his eternal and glorious kingdom; where he lives and reigns with you and the Holy Spirit, one God, for ever and ever. Amen.

Joshua 24:1-3a, 14-25, Psalm 78:1-7, 1 Thessalonians 4:13-18, Matthew 25:1-13

19 - Blessed Lord, who caused all holy Scriptures to be written for our learning: Grant us so to hear them, read, mark, learn, and inwardly digest them, that we may embrace and ever hold fast the blessed hope of everlasting life, which you have given us in our Savior Jesus Christ; who lives and reigns with you and the Holy Spirit, one God, for ever and ever. Amen.

Judges 4:1-7, Psalm 123 , 1 Thessalonians 5:1-11, Matthew 25:14-30

26 - Almighty and everlasting God, whose will it is to restore all things in your well-beloved Son, the King of kings and Lord of lords: Mercifully grant that the peoples of the earth, divided and enslaved by sin, may be freed and brought together under his most gracious rule; who lives and reigns with you and the Holy Spirit, one God, now and for-ever. Amen.

Ezekiel 34:11-16, 20-24, Psalm 100, Ephesians 1:15-23, Matthew 25:31-46

As always your Bible an open heart and God will do the rest! Come as you are all are welcome. Sunday's at 10a in the Clubhouse. Each of us come from different denominations so we incorporate parts of Worship experiences from each to make ours as unique and diverse as the community we live in. Come and see that God is good!

RUDY'S NEWS

Oh my! Another month gone by! And now life in Lincolnshire is getting more exciting. The hot steamy days are slowly easing up & our little place is getting more crowded again. I'm excited for the new smells outside. Old friends are coming back! Yay!! We all have to get reacquainted. And please remember that you are in a small community of 460 or so. PLEASE watch out for others on the street and sidewalks.

This includes cars, bikes, golf carts, motorcycles, walkers. Rolling thru stop signs is NOT OK. Sometimes we are about to cross the street and you are making a turn. Remember it only takes a moment to stop and look before going on. Nothing is so important that it could cause an accident, or someone's life or injury. We have many new neighbors. Some dogs are not socialized around people and no one wants to get bit. Many are rescue dogs and you don't know what horrors they have been thru. Sometimes, dogs bark and act out because they need to have reassurance from their Owners. Keep a firm leash on your dog when approaching others. Try to keep them heeled at your left side. Remember Cesar Millan says the 3 things dogs need, Food, Love and Discipline. It's very true. Even my Mom and I have to be careful sometimes because I don't like small children. If invited to stop with your pet in someone's home, keep a loose hold on the leash unless invited to roam.

...continued on page 32

Also, please pick up dog waste in the park. No one likes to step in it. There are small clear tubes with dog poopie bags inside them for everyone's use around the park. If you need one take one. The long summer and Hurricanes destroyed some of the holders and we are working on getting them replaced. There should be at least one on every street. There's a map in the mail room showing what houses they are at. They are usually attached to porch railings or carports.

Lastly, my Mom is collecting old towels, sheets and comforters & clean old toys for dogs & cats. This is ongoing for pet rescues. With all the storms in the country this summer, Pet rescues are very full and need your help too. Just leave them at our carport at 1015.

Federal Judge Dismisses Lawsuit Against Contractor Over Burn Pits
A federal judge has dismissed a major lawsuit against a defense contractor by veterans and their family members, over burn pit operations in Iraq and Afghanistan that plaintiffs said caused them chronic and sometimes deadly respiratory diseases and cancer.

In the decision, U.S. District Court Judge Roger W. Titus wrote that the company, KBR, could not be held liable for what was essentially a military decision to use burn pits for waste disposal. Titus said holding the Pentagon responsible was outside of his jurisdiction. "The extensive evidence demonstrates that the mission-critical, risk-based decisions surrounding the use and operation of open burn pits were made by the military as a matter of military wartime judgment," Titus wrote in an 81-page opinion.

The dismissal -- the second by Titus in the case -- deals a major blow to the more than 700 veterans, family members and former KBR employees who brought the suit. Susan Burke, a Baltimore-based attorney who represents the plaintiffs, told McClatchy that her clients will file an appeal to the 4th Circuit. The plaintiffs charged that KBR, a government contractor and former Halliburton subsidiary, operated the burn pits in Iraq and Afghanistan irresponsibly, running them in locations near U.S. troops' living quarters and work spaces, and burning items that were not intended for the pits, including paint, batteries, computers, fuel, plastic water bottles and human medical waste.

The plaintiffs say they suffer from a range of diseases resulting from exposure: respiratory illnesses such as life-threatening constrictive bronchiolitis, gastrointestinal disorders, neurological problems and cancers. In one Washington, D.C.-based class action, a dozen of the plaintiffs have died since the cases were consolidated.

Titus said in his decision that he had no doubt that "many of (plaintiffs) have been harmed, at least, by some extent by the use of open burn pits or by the water they drank in Iraq or

Afghanistan."

"The decision to use the burn pits was not made by the contractors but rather than by the military," he wrote. He added that at no point was KBR in charge of deciding what to burn in the pits or where to place them. He did not question or explore the Defense Department's choice to use burn pits, adding that the wartime choice by an executive branch entity was outside his jurisdiction, not appropriate for judicial review.

DID YOU KNOW?

CONSUMER ASSISTANCE - IT'S JUST A CLICK AWAY

In the wake of a natural disaster like Hurricane Irma, it is important to know where to turn for help and information. The primary role of the Florida Department of Agriculture and Consumer Services' Division of Consumer Services is to protect, inform and empower Florida's consumers and businesses. The division serves as the state's clearinghouse for consumer complaints and information, educating consumers and conducting investigations of unfair and deceptive trade practices.

SOME OF THE TOOLS AVAILABLE AT FLORIDA.CONSUMERHELP.COM INCLUDE:

1. **A-Z Resource Guide:** Get directions to the most appropriate agency for assistance with a wide variety of topics.
2. **Business/Complaint Lookup:** Search for information about whether a business is properly licensed/ registered and review the company's complaint history before engaging in business with them.
3. **Check-A-Charity:** Search charity licensing and funding information to see how your contribution is being spent.
4. **Education:** Find information on common scams and frauds, read or request publications on a variety of consumer related topics, or request a speaker for your next event or meeting.
5. **File a Complaint:** File consumer complaints online or download complaint forms.
6. **Florida Do Not Call:** Subscribe residential and mobile telephone numbers free of charge to avoid unwanted solicitation calls.

GENERAL TIPS FOR CONSUMERS:

1. Be skeptical of any unsolicited telephone call, letter or e-mail.
2. Be wary of anyone requiring payment through money transfer, money order or by sending cash.

...continued on page 36

3. Purchases made by credit card will allow the consumer the ability to dispute charges.
4. Get details in writing before signing agreements, sending money or giving financial information.
5. Check a company's complaint history at FloridaConsumerHelp.com or by calling
6. 800-HELPFLA (435-7352). If the business is regulated by the division, be sure to find out if they are registered.
7. If you receive a solicitation to contribute to a charity, use "Check-A-Charity" at FloridaConsumerHelp.com or call 800-HELPFLA (435-7352) to inquire about the registration status or financial information.

WHAT YOU NEED TO KNOW AFTER THE STORM PASSES BY.

Auto Damage: The Florida Motor Vehicle Repair Act requires anyone who is paid to repair motor vehicles owned by other individuals to register with the Florida Department of Agriculture and Consumer Services (FDACS). The act applies to dealers of new and used cars, trucks and motorcycles; garages; service stations; self-employed persons; truck stops; and paint, body, brake, muffler, transmission, mobile repair and glass shops. The act establishes requirements for estimates and invoices. Review estimates and contracts carefully for language that may assign your insurance policy benefits directly to the repair shop. Click Motor Vehicle Repair for more information.

Charities: Give wisely! All charities soliciting within the state of Florida (excluding religious, educational, political and governmental agencies) are required to register and file financial information with FDACS. Call 1-800-HELP-FLA (435-7352) or use our online Check-A-Charity tool to find out if a charity is properly registered. You can also find out how much the charity is spending on administration and fundraising and how much money goes to actual programming.

Contractors: Check the license and complaint history of contractors before signing a contract or agreeing to have anyone do work for you. Call the Department of Business and Professional Regulation at (850) 487-1395 or go to MyFloridaLicense.com. Do not sign an "Assignment of Benefits" form for a contractor if you have not been instructed to do so by your insurance company.

File a Complaint: Do you have a complaint about a business? FDACS can help, regardless of whether we regulate the specific industry. Call 1-800-HELP-FLA (435-7352) or click File a Complaint for assistance.

Food Safety: Discard perishable food that has been stored in temperatures above 41° F for four or more hours. Dispose of any food that has an unusual odor, color or texture or feels warm to the touch. If in doubt, throw it out! Inspect canned foods for damage. Damaged canned

food shows swelling, leaking, punctures, holes, fractures, deep rusting, crushing or denting. If flooding occurs, discard any food not in a waterproof container that has come into contact with flood water. Contact your county Department of Health if you suspect that your well may be contaminated.

Fuel: The potential for water-contaminated fuel incidents increase after a considerable storm. If you witness flooding at a station during or immediately following a storm report it to the department so we can have an inspector check the storage tanks for water contamination. Always keep the receipt of purchase and report any possible contaminated fuel incidents to the department immediately.

Generators: Never use a generator, grill, camp stove or other gasoline, propane, natural gas or charcoal-burning devices inside a home, garage, basement, crawlspace or any partially enclosed area. Keep these devices outdoors, away from doors, windows and vents that could allow carbon monoxide to come indoors.

Insurance: Have you received a robocall after the storm regarding your insurance premium? Don't fall for it. Call your insurance agent to verify any messages you receive about your insurance.

Landlord/Tenant: If you live in a rental property that was damaged by the storm, you need to know your rights and responsibilities and those of your landlord. Visit Landlord/Tenant Law for more information or refer to Florida's Landlord/Tenant Law, Chapter 83, Part II, Florida Statutes.

Price Gouging: Anyone who suspects price gouging should call the Office of the Attorney General at (866) 9NO-SCAM or file a complaint online at MyFloridaLegal.com.

Skimmers: Thieves will take advantage of power outages to install skimming devices. Always check for security measures on the pump and be aware of your surroundings. Look around for possible cameras, or any suspicious equipment that doesn't belong on the pump. Please remember not all pumps require security tape; some pump systems have internal security. If in doubt, ask the store personal about the pump security. Report any evident signs of tampering or unauthorized access to fuel dispensers to the department.

The Florida Department of Agriculture and Consumer Services is the state's clearinghouse for consumer complaints, information, and protection. Call 1-800-HELP-FLA (435-7352) or 1-800-FL-AYUDA (352-9832) en Español for more information or visit FloridaConsumerHelp.com.

One minute a day may lead to stronger bones

Keeping your bones in good shape is vital to your health as you grow older, especially for women. Research reported on the Medical News Today website suggests that women may be able to keep their bones strong by running just one minute a day.

Examining data from more than 2,500 women, researchers found that women who participated in high-intensity, weight-bearing physical activity like running 60-120 seconds a day had 4 percent better bone health than women who took part in less than a minute of physical activity. Women who performed more than two minutes of exercise had 6 percent better bone health.

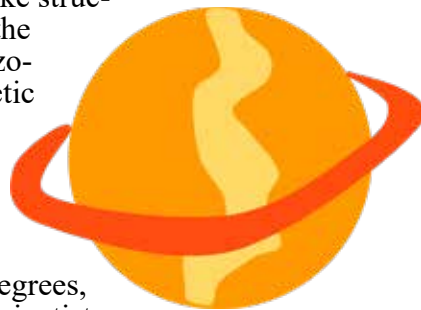

The researchers cautioned, though, that they can't be sure whether high-intensity exercise leads to better bone health, or whether people with better bone health tend to exercise more.

New findings about the solar system intrigue scientists

Our solar system is full of interesting places—maybe not to live or even visit, but locations where life might flourish under the right conditions, or may once have been present. Two recent examples from the Science News website:

• **Life on Titan?** Scientists have discovered that the atmosphere of Saturn's moon Titan contains vinyl cyanide—a molecule that forms membrane-like structures and could support life. Computer simulations suggest the molecule is capable of forming flexible bubbles known as azotosomes, that could serve as an outer shell “protecting” genetic material from biochemical reactions in the moon's frigid methane seas. No one knows whether azotosomes actually exist on Titan, though. A probe would have to check out the seas to detect them.

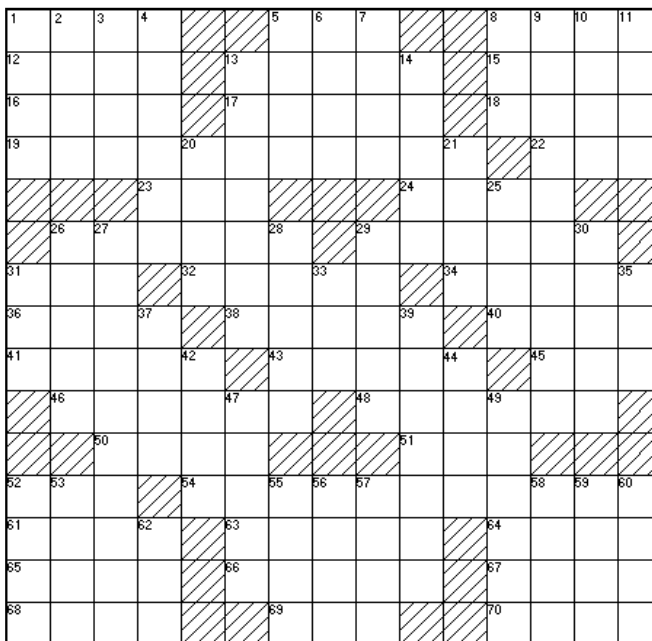

• **Water on Venus?** With a surface temperature of 460 degrees, Venus is too hot to support water or life as we know it, but scientists speculate it might not always have been so inhospitable. The second planet's slow rotation—116 Earth days for a single Venusian day—might have led to a gradual cloud buildup in its atmosphere some 750 million years ago, bringing surface temperatures down to approximately 15 degrees Celsius—enough for the formation of a shallow ocean. What happened to the oceans, or whether they even existed, isn't clear. Scientists speculate they may have boiled away or been absorbed into the planet's interior.
