On the Cover

After one of those summer thunderstorms, step outside and breath the clean air and see what God has created for us. A rainbow over Lincolnshire!

From the Editors

By Teri Thara, Ann Curry

(Lot 717...terithera@gmail.com): (Lot1015..acuria10@gmail.com)

Greetings one and all. Another month gone by along with the 4th of July celebration. Now it's August and if you haven't signed up for the Park Pool Party on the 3rd of this month, you still can go as you're reading this.

We are into the hottest days of summer this month, so keep hydrated and that goes for your pets too. The pool is getting a lot of use from many of us. Remember to get your AC checked for freon if you haven't had it looked at in a while.

There are good service people listed in the Voice

if you're looking for help with something. There is a code system to tell how long they are in business and how good of a job they do.

We have had turnover this year with people moving back with family or passing on. Some of the new people are still working and so don't go to coffee and cards and stuff. We welcome all of you. Please watch the monthly calendar for things to do here in the park. Also remember that this is a community with its own streets and stop signs. Please obey the rules of the road. We have many pets here and it would be awful to have one get loose from its owner and get in front of your vehicle.

And last, stop by and say hello to that neighbor who never seems to get out. Introduce yourself and chat with them. We should never be too busy to not check on one another.

- This information is the viewpoint of the Editors. If you'd like to write an opinion, or article, call me at 727-420-6518 or send it to acuria10@gmail.com, usually before the 15th of the month for publication.

From the Desk of the President

By Brian Sliter (Lot 574...727-812-7903)

I hope everyone is enjoying their summer. Ellie and I are busy and we are enjoying the August heat.

Harold and Donna told me that 130 residents took part in the 4th of July party and had a fabulous time.

The 4th of July is also our anniversary and this year Ellie and I celebrated 38 years of marriage.

This year's summer picnic sponsored by the Managers will be held on Friday the 3rd of August.

To keep up to date with upcoming events please attend Coffee Hour.

Pot Luck

By Craig & Linda, Kay Lenker,

The first Pot Luck Dinner of for the first full month of summer was well attended with friends, neighbors and even a few first timers. As usual the Ladies brought delicious food to pass along with some great homemade desserts. If you haven't attended you're missing out on a good time and good food. Our next Potluck Dinner is August 14th. Please remember to bring your place settings, drinks and a dish to pass that will feed at least eight people. We like to start eating at 5:30. Hope to see you all then.

July 4th Picnic

By: Donna Wurtz (#938.....509-1182.....momshse@aol.com)

Once again the Lincolnshire residents proved how easy it is to get together to celebrate in the clubhouse as the 4th of July picnic brought in a record number of hungry folks. Foods of all kinds were set on the long buffet (4 table plus). Hot Dogs and Hamburgers cooked outside on the grill by David Cassidy. Inside patriotic music played over the sound system.

There were 130 people fed. Salads were great, and everything cooked outdoors came in to the buffet hot & juicy. And of course what could be better for dessert than the old fashioned American favorite Apple Pie.

Thanks again to all who helped with set-up, clean-up, serving and of course for all the food brought in from the family kitchens of Lincolnshire Residents. – Send some of those great recipes to Betsy to add to the cookbook

Dial Directory and Database

By Donna Wurtz

(#938

509-1182.....e-mail to: momshse@aol.com)

The 2018-2019 “yellow Book” is in the hands of the block captains. If you are here during the summer months and have not received yours, **call your block captain**. They are listed in the Voice.

If you did not provide us with your new numbers and permission to publish them, your number will not be listed in the directory. A scrap piece of paper with your number is not enough, **unless** you are just changing a previously published number. Over the past few years we have received complaints from residents whose numbers are not listed. Almost every time it is someone who gave us new information too late for publication, **or** gave us a form with a number not containing the required permission to publish. Please note that if we do not have a signed permission to publish your number, it will take another year before you will be listed in the book.

New owners: If you are not listed in the directory, please note that an input sheet was provided by the office along with your copy of the park rules. Please look to see if you have this form – fill it out – and return it either to the office or preferably to Donna at lot 938, or come to the new owner orientation, scheduled bimonthly, - check the calendar each month for dates – (next one

will be September) so we can input your information for the next edition of the directory. Any corrections can also be submitted to Donna at 509-1182.

Remember, the Dial directory is only published **once** each year, and the next one will not be published until summer of 2019, so if you are not listed – it will be a while before your listing is published. The directory is **not** produced by the office. It is a resident’s club function, so don’t expect the office to update your information for you. If you do not wish to have your birthday or anniversary listed in the Voice, please let me know, but we still need a phone number as we need to let the Block Captains notify you during emergency situations like water shut-off notices or other emergencies. Thank you for your cooperation.

Game Night

By Ann Curry (Lot 1015.....acuria10@gmail.com)

There has been a minor change on the calendar for Tuesday nights. For the last season, Tuesday nights was Phase 10. We're not doing away with that game. But for those that would like to play something else, like Rummy, Mexican Train, or even Mah Jong, bring your game, cards or whatever, along with people to play and drinks and snacks. There are plenty of tables, and the AC feels good

Lots of good comments and conversations are developing on the page. Don't miss out – join us and make your thoughts known too, but please leave out the negative hurtful comments. A Nurse's Toolbox #2

By Allyn Webert, RN.....(Lot1438.....847-975-1043)

The Editor hasn't given me a pink slip yet so I'll keep going. This article is about falling and it has nothing at all to do with love. The list of famous people who have fallen resulting in death or significant injury is quite long. I'm very short of being famous, except for my French toast, but would rather not be on a list like that one.

Falling is not 100% preventable though you can get pretty dog-gone close. That's a great goal for all of us at Lincolnshire. Falls can happen anywhere! And Do! We can't fall from the floor but the floor can cause us to fall. More on that later.

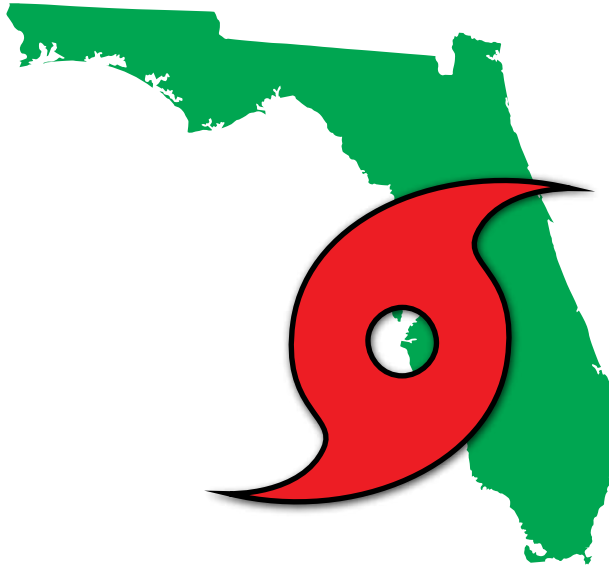

Why do we fall? Some soccer players do it intentionally hoping for a penalty call during a game. A few are famous for that. Not the same here at all. It is easier to understand why toddlers often fall. All the senses are learning to work together allowing steady walking especially in the direction you want to go. Ever notice how toddlers fall down but land on their backsides where there is a lot of extra cushion? As veteran adults, we don't do that anymore. Certainly would be less consequences if we still did. Toddlers fall backwards. Older adults seem to fall forward. That is why so many broken hips, wrists, elbows and shoulders plus a nose or two.

Let's face the fact that all our senses begin to age as we get older. Hmmm. And the senses don't always age in the same manner or rate. Sight, Sound, and Touch are used constantly to assist in propelling all of us in our movement. Why sound you may ask?. Well there have been experiments where a person's ability to hear was taken away and they were tentative in walking. Those with hearing impairment walk much slower than those who don't. I guess we want to hear the sound of our footsteps. Simple example. You are walking on loose gravel, you feel it through a sense of touch, hear the crunch plus see it. Our pace gets adjusted to be slower and bit more cautious.

Ok, our senses are not as strong anymore so what does that mean for you and me? A bit of acceptance that this is happening can go a long way toward preventing a fall. It does not mean surrendering what we enjoy.

Speed is a major culprit to falls. 55 years ago I could get from my room to the refrigerator in 3 seconds for a snack unless my Brother got there first. What happens now? Put both feet on the floor and ensure my brain knows that they are there, then stand up, allowing my brain to know I am standing. See where the dog or cat is lying (usually in the way so he knows where I am heading and maybe a treat.) 5 more seconds. Geez I would be eating a snack years ago by now! I could go on but I believe you can see that whatever trek we make now just has to be a bit more calculated to ensure we not only get to where we are going but get back successfully. Stop the hurry! Please. Take time to notice the buildup of dust on the lampshade by the sofa. Yes it is there! If not I have a decent supply of dust for everyone.

Now for the next set of situations that create a risk for falling. Medications are well known for causing us to have an altered awareness of what we are doing and moving around is a big one. The bottle or insert that always comes with the medication has a most important part called "Precautions and/or Side Effects." If it says "causes drowsiness" then it will, believe me. We can become drowsy and not be aware. Again, take a bit longer to do things especially walking and chopping onions.

Moving right along, let's take a peek at well-known household hazards (they don't have blinking yellow lights but should.) #1: throw rugs on wood floors or tile. They can slide. If you must have them, then please get brightly colored ones with non-slip bottoms. Remember that sighting things helps us move around. #2 are electrical cords. Keep them away from wherever you walk. Third is uneven floor surfaces like carpeting to wood or tile, then back to carpet. These slight changes or differences in height may not be seen by our eyes but our footing will find the difference. Learn to step over them by practicing. I have several and have taught myself to almost naturally step up and over. If you are going to get new flooring think about one common surface throughout.

The last biggie is the bottom lip of a walk-in shower. I love mine, but after slamming my right big toe on that lip, I can now successfully step over it. My big toe is very appreciative. Oh, the raised lip is there both getting in the shower and out. Just thought I would mention that too.

Outside our homes, there are plenty of obstacles to be observant of. Steps, curbs, parking

Continued on page 18

space spacers, changes in the walking level and surfaces are waiting for us to venture forth. Hoses are always looking to get me when I water the lawn or rinse the drive.

The last significant item is called distraction and pre-occupation. When I would ask someone who had recently fallen what was going on right before they fell, they say I was talking and looking at my friend and didn't see the curb or step; or my cell phone rang as I was trying to get it out of my pocket and I was looking at something else other than what was in front of me. Eyes are our radar. Remember to always keep looking forward while walking.

I believe you get the picture here. Even familiar surroundings have surprises. Unfamiliar places can be a mine field of surprises as we walk. Again, slow down and take your time. Our sight is the most significant ally we have in avoiding so many falls.

Kennedy Space Center is filling up. Don't wait to sign up. This is a 1 day trip on January 28, 2019. It is a full day, with the Kennedy Space Center Tour Package included. Details of the tour are in the flyer. Price is \$105/pp.

We have a date and reservations for the requested return to Ft. Myers to board the "Murder Mystery Train." This will be a great trip, as many will remember the previous trip we made for this great destination just 2 years ago. Trip includes Motor Coach transportation, Hotel for 1 night, Murder Mystery Train show & dinner (best prime rib ever – and on a train – wow) Breakfast Gratuities and a side trip to Immokalee Casino. The date? -What better way to spend Valentine's Day than show, and dinner? This trip is limited, and is already selling. The hotel only has a limited number of rooms available. If you are interested, sign up now. Price is \$339/pp, and deposit is \$50/PP. No reservation is final until deposit is received. A few spots left, as the hotel did add a few more rooms, so if you want to enjoy this great trip, sign up now.

We also still have some room on the cruises that we are doing together. November – Panama Canal 14 day cruise, "Christmas Cruise" on Brilliance of the Seas, and Annual Cancer Society Cruise on Celebrity. Then don't forget the April 2019 cruise that residents requested going to the Eastern Caribbean for 10 nights. Great prices now for early reservations, and you can make payments so it won't seem like a big expense.

Watch the facebook page for more trips, and check the bulletin board too.

or you can drop them off at Lot 618 or 853. Meanwhile, here are some sweet treats to cool you down.

Recipes

Orange Strawberry Sunrise Pops

- 1 cup strawberries
- $\frac{3}{4}$ cup water
- 2 tbl. Maple syrup
- 2 cups orange juice

Put strawberries, water and maple syrup in blender and blend until smooth. Pour OJ evenly into each pop mold about halfway. Spoon strawberry mixture next and stir slightly. Top off with more OJ and then more strawberries. Freeze at least 12 hours. Makes 10-12.

Root Beer Float Pops

- 12 ounces Root Beer
- 1 $\frac{1}{2}$ cups vanilla ice cream

Pour a small amount of root beer into each mold. Evenly distribute the ice cream between the molds. Pour root beer into molds in small amounts, allowing foam to die back before adding more to fill molds to top.

Freeze several hours until fully frozen. Run molds under hot water for a few seconds to loosen mold. Serves 6-8

Rudy's News

By Ann and Rudy

(Lot1015.....727-420-6518.....acuria10@gmail.com)

This month Rudy has one of his girlfriends pictured. Meet Dolly who is a working girl and likes to visit the sick and elderly. Dolly lives at #1238 with her Mom Edith.

Tips for Your Pet's skin irritations.

I never thought Rudy had any skin issues until recently when issues appeared on his back. So I looked into my files of information for home remedies. Of course we can go to the Vet, and should if they become chronic, but there are some home remedies that may ease the irritations naturally.

1. Vitamin E-Liquid vit. E rubbed on your dog's skin can relieve dryness and itching.
2. Chamomile or herbal tea soak can be very soothing.
3. Oatmeal Bath. You can purchase an oatmeal based shampoo that is soothing.
4. Epsom Salt soak
Epsom salts has anti-inflammatory properties which most who have worked a hard day and enjoy a good soak for sore muscles will appreciate. It also reduces inflamed skin.
5. Baking Soda- can either be added to you dog's bath water or mixed with water into a paste and left on for 20 minutes.
6. Apple Cider Vinegar. Mix 50/50 with water and spray on area.
7. Probiotics. It's not just for your digestive system but will provide overall health benefits, such as helping prevent a yeast infection, a leading cause of skin irritation.
8. Supplements. Omega 3 fatty acid supplement will help your Dog or Cat lock in moisture and reduce inflammation-thereby reducing irritation. Omega 3 supplements plus calcium, chondroitin and glucosamine also help lubricate Rudy's joints. You can see the difference when I run out.

Why More Pets are Getting Cancer

Cancer rates among our country's pets are skyrocketing, especially among dogs. Canines have the highest cancer rate of all mammals; in America, about half are struck with the disease. In 2015, the World Health Organization classified Roundup's main ingredient, glyphosate, as a "probable human carcinogen". Insufficient human studies exist, but a goodly number of animal studies confirm that it causes cancer.

Preliminary tests commissioned by the Institute for Responsible Technology, an educational nonprofit, on the dangers of GMOs, revealed that 6 popular Dog and Cat foods contained more glyphosate residues than most human foods. Possibly because pets are exposed to Roundup from spraying both foods and lawns, a pilot study by Health Research Institute Laboratories, which tests glyphosate levels in dogs' urine were 50 times higher than the average in humans!

Amazing Recoveries

Numerous veterinarians see good results when pets switch to non-GMO food that's free of synthetic pesticides. Veterinarian, Barbara Royal, of Chicago, says, allergies, gastrointestinal problems, autoimmune diseases, behavioral problems and other conditions improve when we take the animals off of these GMO laden glyphosate-ridden foods, and put them on something that's more organic and natural. It's a dramatic change.

In a survey conducted by IRT, 3,256 people that adopted a non-GMO and largely organic diet reported improvements 28 health conditions, many of which have increased in the U.S. parallel with the growing prevalence of GMOs and Roundup. Further, 80 pet owners cited improvements in status for eight health issues, including digestion, allergies and skin conditions, when their pet's food was changed.

Plausible explanations include that glyphosate is patented as an antibiotic, and so easily kills beneficial bacteria in the gastrointestinal tract. This could possibly interfere with indigestion, detoxification and immunity.

According to integrative veterinarian Karen Becker, in Chicago, the Healthy Pets expert for Mercola.com, "We know now that animals consuming genetically modified foods...can change the terrain of their GI tract". Most notably, glyphosate and Bt-toxin are linked to leaky gut-unnatural holes or gaps created in intestine walls.

Veterinarian Marlene Siegel, owner of the Pasco Veterinary Medical Center, in Lutz, says, "We know that the root cause of most disease is inflammation: and that inflammation is coming from the leaky gut.

Organic Surpasses Non-GMO

GMOs are not the only crops drenched with Roundup. It's also sprayed on other foods to dry them, often just a few days before harvest, including wheat, oats, barley and other cereals. It's also used on lentils, citrus orchards, sunflowers, potato fields and vineyards.

Organic growers and processors are not allowed to use GMOs, Roundup or other synthetic toxins. It's safest to choose organic; if unavailable, at least buy verified non-GMO.

Shoes for Soldiers

By: Teri Thera (Lot 717.....708=351-9242)

They may be a tad worn or they may be new, we are looking for shoes for soldiers. Tom and I went to Bay Pines VA for his appointment and then went and made a donation of books that were left in abundance in our clubhouse.

We did this two times because they were too heavy to carry. Each time we went to the Volunteer Services Department, there was a vet in there looking for shoes. They had none to give them. And then the light went on.

We are seeking shoes for men and women. Men styles can be anything. For women, the man in charge said they have many dress shoes for the women to attend job interviews, but they need casual shoes.

The other saying is "you don't know what it is like until you walk in someone else's shoes." Let's help our vets and remember their service to our country each and every day.

If you can donate, drop the shoes off at our home, #717. If you are unable to drop off, give us a call and we will pick up at your house.

Thank you so much.

Teri & Tom #717.....708-351-9242

Ask the Pastor...

By: Resident Minister/Pastor; Rev. Terry J. Lapierre-McGuire, residentminister@gmail.com

So often I am asked to drop in on folks. I don't do that! I am one of the most passive Ministers you'll ever meet. I am not an in your face kind of Minister, most everyone here knows where I am if they need me. Our home is at Lot671 or you can call me on my cell (727) 631-1910. One of the greatest lessons I learnt in Seminary is that if someone approaches you with "you should" anything, then it is usually their own calling and they are now trying to enlist you instead. So maybe a visit to that particular person is in order! Who did you think of? Call them see if they are up to a visit from you?

I thought I'd try something new. Ever have that one nagging question you want answered, but were always afraid to ask? Now's your chance... Submissions are completely anonymous... or if you like you can let us know who you are. Please send them to [**residentminister@gmail.com**](mailto:residentminister@gmail.com)

House Seeks to Extend On-Base Privileges to Vets

Congress is considering opening on-base shopping to any veterans with service-connected disabilities, Purple Heart and Medal of Honor recipients, former prisoners of war and veteran caregivers. The expanding eligibility is a provision of the House-passed version of the fiscal 2019 defense authorization. Get the full story about Congresses steps to expand access to commissaries and exchanges on Military.com.

Site Selected for Gulf War Memorial

The site for the future national memorial to those who served during the first Gulf War conflict has been selected. The National Desert Storm War Memorial Association (NDSWMA) has announced that final approval had been given for the memorial to be constructed at 23rd Street NW and Constitution Avenue NW in Washington, D.C., very close to the Vietnam Veterans Memorial and the Lincoln Memorial in what is known as Area I. Fundraising efforts continue; no tax dollars or government money will be used for construction. For more information, visit the **National Desert Storm War Memorial Association website.**

House Votes in Support of Blue Water Vets

H.R. 299, The Blue Water Navy Vietnam Veterans Act, passed unanimously out of the House June 25, with a vote of 382-0. The legislation will extend disability benefits covering medical conditions associated with Agent Orange to Blue Water Navy veterans. The Agent Orange Act of 1991 excluded those who served on ships off the coast of Vietnam known as 'Blue Water' Navy veterans. H.R. 299 would extend these benefits to the Blue Water Navy veterans. H.R. 299 will now go before the Senate for a vote. Read more about the bill on Military.com.

Report Looks at Suicide

Suicide rates are increasing for both veterans and civilians in the US. Male veterans, when compared to civilian men, are 1.3 times more likely to kill themselves. Women veterans however die by suicide twice as often as their civilian counterparts. A new report from the Department of Veterans Affairs (VA) released as an update to last year's report on veteran suicide now gives us a better view on veteran suicide up through 2015. The report is available on the VA Mental Health website. If you or someone you know has suicidal thoughts, call the Military Crisis Line at 1-800-273-8255 and press 1, text 838255, or confidentially chat online with a Military Crisis Line counselor.

Music Club Invites Musicians and Audiophiles to Join!

By Tom and Teri Thera (Lot 717.....708-351-9242)

Living in a 55+ park doesn't mean you should be satisfied with MIDI duets for your fun time and community center parties. Live music with real bands is so much better!

There are over a million folk on the Pinellas peninsula. Many were musicians, educators, recording artists, dancers, DJs, et al. And some of each of these is already in this park!

If you have some secret music talent or covert audiophile past, please contact us and join. We'd like to organize some music performances and get some practice to maintain our diverse talents. If you have a friend from adjacent MHPs, they are cordially invited.

Send an email to terithara@gmail.com; or call 708-351-9242, for Teri or Tom

Also, if you have music media or instruments you would like to donate, we pass them on to schools and talented young folk.

We also collect books and shoes for Vets at the VA. Ask for Teri to coordinate.

Remember to always smile and listen to some music.

Teri and Tom
