Knock, knock who is there? Not a health agent.

Michael Crofts
FL Licensed Independent
Health Insurance Agent

Medicare has very strict rules prohibiting the enrollment into most products via door-to-door sales. Still many seniors are experiencing unsolicited calls and visitors. Making a decision about your health coverage is important and should be done every year, but not by someone who shows up on your doorstep or is cold calling you. At Best Plan Choice, we encourage you to find out how good a full-service health agency can be for you. We work directly with individuals, groups and communities to bring our services to you, at your request.

During the annual enrollment season for Medicare health coverage (Oct 15-Dec 7) we host seminars with free coffee and dessert (see our enclosed insert or call 855-BOOMER65). Throughout the year, we are available to present every available plan, assist you with customer service issues or become your agent if you need one.

Are you debating if you need Medicare Part B? We can show you how to save money on your Part B premium each month. Do you need financial assistance? We can help you apply for Medicaid or extra help for the high pharmacy costs you may have. Is your spouse still working to provide health insurance for you? We may have options which will start their retirement sooner. We will provide a complete needs analysis during a personalized appointment so you can make the best plan choice for you. As always, our services are without charge or cost to you. Call us at Best Plan Choice, where Clients become Friends, and Friends become Clients!

On the Cover

Oktoberfest was a big success this year and even though there were many hands involved in the process, the behind the scene planning and cooking of the dishes were largely done by Donna and Harold Wurtz. The hall decorations were as good as you see at any Oktoberfest Celebration. I believe a big thank you is in order for the hard work done by Harold and Donna once again.

From the Editors

Ann Curry, Teri Thara (Lot 1015.....acuria10@gmail.com727-420-6518),(Lot 717.....TeriThara@gmail.com.....708-351-9242)

Update! **The Ducks** dodged the fangs of the coyotes. Yes, some were injured and taken to the SPCA, but MaMa came back. Thanks to Thomas Moore for chasing the coyotes off before additional harm was done. Wildlife bird specialists were called in. Please don't feed or water the ducks. They need to learn how to survive on their own without human help. Muscovy ducks are omnivorous, feeding on worms, insects, fish and reptiles. They also eat a variety of plant material including weeds, leaves, seeds and roots. They love bugs, including mosquitos! If we humans feed them they won't have to look for these natural things.

Also, another problem with we humans feeding the ducks is that birds in general won't produce more than nature can support. If we humans supplement their diet, the more chicks there will be. Nobody wants that! MaMa duck produced 14 eggs in one nest! Do the math!

Lastly, they are good flyers. They are beginning to learn now. But if they are too fat, they can't fly. So PLEASE don't feed OR water the ducks!!

Secondly, some info on our pool.

Since the heat of the summer is somewhat behind us, there have been many complaints that the pool is too cold. Other reasons for the pool being cooler in the morning is due to the cool nights and rain. In the morning, when the residents are doing water aerobics the temperature of the pool is 83 degrees (according to the new thermometer that is floating in the deep end that is attached to the ladder). In the afternoon, as the sun beats down on the pool (as long as it is not cloudy), the temperature reaches 85 degrees.

In an effort to find out why the temperature is being maintained at these temperatures, I went to the office to find out. Laura, our Manager, provided me with a printout from the United States Water Fitness Association which suggests the following:

- Arthritis: 83+ degrees (83 degrees is a minimum)
- Aqua Aerobics: 78 to 82 degrees
- Water Walking: The older the person, the higher they like the water temperature (up to a

...continued on page 6

certain point).

The following was also noted in the above mentioned publication received from the office:

If a pool is used for just one of the above-mentioned programs, you do not have a problem. However, if your pool is used for a variety of aquatic programs, you have what we call a "multi-purpose pool." The water temperature at the average multi-purpose pool in the USA is 84 to 86 degrees.

Bacteria, algae, and other organisms thrive under warm water conditions. This is obviously harmful not just for athletes but the general public in a commercial swimming pool. For recreational pools the recommended maximum is 84 degrees.

On a lighter note.....do you remember the movie Cocoon with Don Ameche? I frequently use the pool. I always laugh at all of us standing in a circle talking and have shared this with my fellow friends....."we are the Pods in the pool like in the movie Cocoon." We soak up whatever nutrients the sun supplies hoping to feel better, but sometimes we feel like popsicles.

- This information is the viewpoint of the Editors. If you'd like to write an opinion, or article, call me at 727-420-6518 or send it to acuria10@gmail.com, usually before the 12th of the month for publication. For December, we will need the articles by the 10th because the publisher needs it sooner.....

November is here and many of the daily events resume as more Snow Birds arrive.

New Owners coming down for your first Winter Season should plan on attending Coffee Hour Wednesday mornings starting at 9 am. Tickets for upcoming events go on sale about 8am, so bring your cup and join us for details on upcoming events.

There is an old Lincolnshire saying: "If you are fifteen minutes early, you are already thirty minutes late". So please plan on arriving at the Hall for Coffee Hour well in advance of 9am. –Especially if you want to buy a donut or an apple fritter.

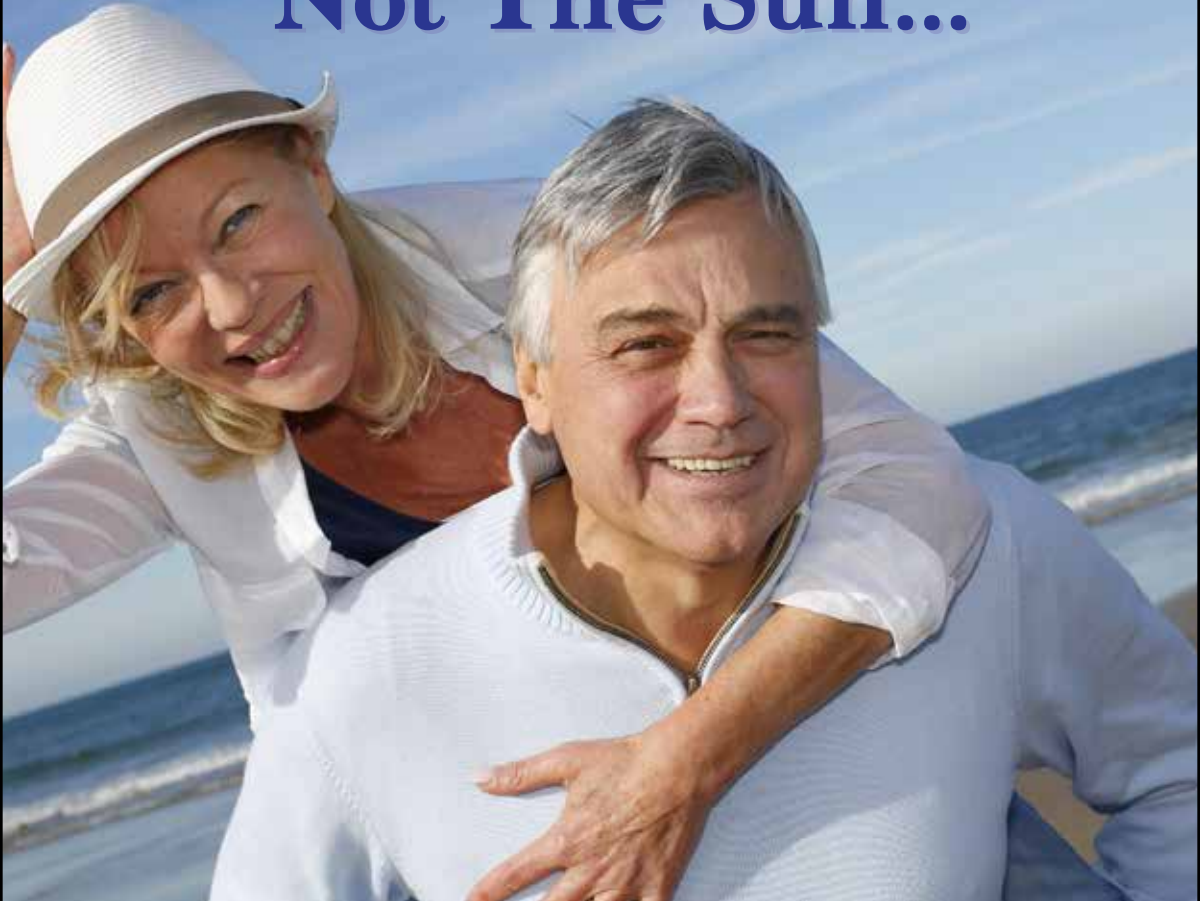

Here are some of the coming events:

- Veterans' Day on November 11th. In Canada we call November 11th Remembrance Day.
- Welcome Back Dance is on Saturday the 17th
- November's Ice Cream Social on Sunday the 18th
- Thanksgiving Dinner is on Thursday the 22nd.

8th Annual Lincolnshire Oktoberfest

By: Harold & Donna Wurtz (Lot938.....459-0394...bigchees99@aol.com)

The clubhouse was transformed into a Bavarian Festhaus on October 13 for our 8th annual Oktoberfest. Over 130 people attended, enjoying traditional German music, food, and beer. We want to thank all the many residents who helped put this event together without all the help it just wouldn't happen Dave Cassidy was on the outdoor grill preparing Bratwurst, and then came in to finish cooking the Yaeger Schnitzel on the flat grill in the kitchen, Mike Bigelow teamed up with Peggy Kaszian at the "Beverage station" where good Oktoberfest Beer was available along with the usual soft drinks Thanks also to Anna, Gino, Kathy, Charlie, Donna, Ed, Marie, Teri, Diane, Betsy, Linda, Beryl, other Terri, Diane, Jeff, and so many more, especially the cleanup crew who were mostly anonymous, and all those who helped with decorating

Lots of good food was enjoyed, and we believe from the comments that it was well enjoyed. Music was typical German festival music by Eric Zawalich, who has been our entertainer in past years as well. We make an effort each year to change part of the menu to keep everyone guessing, always serving Bratwurst of course, but this year with the Schnitzel, and in past years with Sauerbraten, Rouladen, mustard crusted Pork Roast, Goulash, and more.

Next year's menu is already in the planning stages, but one thing we do want to change for sure. With time still available for folks to enjoy each other's company, and the music in the hall, some of the over enthusiastic cleanup committee began rolling up table covers while others were still sitting & enjoying the evening. Hopefully next year we can wait a little longer. Perhaps the secret is not to have the final drawing until the end of the event. Speaking of drawings, we had 8 door prizes and the split raffle netted 8 prizes on \$45 each.

Hope to see you all again next year.

Jingle Bells! Jingle Bells!

By Rita Sullivan (727-584-2633...Lot 1550)

The season will soon be here. Our annual Christmas Ladies Lunch will be held on December 7th at noon at the Beachcombers on Clearwater Beach. Reservations will be taken at coffee on November 21st & 28th. This time it will cost you a can of food to make a reservation. Please bring two \$1 scratch off lottery tickets for a gift exchange at the luncheon. We always have fun! Hope you can come!

Food Pantry

by Rita Sullivan (Lot 1550...727-584-2633)

The year has gone by so fast, we hardly remember what month it is. It's food pantry month! Now we have a "really big task" ahead of us. But as Lincolnshire people have always opened their hearts to give help to those in need, I'm sure we can do it again! We really need to extend ourselves to better our 1500 pounds we donated last year. Our drive begins on November 1st and ends on December 5th. When at the grocery store, pick up some of those "BOGO Bargains"....one for you and one for a person in need. Whenever you come to the clubhouse for any reason, bring some food donation with you. There will be a container on the stage to collect them. Remember.....November means food for the pantry....food for the needy! Let us get busy!

Seeing "Red"

By Teri Thara (Lot717.....708-351-9242...terithara@gmail.com)

Red tide! Everyone is seeing "red" because of the red tide that is occurring on Florida's beautiful coastlines. Florida red tide occurs almost every year and affects fish, humans and marine animals. Yes, it is a natural occurrence, but there are additional factors that are enhancing it. The scientific name for red tide is HABs (harmful algae blooms). These occur when microscopic algae multiply to higher than normal concentrations are found in the water often discoloring it. This is a very complex problem and rather hard to fix.

Not causing, but enhancing red tide are phosphorus levels due to back pumping water from sugar cane farms to the south. Other factors that enhance the problem are septic tanks and nitrogen from the fertilizer industry which are also being dumped into Lake Okeechobee. When water levels are too high the gates are opened on both sides of Florida from Lake Okeechobee. The water then flows into the Gulf of Mexico and the Atlantic. Again, these factors enhance the problem. Sad to say, we are not being good keepers of this good earth!

There is a site you can go to check the red tide levels at the beach you would like to go to. The site is: VISITFLORIDA.org

Perhaps this information will assist so a day at the beach is again on your list of things to do.

Dial Directory and Database

By Donna Wurtz (#938... 509-1182... momshse@aol.com)

The 2018-2019 “yellow Book” is in the hands of the block captains. If you are returning to Lincolnshire from up north, and have not received yours, **call your block captain.**

Block captains: please help your neighbors who are returning, and be sure that they have the latest copy of the Dial Directory. They have all been distributed to you for the homes on your block, and now it’s time to be sure everyone has one

If you did not provide us with your new numbers and permission to publish them, your number will not be listed in the directory. A scrap piece of paper with your number is not enough, unless you are just changing a previously published number. Over the past few years we have received complaints from residents whose numbers are not listed. Almost every time it is someone who gave us information too late for publication, or gave us a paper with a number not containing the required permission to publish. **Please note** that if we do not have a signed permission to publish your number, it will take another year before you will be listed in the book.

No new changes have been reported to us this month.

New owners: If you are not listed in the directory, please note that an input sheet was provided by the office along with your copy of the park rules. Please look to see if you have this form – fill it out – and return it either to the office or to Donna at lot 938, or come to the new owner orientation, scheduled bimonthly, - check the calendar each month for dates so we can input your information for the next edition of the directory. Any corrections can also be submitted to Donna at 509-1182. And we hope to see you at the next new owner’s Seminar in December.

Remember, the Dial directory is only published **once** each year, and the next one will not be published until summer of 2019, so if you are not listed – it will be a while before your listing is published. **The directory is not produced by the office.** It is a resident’s club function, so **don’t expect the office to update your information for you.** If you do not wish to have your birthday or anniversary listed, please let me know but we still need a phone number as we need to let the Block Captains notify you during emergency situations like water shut-off notices or other emergencies. Thank you for your cooperation.

LINCOLNSHIRE HOMEOWNERS' ASSOCIATION, INC.

P.O. Box 1882, Largo, FL 33779

DID YOU KNOW?

Homeowners' Use Rights: Chapter 723 of the Florida Statutes was created by the legislature to provide a disciplined procedure for the development of a mobile home park. In 723.054 are requirements placed on the developer/park owner which grant to the park lot renter certain rights and privileges. Specifically:

1. The right to assemble (peacefully).
2. The right to use park amenities.
3. The right to purchase the park (right of first refusal), subject to certain conditions.
4. The right to have the park owner (your landlord) explain the material reasons for a rent increase.
5. The right to take certain issues to mediation.

The park owner (land lord) is not under any obligation to interact with a homeowner (lessee) or homeowners' committee on any other issues except a "Sale of the Park" when a change of use is involved, "Rent Increases" and "Pass-on or Pass through" issues.

Knowledge and understanding of the community and environment in which you live is important in being able to enjoy and understand the Lincolnshire community.

Yearly Membership Dues: The deadline for 2019 membership dues is December 31st 2018. LHOA will start accepting dues starting November 1st 2018 for 2019.

The yearly dues are increasing to \$15. Updated Florida requirements for all HOA's over the last 3 years has resulted in increased yearly expenses especially for legal interpretation and administrative costs. Florida's attention to some of the issues HOA's face is very positive. Dues can be paid starting on November 1st 2018 at different venues. LHOA will have a representative at the weekly coffee on Wednesday mornings. Payment can be made directly to the Treasurer Lot 1523, at BOD meetings in November and December, Member meetings in December. If paying by check please make payable to LHOA. *New members will need to complete a short membership form.

“Welcome to Lincolnshire”

By: Donna Wurtz (lot 938...momshse@aol.com...509-8112)

Our next New Owners’ Orientation has been moved back to December. Watch for the dates in next month’s voice. Thanks to everyone who came to the meeting in September. If you did not receive a personal visit and were unable to attend our last orientation, or perhaps you have joined our community more recently, we hope you will be able to join us for the upcoming event in November. Lots of information about the community and the surrounding area will be available to you at one quick easy meeting. Hope you will be there.

Attention all residents: We need your help. If you are aware of people moving in or out of Lincolnshire, please let a committee person know so that we may extend an invitation. Names are unnecessary, just lot numbers. And don’t be shy yourself, join us at the session too. You might be surprised by what you don’t already know.

See you in December!

A Nurse’s Toolbox #5

By Allyn Webert, RN. (Lot 1438....847-975-1043)

The holidays are coming upon us fast filled with activities at the clubhouse and house parties. Not to mention all the baked goods from wonderful regional recipes including my own “Yulenana Bread.” It is certainly not my intention to put any damper on any of these great times. However, nurses just can’t resist helping people understanding the laws of nature when eating and exercise are challenged. If you have ever been a patient in a hospital you certainly have experienced how we schedule your injection or therapy just as you get your ice cream.

For over half of my 40+ years as an RN I have tried to assist people including myself understand how much of what we eat and what we then do with it lends to a healthier and safer life. But providing the information, practical as utterly possible, takes more than one article. You could fill the Largo library into the street with all the books and articles on nutrition, exercise and most importantly diabetes. Yes I will talk about diabetes as certainly the end result when nutrition, our own body and exercise go awry for very sure. I won’t tell you what to eat, only the why (so much more than just being hungry) and the when, not what to do with what you have just eaten, only when to start doing something and what works the best to use it. Always “gonna” be up to you in making amends to your bodies and start a new routine. Yes, amends to ourselves! We are most deserving of self-forgiveness. Geez, we are the only ones who can do

Continued on page 28

that! Done it many times myself so you will not be the Lone Ranger or the first one. And don't be the last on your block either.

When I provided classes to diabetics whether they just graduated to the disease or struggling for some control I offered 3. First class was to understand how our body was designed to survive using food many thousands of years ago, what has happened recently to challenge how we as humans were designed including what diabetes is and isn't. Lastly how medications, managing our meals and simple exercise have such a central role in feeling so much better. "Why am I so tired after I eat, I got 8 hours of sleep last night." "I started a new diabetes medication and I feel lousy." "I will just eat less or one big meal and that will help." And so, so many others. Losing control of our blood sugar (needed by every living cell in our body even fat for energy) can and often is utterly frustrating.

As we go through the 3 future articles I will use "I" as our body talking to us. I will remind you so you won't think it is too weird. Our body has been talking to us, sometimes fervently, from the time our tiny heart sent a wonderful first beat. The body has never ever stopped talking to us, believe me. Too often we have all tuned out that natural voice. You won't need hearing aids to listen. Our cells and organs are carrying on a conversation right now as you read.

Nurses are also teachers. The professions have so much in common. However, teachers don't like the sight of blood and I can't stand the smell of chalk. Even Steven! As a result we like to end with something to do or think about doing on just plain faith that there is a reason (to be explained later.) So until the December issue, I am asking each of you unless you are already doing this one "to do", have breakfast by 8:30 A.M. in the morning, each morning. Remember, not telling you yet what to have just eat by 8:30 A.M... Of course "I" your body would like something more than a donut and coffee. Make a personal pledge whether you are hungry or not!!! The reason is coming in December, believe me. If you like to do some extra credit then "I" your body would ask you to buy a loaf of whole grain bread every other time you buy bread. Finally, think about the following old saying "use it or lose it" versus when eating "use it or store it somewhere." I can attest to seeing in the mirror where some of the "store it" places are on me. I can't blame it on the mirror this time. Chew well my friends.

RIDING MY BIKE LIKE A "BAT OUT OF YOU KNOW WHERE"

by Teri Thara (Lot #717.....terithara@gmail.com)

As I ride my bike in our beautiful Lincolnshire community, I feel the sweet breeze of the wind, the sound of birds singing, the good mornings given and received from neighbors, and the freedom of feeling safe.

And then it dawned on me! Why in the world, as I ride singing, whistling, and realizing how blessed I am, why am I not following the rules of the road just like if I was out on the road. It isn't fair to the people on our little streets, those pulling out of their driveway, or those making a turn around the corner.

All of us who are on three wheelers or our two wheelers must abide by the rules, just like everyone complains about people speeding in the park:

NOTE TO ALL DRIVERS: The speed limit is 10 mph for autos and golf carts and you must come to a complete stop at stop sign

NOTE TO PEOPLE RIDING THEIR BIKES (ME INCLUDED, LOL!):

- Ride with the direction of traffic just as if you were on a street.
- When you come to the corners, slow down and watch for cars. (I know, we should stop, but that may be too hard for some).
- Watch for cars, as they pull out of driveways.
- If you ride at night, have the proper light in front & reflectors on the back.
- Do not ride on sidewalks.

Should someone get hit on a bike, it will always be the driver of the car's fault, presumably. Hopefully, this never happens in our lovely community.

NOTE TO SELF: Continue to enjoy your bike rides, but be careful out there.....it's a rough world!

NOTE TO MY COMMUNITY: Keep smiling!

Lincolnshire Travel Club

By "Abe-Lincoln Shire" (#938... 459-0394...bigchees99@aol.com)

The travel season is now upon us, and the first cruise is leaving on Nov. 4 from Tampa for 14 days to Panama Canal & more. If you are returning to Lincolnshire from your "summer vacation home" up north, check the bulletin board for day trips & overnight trips that still have room for more residents. Remember the day trip to Kennedy space center – this one was booked before the space center raised its admission price, and they are honoring our original price point for the trip. Also watch for info for the Valentine day trip to the Murder Mystery Train dinner & show, and day trip to Myakka River State Park. This trip was great when we did it 2 years ago, and we are going again by request. There is a new airboat company doing the tours, so it promises to be a little different, and lunch at Der Dutchman Restaurant is included – always a popular place to eat.

Cruises to Panama Canal, Christmas Cruise, and Cancer Cruise are all sold out. They will all be great trips. We do have a cruise available in February to the Mexican Riviera. The price includes airfare from Tampa, all transfers, 7 night cruise all taxes & fees and travel insurance, Sailing from Los Angeles to Cabo San Lucas, Mazatlan, and Puerto Vallarto. Call for info & this great price. Also in April we have a cruise that was requested to the Eastern Caribbean, a 10 night cruise from Ft. Lauderdale to St. Kitts, St. Maarten, Antigua, and more. Call us for info. Watch the Facebook page for more trips, and check the bulletin board too.

Hi everybody! Rudy here. Mom's got a new animal for pet of the month. It's a CAT!!! I don't like it but she said I have to put up with it cause cats are pets too. Really!! I always thought cats were things I got to chase! But this one looks kinda cute and his name is Charlie. He lives with his owner Tammy on 10th st. So maybe I'll allow it this month.

NOV 12 - DEC 10, 2018 Federal Benefits Open Season for FEDVIP

Jan 1, 2019 FEDVIP plan year begins

2. Veterans have reason to be uncertain over what Congress and the Trump administration plan both for “Blue Water Navy” Vietnam War veterans who have Agent Orange-related ailments, and for veterans seeking smoother access to more convenient and timely health care from private sector physicians and hospitals. Sen. Johnny Isakson (R-Ga.), chairman of the Senate Veterans Affairs Committee, insisted throughout a hearing last week that he and VA Secretary Robert Wilkie will deliver a solution to extend VA disability benefits and health care to veterans who served on ships off the coast of Vietnam during that war and today have conditions VA presumes are linked to toxic defoliants sprayed on land.
3. The Department of Veterans Affairs (VA) and Walgreens are providing free standard (Quadrivalent) flu shots to enrolled Veterans of the VA health care system. During the program, which runs through March 31, 2019, enrolled Veteran patients nationwide have the option of getting their flu shot at any of Walgreens' 8,200 locations in addition to their local VA healthcare facilities. No appointment is required. Simply go to any Walgreens, tell the pharmacist you receive care at a VA facility and show your Veterans Health Identification Card and another form of photo ID.
4. Military retirees, those who receive disability or other benefits from the Department of Veterans Affairs, federal retirees, and social security recipients will see a 2.8 percent pay raise in their monthly checks in 2019. It is the biggest Cost Of Living Allowance (COLA) increase in seven years, equaling as much as \$369 a month for those at the top of the pay charts.

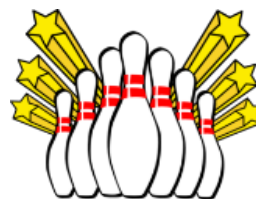

Just a reminder that our Veteran’s Day celebration will be on Sunday 11 Nov in the club house beginning at 10:45am by the flag pole.
