# HOMEOWNERS OF OAK CREST / ACORN RESIDENTS, INC.

By: Jen Naegele, Secretary

All our snowbirds should be “roosting” at OakCrest/Acorn. We can’t wait to see you again!! There are sooo many fun activities going on for December.

Our next general meeting is Monday the 26th at 7pm.

Remember any issues you might have please go through Sharon first... if a resolution is not reached it will then be turned over to the Board to see what can be accomplished.

Hard to believe Christmas is almost here !

Reminder, come the January issue of the Messenger, you will find a small envelope contained in the issue which will enable you to pay your annual \$10/yr HOA fee.

To those of you who have recently returned....welcome back...we missed you!!!

## OAK CREST / ACORN RESIDENTS' CLUB, INC.

John Brennan, President, Lot #435, 586-365-9951

It is good to have our snow bird friends back along with the cooler temperatures. At our upcoming December meeting, nominations are need to be in for next year's officers. Anyone interested in being on the board will need to be nominated at that time. Elections will be during the January meeting.

The first pancake breakfast of the season was an overwhelming success with 92 attendees.

There will not be a game night in December.

Motorcycle parade will be December 1st. Come on out and cheer them on!

Pancake breakfast December 3, 2016 @ 8:30am – 10:00am. \$4.00 per person

Monthly Meeting December 5, @ 7PM – Clubhouse. Pinellas County Sheriff to speak on

*...continued on page 6*

safety during the holidays! Donuts and coffee to follow.

Christmas golf cart parade will be December 16th. Line up @ 6pm at the clubhouse. Decorate your golfcart and sing a few carols with us!

### **Activities Committee**

We would like to "Thank" everyone that attended the Halloween Party especially the new residents that joined us. Everyone had a good time and we had some really nice costumes which made it hard for us to choose the winners. 1st place went to Leona Natale, 2nd place went to Dave Brown, and Honorable Mention went to Bev Trester. 75 people attended. 50/50 winner of \$ 55.00 was Shari Samples.

Our Christmas Party will be Saturday, Dec. 10th with music by "Soundwavz".

BYOB.. 5:30.. Dinner... 6:00...Music... 7:00. Dinner will be Ham, Scallop potato, veg. and dessert. Tickets are \$9.00 per person and are available from Nancy: 437-7415 and Joy: 588-0323.

January 1st: New Year's Day Luncheon from 11:00 - 2:00 p.m. Variety of dishes. Tickets are 6.00 per person. Come and join us in celebrating the new year.

Thursday, January 12th will be our Fashion Show sponsored by Patchingtons. A light lunch will be served and our models will be our own residents. So come out and cheer them on. Tickets are 6.00 p.p. and are available from Nancy: 437-7415 or Joy: 588-0323. Lunch at 12:00- noon.

## **ANNUAL LIGHTED MOTORCYCLE PARADE**

---

**I**s Thursday December 1st, starting at approximately 6:30pm led by our own Bill McGill who is a member of the Gold Wing Riders.

The Gold Wing Riders, Clearwater Chapter travel to numerous mobile home parks and events every night during the month of December. They support many charitable activities throughout Pinellas County with the donations they received.

Please note they are unable to turn around on dead-end streets so bring your chairs to a non dead-end street.

ACORN – please note they will enter on Acorn Trail and loop to Chipmunk Drive to exit.

## MESSAGE FROM THE PARK MANAGER

---

**W**elcome back to all our Northern residents! Please be sure to stop by the Management Office to say "Hello" and complete our returning resident form.  
Just a reminder – Seasonal Rentals must have prior Management approval prior to move-in.

All renters **MUST** complete an Application to Sublease, provide a copy of their Driver's License or Passport, and have a Criminal Background check done. This is required **EVERY** time someone subleases a home in the Community. In addition, please remember that a home can only be subleased one time in a twelve month period.

Please remember to be sure that your Lot # appears on any payments submitted to the Management office. This will assure your payments can be processed in a timely manner.

Thank You

## From our family to your family

Morton Plant Hospital got its start in 1914 when several local women asked railroad magnate Morton F. Plant to fund a hospital. He agreed, if the community would also make a substantial contribution. They took the challenge and the hospital opened in 1916. Throughout the years, the hospital served the community, and the community gave back, ensuring that generations of families would be able to count on the compassionate, quality care provided by Morton Plant Hospital.

One of the most noteworthy hospitals in the nation, Morton Plant Hospital was founded because a community cared. And 100 years later, one thing remains the same — our commitment to caring for your family.

*The new Doyle Tower at Morton Plant Hospital, scheduled to be completed in 2017. Another example of how the community gave back.*

## Watch the sunrise for better health

---

**W**ant to lose some weight? Try getting out of bed earlier. In a study conducted at Northwestern University, researchers gave 54 people wrist monitors that tracked their sleeping patterns and exposure to light for a week and asked them to keep detailed records of what they ate. The researchers also measured participants' activity level and age, as well as the season they were being monitored.

The researchers found that exposure to early morning light, whether natural or artificial, was associated with a leaner body weight. The reason, they speculate, is that light may play a role in regulating the metabolism, similar to its effects on wakefulness and alertness. The connection isn't conclusive, but getting up a little earlier couldn't hurt.

## Coffee may benefit heart attack survivors

---

**I**f you've suffered from a heart attack or know someone who has, this news should perk you up: A study by York University in the United Kingdom found that drinking one or two cups of coffee a day can apparently cut the risk of premature death by 20 percent among heart attack patients.

Researchers kept track of 3,721 U.K. heart attack survivors and their coffee habits in the UK. They're not sure how coffee helps them, but other studies suggest that drinking three to five cups of coffee daily has a beneficial effect on people with Parkinson's Disease, and it may also help people with liver cancer.

## Don't let wet dishes breed disease

---

**M**ake sure your clean dishes are completely dry before you start putting them in the cupboard. Researchers have found that still-wet, stacked dishes can be prime breeding grounds for bacteria. In one study at a Veterans Affairs hospital, dishes were washed in a commercial dishwasher. Half were air-dried for 24 hours and the other half stacked while wet. Although researchers found no significant difference in the amount of bacteria found on either sets of plates after 24 hours, the dishes stacked wet teemed with bacteria after 48 hours. The best solution? Air dry.

## You can't miss these December holidays

The celebrations and holidays of December come from many different countries and cultures. Here's a guide to what your friends and neighbors are up to this month:

- Hanukkah, Dec. 24-Jan. 1. Hanukkah marks the rededication of the Temple of Jerusalem following the Jews' victory in the Maccabean Revolt in 165 B.C. According to the Talmud, the Jews had only enough olive oil to keep the eternal flame in the Temple burning for a single day—but miraculously, the oil continued to burn for eight days, during which time the Jews were able to produce and consecrate fresh oil for the flame. The eight-day Jewish holiday begins at sundown. Hanukkah is observed by the lighting of a nine-branched candelabrum, called a menorah. One candle is lit each of the eight nights, with a central candle lit each night to light the others.

- Christmas, Dec. 25. This Christian holiday celebrates the birth of Jesus, sometime between the years 7 and 2 B.C. The word "Christmas" comes from "Christ's Mass," a phrase first recorded in old English in 1038. Christmas began to be observed with feasts and celebrations in the Middle Ages—the online encyclopedia Wikipedia notes that King Richard II of England hosted a Christmas feast in 1377, with 28 oxen and 300 sheep eaten. The colonial Puritans of New England disapproved of Christmas celebrations, banning them during the 17th century. But other colonists observed the day with Christmas trees and nativity scenes. President Ulysses S. Grant signed the law making Christmas a federal holiday in 1870.

- Kwanzaa, Dec. 26 to Jan. 1. A seven-day celebration of African heritage and culture, Kwanzaa was created in 1966 by activist Maulana Karenga to provide African-Americans with a holiday that emphasized their shared history and experience. The name Kwanzaa derives from "matunda yakwanza," a Swahili phrase meaning "first fruits." Houses are decorated with African art and colorful cloth, and seven candles are placed in the kinara, a candleholder. The central candle in the kinara is black, with three red candles on the left and four green candles on the right. The candles represent the Seven Principles of Kwanzaa, which are contemplated each day as one is lit: unity, self-determination, collective work and responsibility, cooperative economics, purpose, creativity, and faith.

## Did you know that December is also...

**Buckwheat Month.** Designated the “December Grain of the Month” by the Whole Grains Council, buckwheat contains higher levels of zinc, copper, and manganese than other cereal grains, along with a very high level of protein. It’s used in soba noodles, crepes, blintzes, pancakes, and other delicious foods.

**National Impaired Driving Prevention Month.** This holiday season, make sure to plan for a safe way home, especially if your plans involve alcohol. If someone you know is drinking, don’t let that person get behind the wheel. Remember, too, that just because you’re driving sober, others on the road may not be. Always buckle up, drive with caution, and call 911 to report a suspected drunken driver.

**Safe Toys and Gifts Month.** Prevent Blindness America has declared December Safe Toys and Gifts Awareness Month, encouraging gift-givers to consider whether the toys they plan on giving suit the age and individual skills and abilities of the child who will receive them—especially for children under age 3.

**Universal Human Rights Month.** This month commemorates the Universal Declaration of Human Rights, adopted by the General Assembly of the United Nations on Dec. 10, 1948. Driven by the human tragedy of World War II, this document represents the first global expression of human rights.

**National Handwashing Awareness Week, Dec. 4-10.** Remember these four principles of hand awareness to stay healthy: Wash your hands when they’re dirty and before eating; don’t cough into your hands; don’t sneeze into your hands; and avoid putting your fingers into your eyes, nose, or mouth.

**Older Driver Safety Awareness Week, Dec. 5-9.** Promoting greater understanding of the importance of mobility and transportation so older adults can remain active in the community by shopping, working, or volunteering—with the confidence that lack of transportation options will not strand them at home.

**Computer Science Education Week, Dec. 5-11.** Computer Science Education Week (CSEdWeek) is an annual program dedicated to inspiring K-12 students to take an interest in computer science. CSEdWeek is held in recognition of the birthday of computing pioneer Adm. Grace Murray Hopper (December 9, 1906).

**Kwanzaa, Dec. 26-Jan. 1.** A weeklong celebration held in the United States and in other nations honoring African heritage in African-American culture, culminating in feasts and gift giving. Kwanzaa was created by Maulana Karenga and was first celebrated in 1966–67.

## The smell of hate

A teacher decided to play a game with her class. She told each child to bring in a plastic bag containing a few potatoes and to give each potato the name of a person that the child didn't like. The number of potatoes that the children put in their plastic bag would depend on the number of people they don't like.

The next day some children had two potatoes, some had three, and some had five potatoes or more. The teacher then told the children to carry the potatoes with them wherever they went for a week.

Days passed, and the children started to complain about the unpleasant smell let out by the rotten potatoes. Also the children with five or more potatoes complained because they had to carry heavier bags. The children were relieved when the game finally ended.

Then the teacher told them the meaning of the game: "This is what happens when you carry hatred for somebody inside your heart. The stench of it spreads everywhere, and you carry it with you wherever you go. If you can't tolerate the smell of rotten potatoes for just one week, can you imagine what is it like to have the stench of hatred in your heart for a lifetime?"

## The elephant's teeth

One day a hungry mouse in the jungle found a small nut. He tried to bite into it, but its shell was too hard and thick. Irritated, the mouse said, "Why did the gods give me such tiny teeth?"

Suddenly he heard the voice of a god from far above. "Mouse, go out and look at all the animals in the jungle. If you find one whose teeth you like, I'll give them to you."

Overjoyed, the mouse ran through the jungle, looking for the biggest teeth he could find. He looked at many animals but didn't find any teeth he liked until he spotted an elephant. Envious of the beast's thick tusks, he wandered over and asked, "Sir, are you happy with those big, long teeth?"

The elephant answered: "Friend, these are just for show. I can't use them to chew food as you do. At least you don't have to bear the weight of these huge teeth."

Hearing this, the mouse realized he was better off having tiny teeth and went off to find his nut again.

"...I am so happy with my new windows...I'd like to commend your work crew. Earbie and Larry were fantastic! I couldn't believe the clean-up EVERYDAY! The whole job took just a week even with all the rain delays. I would and WILL highly recommend your company to my friends and neighbors. Of course I won't need to say a word – the house is doing all the talking! Thank you so much for my beautiful new house."

Carol Zapiecki, Clearwater, FL

"Just a short note to express my appreciation for the work done on my mobile home. The crews that worked here...were gentlemen at all times, efficient, knowledgeable and prompt. You can be sure if I run into anybody who needs your type of work, I will surely recommend your company. It has been a very satisfying experience!"

# Seeing Santa Claus

---

A grandmother took her grandson to the shopping mall in December to see Santa Claus. The young boy was very excited to sit on Santa’s lap. “Now, little boy,” Santa said, “tell Santa what you want for Christmas.”

In a very loud voice, the boy said, “I want a NINTENDO, and a NEW BIKE, and some BOOKS, and—”

“You don’t have to shout,” Santa chuckled. “Santa isn’t hard of hearing.”

The boy leaned forward and whispered, “No, but my grandma is.”

# Wrong answer

---

A man was being sentenced in a California court for shooting and eating a condor—an endangered species. Looking for mercy, the defendant made a passionate speech.

“I’m truly sorry, your honor,” he said. “I just moved here and I don’t have a job, and I was hungry and cold. I’d never seen a bird like that, and I had no idea it was endangered. I’ve never done anything like this before, and I’ll certainly never do it again.”

The judge gave him probation, telling him not to let it happen again. Then he said: “I’m curious. What does a condor taste like?”

“Oh, kind of like a cross between a whooping crane and a spotted owl.”

# Reduced sentence

---

A criminal with a long record of transgressions was on trial for his latest crime. The jury found him guilty on 33 counts, and the judge sentenced him to 189 years in prison. Realizing that even with time off for good behavior he would be more than 100 years old when he was finally released, the prisoner burst into tears.

Touched by this display of remorse, the judge paused to reconsider. “I didn’t mean to be so severe,” she said. “Thinking it over, I can see that I’ve imposed an extremely harsh sentence. So you don’t have to serve the whole time.”

The prisoner beamed with new hope until the judge leaned toward him. “Just do as much as you can.”

## 'Smart windows' coming soon?

---

A new flexible material for windows and sunroofs may be able to control the heat and light they receive from the sun, according to the Phys.org website. Scientists at the Cockrell School of Engineering at The University of Texas at Austin used a low-temperature process to create a material with a unique structure that doubles the efficiency of the coloration process, allowing it to switch between clear and tinted more quickly than other coatings.

The scientists, part of an international team, believe their research could lead to the creation of materials for other applications such as supercapacitors to store and release electrical energy rapidly and efficiently.

## Rare shark may have lived almost 400 years

---

Trees can live thousands of years. Animals don't live nearly so long, but scientists have discovered what they believe may be the longest-living vertebrate animal—a Greenland shark. Analyzing carbon in the eye lenses of one Greenland shark after its death, marine biologists at the University of Copenhagen determined that the shark was 392 years old, give or take about 120 years. That beats the previous record holder for vertebrate longevity, a bowhead whale that lived about 211 years.

Little is known about the Greenland shark. It's one of the largest carnivores in the world, and dominates the food chain in northern waters. The scientists studied Greenland sharks accidentally caught by fishing boats, analyzing their eye lenses because sharks don't have the kind of bones that build up calcified rings as they age. Although some scientists disagree that the shark's age is typical, they concede that we know little about the average lifespan of this mysterious predator.

## Particles may halt bleeding, save lives

---

Saving a life after an accident or injury is often a matter of stopping blood loss as quickly as possible. The Science Daily website reports that scientists have devised nanoparticles that can locate the site of a bleed and help form blood clots to stanch the flow.

The nanoparticles are coated with molecules that adhere to a glycoprotein in activated blood platelets and bind to those platelets to form clots. The particles have been tested in rats and pigs, and they soon will be tested for their effectiveness in human blood—potentially saving thousands of lives.
