## **Homeowners of Oak Crest / Acorn Residents, Inc.**

*Diane Rice, President, Lot 636, 828-230-7249*

---

**M**ay is here in full bloom, and gorgeous. Many of our northern friends have left, we will miss them. Management has been on top of the daily wear and tear maintenance and routine upkeep of the park. We have seen many repairs and replacements of some items necessary and included in park amenities.

These include: replacement of pool heater, replacement of exit gate control box, replacement of the park sign on Ulmerton Road entrance, and sprucing up Acorn entrance. Good job management.

Now let's do our part to enhance the appearance of our park. Take a good look at your house and lot. Fix anything that needs it; repair torn screens, replace broken windows, wash home exterior, weed planters and borders, spruce up drive ways and keep your house and lot neat, clean, and tidy. We all live together in our park; we should work together to make our park beautiful and should take pride in the appearance of our home.

I would like to thank everyone that has paid their HOA dues; we – all – of us that are residents of our park appreciate your support. We would like to see 100 % support.

There will be a HOA meeting in the clubhouse 7:00 pm Monday, May 20. Hope to see there.

## **Oak Crest / Acorn Residents' Club, Inc.**

*Annette Watts, President, Lot 504, 843-457-9599*

**S**o sad we are saying goodbye to the last of our winter friends. We will miss them and look forward to their return.

There are many activities going on in the park for the summer people. The activities are on the calendar in the middle of the book. Check it out and see what appeals to you.

We will be holding a few events during the summer. Check the messenger, clubhouse board, and outdoor boards for more information.

Due to the sudden passing of our beloved Joy Olsen, Carol is looking for help in the library. Please give her a call if you can spare some time. She especially needs help for the next two months.

Her number is: 727 581-8015. Your help would greatly be appreciated.

Have a great and safe summer!

## Activities Committee

*Connie Toper, Chairwomen, Lot 199, 585-465-2441*

---

As the 2028-2019 season comes to a close, I would like to take this opportunity to thank several people who have made this past season a success. First, I would like to thank the wonderful ladies who make up the Activities Committee, Liz Bierfeldt, Linda Galan, Sharon Manship & Annette Watts. Without these dedicated, tireless ladies our events would not happen. Also, Chuck Watts for his help in the announcing at the events & all the cleanup help he does along with my husband, John Topor. John is an enormous help before, during & after each event.

Dave Brown, who has done all our picture taking & picture bulletin board this year, a big thank you for that. Last but certainly not least, a big thank you to Jan Morrissey for the composing & printing of our flyers & tickets for each event. As I stated, it takes a multitude of volunteers to make each event possible.

Next season our current 50/50 will be renamed "Share the Wealth". Our last event of the year was our Farewell Show/Dance. It was attended by 56 residents. Our give away baskets were won by Alanda Hollins #403 & Teresa Boudreau #389. The 50/50 was won by Alanda Hollins #403.

We recently lost one of our residents, Joy Olson, who was a very valuable part of our committee as a ticket seller. Joy was just what her name implied, a "joy" to be around. Joy will be sadly missed by all who had the privilege of knowing her.

A big thank you again to the residents of Oak Crest/Acorn who have attended our events during the 2018/2019 season. See you back here in the fall!

## Stay safe during boating season

Here are some basic do's and don'ts for boating safety this summer. Follow these tips for fun, safe boating with your friends and family:

- Wear your life jacket. It floats; you don't.
- Never mix alcohol and boating.
- Know and follow nautical rules.
- Never stand in a small boat.
- Check the weather forecast before you get underway.
- Never overload your boat.
- Always keep a good lookout.

If you do go out in a boat and bad weather unexpectedly occurs, here's what you should do:

- Put your life jacket on, and prepare for rough seas.
- Get below deck, and stay there if possible.
- Keep away from metal objects that are not grounded in the boat's protection system.
- Do not touch more than one grounded object at a time, or you could become the short-cut for electrical surges passing through the protection system.

## Fuel from plastic? It could be coming

Recycling to reduce waste and protect the environment isn't a new idea. However, a new process may be able to recycle up to 25 percent of our plastic waste into fuel, according to the Science Alert website. Chemists at Purdue University have been able to liquefy the polymers that make up about a quarter of plastic waste and turn it into diesel-like products that can be used as a blendstock for fuel.

The process, called hydrothermal liquefaction, involves heating water under heavy pressure to work as a solvent and catalyst for transforming the molecular makeup of polymers. With the addition of some hydrogen atoms, this converts the plastic into a fluid called naphtha.

Previous results were disappointing, but the Purdue team of chemical engineers recently converted more than 90 percent of the polypropylene used in an experiment into fuel-grade naphtha. Further analysis suggests that the process could be a more efficient and environmentally friendly way of dealing with plastic waste than burning it or recycling it.

## Mysteries of the ancient stone monuments

Stonehenge is probably the most well-known monument built by ancient humans, but it's not alone. As The New York Times reports, there are as many as 35,000 such structures in Europe, ranging from stone circles to dolmens (tablelike structures) and standing stones. Recent radiocarbon dating reveals that the earliest of these stone structures were built in France some 6,500 years ago and their construction spread to England, Ireland, and Scandinavia, as well as along the Atlantic and Mediterranean coasts over 200–300 years.

Many of the dolmens were used as tombs and could be reopened to permit additional burials. The earliest known dolmen was built in central western France between 4371 and 4262 B.C.

Sicily, Apulia and the Balearic Islands saw a wave of megaliths built between 1000 and 2000 B.C. Stonehenge was constructed sometime late in the megalithic heyday, in approximately 2500 B.C.

## Monthly

---

**Better Hearing and Speech Month.** The American Speech-Language-Hearing Association uses this month to raise public awareness of communication disorders and the treatments and strategies necessary to overcome them. The 2019 theme is “Communication Across the Lifespan.” To learn more, visit <https://www.asha.org/bhsm/>

**Clean Air Month.** The quality of the air we breathe affects our general health, well-being, and ability to function daily. Are there hidden toxics lurking in your home, community, or workplace? If so, what can be done about it? Visit the American Lung Association website to learn more and read its annual State of the Air report.

**Gardening for Wildlife Month.** If you’re planting a garden this year, make sure to include plenty of native flora. Restore the balance of nature by creating a thriving ecosystem that will attract and sustain insects, birds, and other animals. Locate resources and other ideas on the National Wildlife Federation website.

**Get Caught Reading Month.** Librarians, teachers, and other advocates will take up the charge launched by the Association of American Publishers 30 years ago. Read for pleasure, read for fun, read to your children, and encourage them to read and grow intellectually and linguistically. If you’re going to get caught doing something this month, let it be reading.

## Weekly

---

**National Hurricane Preparedness Week, May 11–19.** Hurricane season typically runs July through October, but it’s not too early to plan for disaster if you live in an area where these storms are common. Visit the Department of Homeland Security at <https://www.ready.gov/hurricane-toolkit> for safety tips and tools, and bookmark the National Weather service site at <https://www.weather.gov/wrn/hurricanepreparedness> for even more information.

**National Women’s Health Week, May 12–18.** Women’s health needs change as they age. Visit <https://www.womenshealth.gov/nwhw/to> take a quiz, get your health score, and find out where to focus your efforts to maintain your optimal health.

**National Bike to Work Week, May 13–19.** Who needs cars, buses, and trains? If you have the wheels and a safe and manageable route to your workplace, pedal it out. It’s great exercise that will get you pumped up at the start of your workday and help you wind down in the evening. It benefits the environment, too. Go to <https://bikeleague.org/> for more information.

**National African Violet Week, May 26–June 2.** Serious gardeners take note: If you want to learn more about growing, caring for, and showing these beauties, pack your bags and get to Houston, where the African Violet Society of America will host its 73rd annual convention and exhibition. “Violet Fun in the Texas Sun” is the theme for this year’s event.

"...I am so happy with my new windows...I'd like to commend your work crew. Earbie and Larry were fantastic! I couldn't believe the clean-up EVERYDAY! The whole job took just a week even with all the rain delays. I would and WILL highly recommend your company to my friends and neighbors. Of course I won't need to say a word – the house is doing all the talking! Thank you so much for my beautiful new house."

Carol Zapiecki, Clearwater, FL

"Just a short note to express my appreciation for the work done on my mobile home. The crews that worked here...were gentlemen at all times, efficient, knowledgeable and prompt. You can be sure if I run into anybody who needs your type of work, I will surely recommend your company. It has been a very satisfying experience!"
