Knock, knock who is there? Not a health agent.

Michael Crofts
FL Licensed Independent
Health Insurance Agent

Medicare has very strict rules prohibiting the enrollment into most products via door-to-door sales. Still many seniors are experiencing unsolicited calls and visitors. Making a decision about your health coverage is important and should be done every year, but not by someone who shows up on your doorstep or is cold calling you. At Best Plan Choice, we encourage you to find out how good a full-service health agency can be for you. We work directly with individuals, groups and communities to bring our services to you, at your request.

During the annual enrollment season for Medicare health coverage (Oct 15-Dec 7) we host seminars with free coffee and dessert (see our enclosed insert or call 855-BOOMER65). Throughout the year, we are available to present every available plan, assist you with customer service issues or become your agent if you need one.

Are you debating if you need Medicare Part B? We can show you how to save money on your Part B premium each month. Do you need financial assistance? We can help you apply for Medicaid or extra help for the high pharmacy costs you may have. Is your spouse still working to provide health insurance for you? We may have options which will start their retirement sooner. We will provide a complete needs analysis during a personalized appointment so you can make the best plan choice for you. As always, our services are without charge or cost to you. Call us at Best Plan Choice, where Clients become Friends, and Friends become Clients!

Oak Crest / Acorn Residents' Club, Inc.

Annette Watts, President, Lot 504, 843-457-9599

Welcome back to sunny Florida! Glad to have you all "home". The weather is finally getting cooler. We are looking forward to all the great activities this coming season. If you are new here please come to a event and check us out. Let us know at the door or when you purchase your tickets and we will make sure to have you sit with someone that will be fun to hang out with.

Check out our Halloween party which is always a lot of fun. Most of our events have a DJ or band and play music for every taste. We also serve a dinner at least one event per month. Our events start in October and run through April.

We are always looking for new events and value your input. If you have any suggestions, please talk to Connie Topor.

If you see Jake and Doris out and about please thank them for all the work they do getting the messengers ready for distribution every month. Jake spends many hours compiling all the letters and sending all the information to be printed, plus contacting everyone who distributes them to your homes when they come in, as well as distributing them to his district as well.

Thank you, Jake and Doris.

Your district leaders are distributing your new phone directory's this month. If you did not get your new phone directory's this month please contact your district leader. Your district leader is on the front page of the messenger.

OAK CREST/ACORN MANGEMENT OFFICE

Welcome back to all our northern residents.

There have been some beautiful improvements at the pool and spa area, so please come by and take a look. While you are there, stop at the Management Office and let us know you have returned to the community.

Please be sure and observe the posted speed limits throughout the community. Please slow down and watch out for your neighbors. Also, residents on bikes should also observe the stop signs for the enjoyment and safety of all.

Pet Reminder: All pets must be kept inside the home, or when outside must be on a hand-held leash. Pets are not allowed in areas where people congregate. Residents are required to pick up their pet's defecation. Specifically, defecation and urination are restricted to the pet owner's homesite.

Please take time to familiarize your guests and contractors on the proper way to access your home using our automatic gate system. Confusion of the process seems to be causing unnecessary damage to the gates.

OAKCREST / ACORN-NEIGHBORHOOD WATCH

Chuck Watts, Chairman, Lot 511, 843-4579598

It is now November and most all of our Winter friends are back. There is much more traffic on our streets. Please watch out for neighbors on golf carts. We had an accident this summer involving a vehicle and a cart, luckily no one was seriously injured. Please watch out for bikes, carts and walkers. Please acknowledge all stop signs and speed limits.

Deputy O'Brien will be at our December Resident's meeting. He will give us updates on security as well other items from the Sheriff's department.

We appreciate all of the support for our Watch program. If you see our members, tell them thanks. Remember we are a watch group and not security.

We are looking for a volunteer or two to assist us. If you are interested, please contact me at (843-457-9598).

Oakcrest-Acorn CANADIAN CLUB

Bob Emond, President, Lot 260, 727-330-6891

It's November and traditionally the time most of us start arriving back at Oakcrest/Acorn. A big welcome to all, those who have been coming for several seasons, and those who are new this year. To those who can't join us this year, we will miss you and hope to see you again soon.

A big 'Thank You' to the Oakcrest Homeowner Association's negotiating team for their efforts in trying to negotiate the recent rental increases. A special thank you to Ed Hahn our conduit for information, and Hazel Regan, our Canadian rep. These individuals are all volunteers and these types of negotiations are both stressful and time consuming. We appreciate the efforts of all involved.

November brings Remembrance Day and Veterans Day, a time to honor members of our armed forces who have died in the line of duty.

They shall grow not old

They shall grow not old, as we that are left grow old:

Age shall not weary them, nor the years condemn.

At the going down of the sun and in the morning

We will remember them.

From Laurence Binyon's poem For the Fallen, written in September 1914

Reminder: Our first Canadian Club event will be our annual Potluck Supper. See you Monday Nov 19th 2018.

Busy as a bee—even when the bees are sick

Honeybees are hard workers—even when they're sick. The (e)Science News website reports that researchers using radar technology have learned that honeybees continue to seek and collect honey for their hives even when they're suffering from infections or viruses.

The scientists mounted tiny, lightweight transponders to bees' thoraxes, enabling them to track individual bees using a radar signal. Studying the flight paths of 78 bees, the researchers found that although the sick bees didn't fly as far or as long as their healthy counterparts, they continued their search, suggesting that bees are hardwired to seek and procure honey even when they're ill.

Copper bracelet suggests vast ancient trade network

An ancient copper band unearthed with cremated human remains in Georgia suggests that Native Americans may have traded across greater distances than previously was thought, according to the EurekAlert website. The band, a little wider than a bracelet, came from the Great Lakes region some 1,500 miles away. Scientists were able to determine the band's origin because copper sources have a unique chemical makeup.

The fact that the Native Americans were cremated is also significant, because cremation was unknown in the Southeast United States during the time period the bracelet dates from—some 3,500 years ago—but was commonly practiced in the Great Lakes region and other northern regions. This suggests that our ancient ancestors may have had connections across large distances, allowing for wide trading networks across North America.

The question is one of judgment. For the distinguishing element of science is not intelligence but judgment. Or perhaps it is simply luck.

—John M. Barry

Take a cold shower—for better health

Showers keep you clean, but a cold shower can be good for your health. An article on the Success website spells out the benefits of taking cold showers:

- **Immunity.** Scientists believe there's a correlation between cold showers and increased production of an amino acid called glutathione, which boosts the immune system, gets rid of toxins, and eases stress.
- **Better skin health.** A hot shower removes important oils from the skin, making it dry and itchy. Cold showers reduce skin inflammation. They also prevent your hair from becoming brittle.
- **Muscle recovery.** There's a reason why athletes soak in ice baths after a tough game. The cold water helps speed their recovery time and relieve soreness quicker.
- **Better moods.** Cold showers may prevent depression, according to researchers at Virginia Commonwealth University. Decreasing the temperature of your water and then spending two or three minutes under cold water sends a lot of electrical impulses from the nerves in your skin up to your brain, which could have an anti-depressive effect.

Climate change strategy a mixed bag

Scientists scrambling for a solution to the problems caused by climate change have come up with an intriguing idea: shooting tiny particles high into the atmosphere to scatter the light of the sun.

The Science magazine website reports that sulfur dioxide gas can cool down temperatures by reacting to water vapor and forming droplets that scatter sunlight. It happens during major volcanic eruptions, such as the eruption of Mount Pinatubo in the Philippines in 1991 and the eruption of El Chichon in Mexico in 1982.

Scientists have used computer modeling to project the effect of injecting light-scattering aerosols into the stratosphere.

Unfortunately, the probable results appear mixed. Although the model predicted that corn harvests would increase 6.3 percent due to reduced heat, other crop yields would fall because of diminished sunlight, and the strategy would likely have no effect on yields for crops like soybeans, rice, and wheat. Scientists continue to study the theory in hopes of finding a viable approach to managing climate change.

Is it a headache—or a brain tumor?

Is that headache a sign of a serious medical problem? Maybe, but don't panic. A severe headache makes many people worry that they have a brain tumor, but according to The Cut website, the time to worry about brain tumors is when you have a headache combined with vomiting. These types of headaches come on suddenly, often at night, and feel worse when you're lying down. Over time they'll create other symptoms—numbness, weakness on one side of the body, and speech and vision difficulties.

More likely, a severe headache is either a migraine or a cluster headache. Both of these tend to appear in one side of the head. Some 36–44 million Americans suffer from migraines, which can last up to 72 hours. Cluster headaches also occur on one side of the head, and come in waves—people may have up to eight per day. They're more painful than migraines, but they're also over more quickly, lasting from 20–45 minutes.

Seek treatment, but don't worry yourself sick about brain tumors.

Doctors shortchanging patients, study says

Doctors are busy people—sometimes too busy. A study conducted by the University of Florida found that patients, on average, have only about 11 seconds to tell their doctors what's wrong with them before the doctor interrupts, sometimes sidetracking the interview. That may have something to do with the study's other finding—that doctors identified the patient's reason for the visit correctly only about 36 percent of the time.

The researchers offered several explanations for the situation: physician burnout, time constraints caused by the necessity of dealing with health insurance issues, and limited training in patient communication skills for physicians trained before 2004 (after that, training put more emphasis on communicating with patients).

Surprising sources of pain

The causes of pain aren't always obvious. Consider these unexpected sources:

- **Back pain.** Taking your vitamins? Chronic back pain can be caused by low levels of vitamin D. Another possibility: constipation caused by blockage in the colon. Eat more fruits, vegetables, and fiber for better digestion. (Source: Prevention magazine)
- **Headache.** Cheese may be the culprit. A substance called tyramine in cheese can trigger headaches. Also, low blood sugar can create a headache even before you realize you're hungry. A snack like whole-grain crackers with peanut butter can bring quick relief. (Source: the WebMD website)

A heartfelt request

Emma came home from work one Tuesday evening with no idea how her life was about to change. Mixed in with her daily mail was a handwritten note addressed simply to “neighbor.” The handwriting on the envelope and the note inside was in a shaky hand that reminded Emma of her late grandmother’s penmanship.

The return address on the envelope was for a house across the street that Emma believed to be vacant. The curtains were always closed and in the few years since Emma and her family moved into the neighborhood, they never saw anyone enter or leave the house across the street.

The note inside the envelope read:

Dear neighbor,

I see you with your family and you seem like a very nice person. I was wondering if we could be friends. I am 93 years old and no longer have any family. I am very lonely.

The note was signed by a woman named Allison.

In just a few lines Emma was reduced to tears. She thought of her own grandmother, who she’d just buried a few months ago, and how the loss of her passing was still present. Then she thought about how much loneliness and courage it would take for an elderly person to reach out to a complete stranger, hoping to make a connection.

The next day, after Emma sent her kids off to school, she walked over to Allison’s house and knocked on the door. She was greeted by a petite older woman with dazzling blue eyes. For the next few hours they got to know a little about each other over a pot of coffee and warm banana bread. Over the next few years Allison became a surrogate grandmother to Emma and her family.

As we embark upon this festive season of feasting and holiday observances, let us remember that the person in the next cubicle, living down the hall or across the street may be left out of these good times. Reach out in the spirit of friendship and inclusion to warm the heart of a lonely person through a selfless act of kindness.

Fortunately, somewhere between chance and mystery lies imagination, the only thing that protects our freedom, despite the fact that people keep trying to reduce it or kill it off altogether.

—Luis Buñuel

Monthly

National Gratitude Month. You don't have to wait for Thanksgiving to show your gratitude and appreciation. There's something to be grateful for every morning you wake up. This November, challenge yourself to greet each day with an attitude of gratitude.

National Healthy Skin Month. Summer is long gone, but you should still be wearing sunscreen and taking other steps to keep your skin hydrated this time of year. Make an appointment with your dermatologist for a skin check and find out what you should be doing to ensure that the largest organ of your body stays healthy.

National Inspirational Role Models Month. What better way to show our gratitude this month than by honoring those who've offered us the foundation of a good example? Keep that legacy alive by committing to passing along that example to others.

National Novel Writing Month. If penning a novel is on your bucket list, this is the month you can check it off. You have 30 days to crank out a masterpiece of 50,000 words. For inspiration, ideas, and more information, visit: <https://nanowrimo.org/>.

Weekly

American Education Week, Nov. 12–16. Each year the National Education Association highlights the value of our public school system and the tireless efforts of those involved with it. This is an opportunity for parents and community leaders to learn more about their local schools and get involved to ensure their ongoing success.

National Hunger and Homeless Awareness Week, Nov. 10–18. Since 1975, the week before Thanksgiving has been designated to raise awareness to the issues surrounding hunger and homelessness. To learn more, or find volunteer opportunities in your area, go to <https://hhweek.org/>.

National Game and Puzzle Week, Nov. 18–24. What better way to entertain the crowd during the week of Thanksgiving when several generations of family converge under one roof? Grab a deck of cards for a friendly game of Go Fish, dust off the checker board for a tournament with bragging rights until next year, or help your Aunt Liz work a crossword puzzle. Make your home “Game Central” this week.

National Deal Week, Nov. 19–25. The day before Thanksgiving kicks off the holiday shopping season. This week many retailers will offer deep discounts on just about everything imaginable. Whether you prefer to shop online or stand in line at a store at 3 a.m., make sure you get the best deal possible.

THOUSANDS manufactured home residents have won over **\$145,200** since our contest began. It's simple to play ... when you patronize a current advertiser, ask for a Monthly Mania ticket (or a reasonable facsimile) and fill it out completely. Put the ticket in our Monthly Mania drop box in your community or **mail your paid receipt** to us at **Monthly Media • 220 Bahama St. • Venice, FL 34285**. That's all you do. At the end of the month the Publishers will pick up the tickets and hold a drawing. If your ticket is drawn, we mail you a check.

(Allow 4-6 weeks for mailing of check). This month's cash winners are:
