## Message From Editor

The activities we are doing, as of Sept. 10th, are the following: Dime Bingo on Wednesday at 1p; Billiards at 1:30p on Monday, Wednesday and Friday: Corn Hole at 1p on Thursday (this is outside in the picnic area behind the pool).

## Homeowners of Oak Crest / Acorn Residents, Inc.

*Diane Rice, President, Lot 636, 828-230-7249*

October is here!!! A new season!!!!  
As of this writing {September 7} clubhouse is still closed in the evenings for meetings etc. there will be no HOA meeting in October.

I would like to go over some of the concerns I have seen posted on the Oakcrest Facebook page: water shut offs, robo calls, speeding, and dog owners lack of compliance.

### **WATER SHUTOFFS:**

**Emergency** water shut offs are not planned and cannot be printed in a flyer and distributed. These shutoffs are due 80% of the time to a resident digging where they should not or breaking a spigot. The health department tests our water after every shut off before the boil water is lifted. The reports are on file and available to anyone interested in examining them.

### **Robo calls:**

if a resident did not receive a call, that resident must check with the **office to update their contact information.**

### **Water usage:**

There is a schedule for water usage for lawns and other outside water activities {washing cars etc.} printed in your prospectus. Units that end in odd numbers i.e.; ending in '5' or '7' odd numbers use water for lawns on odd numbered calendar days; ex: 245 may water on days '3' or 7 or 9 or 11 etc. units ending in even numbers may use water on even numbered calendar days, ie; 636 may water on days '2' or '4' or '6' etc.

Watering of lawns is not permitted between 9:00 pm and 7:00 am.

### **SPEEDING/SPEED BUMPS**

Pinellas county emergency response department has been influential in the denial of speed bumps in senior living MHP due to the nature of their calls. The EMTs have stated that time/speed is of the essence in saving lives. The constant jolting caused by speed bumps may interfere with a patient's medical condition while in transport.

### **DOG POOP**

Those residents that are in violation of park rules: pets' defecation and urination are restricted to the pet owner's homesite. {as stated in the prospectus}. All pet owners are responsible for clean-up. **REPORT TO THE OFFICE ANY VIOLATION WITNESSED.**

I want to thank Connie Topor for all her years of service and commitment to the Activities Committee. She has been a member of the group for several years and the head of the group for the last two years. Connie has been a great leader and mentor to all of us. She has always come up with great ideas and has been a pleasure to work with. With that being said, it is with deep regret that I must announce that Connie and John will be moving permanently to New York. Connie has some medical problems and cannot travel anymore. Unfortunately, she can not overcome her medical condition and therefore has to stay put where she is, and that is in New York. Please keep her and John in your prayers. She will be deeply missed. Connie has been a great friend and a very kind person to all.

John has always gone out of his way to pitch in to help us with the pancake breakfast, Activities Committee shopping for the food for the functions, setting up for functions, cooking and serving for the functions, cleaning up and doing the dishes after the breakfast and all of our functions. He is also on the Resident's Club Board. I am sure there are some other things I have missed that these two selfless people have helped with. Thank you both for everything you have done while living here. YOU WILL BE MISSED! Love you both!

The second piece of bad news is that Liz Bierfelt also has to resign her position as second in command of the Activities Committee. Last season she was having some medical issues having to do with her walking and her feet. She can no longer walk very well. We want to thank Liz for all of her years of service to the Resident's Club and Activities Committee. Liz has taken care of working with the entertainment, prepped for our functions, sold tickets for our functions and sold tickets for the pancake breakfast, among many, many other duties.

And thank you Dave, her husband, for taking pictures at our events, posting them, setting up for functions, prepping food and everything else you have done for the club.

The good news is that Linda Galan has accepted our invitation to take Connie's place as head of the Activities Committee. Please give her all the support you can. This is not an easy job. We want to thank her for taking this position. The next bit of good news is that Karen Stancick has graciously accepted our invitation to also join the Activities Committee. We look forward to working together to bring our community quality functions. Please thank all the above people for volunteering to make a positive impact for the betterment of our community.

For all new members of the community, and not so new also:

We have a web page on Facebook. There are daily postings from people in the park as to what is going on here. If you have questions on anything, someone is always able to help or will direct

Jim & Rebecca Hamilton, Lot 273, 440-533-5559

**V**olunteers are still needed to fill nightly spots, we have had some inquires and I would like to answer some questions that have come up

Yes there is a Community Golf Cart that may be used, as long as the driver has personal Car Insurance.

The Cart is stored at one of the units, and can be picked up and dropped off there. Which unit number changes at times and you will be kept up to date on where it is. No, the cart can not be stored at your unit due to Maintenance using it during the day, and other volunteers using it different nights. The cart will be kept wiped down after each nightly run and wipes will be provided for the volunteers to do so after locking it up when done. Wearing gloves is encouraged. Instructions will be given one what paperwork etc. is on the Cart. How many times you go out at night is up to you, as long as the cart is locked up back at the unit you got it from when done. More than one night can be chosen if you wish to do so.

Your own personal Golf Cart may be used if you wish.

A Neighborhood watch agreement must be filled out and returned to Jim. even if your using your own cart.

More information can be given by calling Jim 440-212-1709 or Rebecca Hamilton at 440-533-5559 Lot 273

### NASHVILLE TENN.

**A**fter she posted a job fair flier at the store, Kroger hiring manager heard from one of the regular customers every day. "will you hire me? You have room for me?" Vandal didn't know the persistent woman's name only recognized her face, but Vandal got good vibes from her. "You get a feel if someone's sincere or if they're just trying to get a job to say they got one and then quit a month later," Vandal said "she was very sincere."

Miss Williams, who had been living in her car in the Inglewood Kroger parking lot, now woks inside the store. On the day of the job fair, the woman was among the first applicants. Her name was Lashanda Williams. She told Vandal a powerful story of how drug addiction, abuse and abandonment led her to live out of her car-and sleep in the parking lot right outside the door. Vandal asked whether she'd applied on line because Vandal really couldn't consider Williams for a job until she did. Williams walked out to her car, grabbed an old laptop and asked Vandal if she had a power cord and a place to plug it in.

For the next two hours, Williams pounded away on her laptop keyboard while Vandal came by between interviews to help. As soon as the "you have successfully applied" message popped up, Vandal told the woman she was hired, Williams burst into tears and fell into Vandal's arms.

Vandal, surprised at first, hugged her and said "Don't you worry about anything, I'm gonna work you to death, and we'll take care of you. Eight months later, Williams, 46, comes in upbeat most every weekday to the self-checkout, Vandal said. After a few months, Williams earned enough money to get her own apartment, and a customer helped her find one, and another customer rallied on Facebook to donate furniture.

With that kind of support, Williams said, its easy to be enthusiastic about work.

## **HALLOWEEN CANCELLED KIDS SAY “NO WAY”**

**ACROSS FLORIDA-** Halloween may look and feel different this year due to coronavirus safety protocols, but a majority of parents polled say they feel it’s important for kids to celebrate the holiday and plan to take their children trick-or-treating this year.

Americans are looking forward to Halloween to add some normalcy and fun to what has been a serious and uncertain time. In a poll conducted by The Harris Poll 74 percent of millennial moms and young parents say Halloween is more important than ever this year. “Consumers report that they will be getting creative throughout the month of October to make sure that they can stay safe and still enjoy the Halloween season,”

Many communities are planning traditional trick-or-treating tours around the neighborhood with children, parents and residents masking up, keeping groups small and social distancing. Others plan to put those same safety protocols in place during mor organized “trunk-and-treat” events for children. Parents will gather at a park or church parking lot and pass out candy from the trunks of their cars. There will be regional differences across the country in terms of how communities choose to celebrate the Halloween season, but one thing is for sure; Halloween is happening.

Downtown business districts are taking advantage of Halloween to let residents know their businesses are alive and well following the coronavirus shutdowns. Working with the chamber of commerce and the merchants association, smmal business owners plan to transform their main streets into trick-or-treat streets, handing out candy to kids offering games and prizes while parents come in and shop, eat or take a look around.

**HAPPY HALLOWEEN**

## **WHY DO WE HAVE DREAMS**

Some people remember vivid dreams some swear they cannot remember at all. Some dream in black and white, most people dream min color. However, one thing is for sure, everyone dreams, from the time we are babies until the day we die, our minds constantly produce dreams while our bodies and brain are at rest. But why do we have them.

Dreaming is a symbolic language designed to communicate your inner wisdom to you while you are asleep. The part of your subconscious that processes dreams-your dream self-sends messages as symbols and images, which in turn conveys ideas or situations in a visual language. While many agree about what dreams are, there is still debate over why we actually dream. Most experts believe we dream to assist the body with rest, repair and rejuvenation. Others speculate that we dream for psychological reasons; to examine the days events, to reduce and

relieve stress, and to provide an outlet for pent-up emotions.

Famed psychologist Carl Jung believed that even our most fanciful dreams are methods of compensation of events that occur in our waking lives. Jung also suggests that dreams may also effect underdeveloped parts of our personalities. This may explain the reason why the dream behavior of some people is markedly different from the actions and conditions in their working lives.

Psychiatry professor Ernest Hartmann suggests that dreams are directed by particular emotions, like stress and worry. Varying emotions cause new material to be constantly “waved” into the memory of the dreamer in ways that help him or her cope with stress, trauma and other types of psychological anxiety. Research already supported the claim that sleep is fundamental to a well functioning mind and memory. However, some suggest that the key to memory consolidation lies not within a few hours rest, but in the dream we have instead.

If your puzzled over a particularly perplexing conundrum, the last thing you want to do is loose sleep over it. In fact you might just get more of it. We already know the positive effects of sleep and dreams on memory, but dreams can also help us tackle everyday problems in life.

Have you ever noticed that your dreams always involve you? Don’t worry, dreams are naturally egocentric because they typically reflect one of your deep desires or concerns.

In Sigmund Freud’s influential book, *The interpretation of Dreams*, he suggests that dreams are the direct results of repressed emotions and they might represent unconscious thoughts, wishes or desires.
