## From the Editor

Robert Donegan 727-612-6887 Email: rdonegandg@aol.com

I would like to begin by welcoming back all of our snowbirds, both US and Canadian, for another season of fun and fellowship. It is always nice to get everyone back.

I recently received a call from one of our residents, letting me know that there was someone in her neighborhood going door to door attempting to sell security systems. I advised her that Palm Hill has a no solicitation policy and that she should call the office. We run in to this from time to time, and I thought it might be a good time to remind everyone that solicitation by outsiders is not allowed. If you encounter this, get the facts and report it to the office as soon as possible.

In our last Communications Committee meeting we discussed some issues we have with making sure that information being posted on our TV communication channel gets put up promptly. As a result of this discussion we are making a slight change in our procedure. Please read the article in this month's Link titled "TV Communication Channels" which will explain the procedure which is only slightly different than what we have been doing. If you have any questions, please feel free to call or E-Mail me.

## Important – Address and Phone No. Corrections

---

It is most important that if you change your address, phone number or contact number/person that you advise the office. The information comes from that source for the telephone book and if you do not notify the office, it is possible that your information will be incorrect. If you give your new number to the link editor, it will be placed in the Link for one month so that all of your friends can enter it into their phone books prior to receiving a new one. In addition, since the Palm Hill telephone directory is based on the website Address Book, be sure to change your telephone number in your User Profile. If you do not have a computer, please advise Mike Kocak at 203-598-4531, or notify the Palm Hill office at 581-8729.

## TV Communication Channels

Contact: Robert Donegan, Communications Chairman 612-6887

---

Our current communication channels are 96, 98.1, & 732. The channel you use is dependent on the age of your TV. Older TV's will use channel 98, whereas newer TV's will use 98.1 or 732.

Posting information on the communication channel:

We are making a change in our procedure which should simplify things, and make sure information gets posted in a timely manner. There are two ways for you to submit information to get posted:

1. The communication channel will always have the name of the person responsible for updating the system. This will allow you to deliver a hand written notice if desired.
2. We have established an E-Mail address that will be used exclusively for anyone who wishes to have a notice posted. The E-Mail address we will be using is: **[phcctvcommunications@gmail.com](mailto:phcctvcommunications@gmail.com)**. By using this E-Mail address your notice will always get to the person monitoring the system. Do not send E-Mails to the personal E-Mail address of anyone responsible for updating the system. All personal E-Mails will be returned and advised to use the E-Mail as shown above.

Contact: *Carolyn Story 585-1579*

---

Please check the Generation list in the North Clubhouse on the wall near the Palm Hill map, in the South Clubhouse and also on the Palm Hill website.

We now have 58 people recorded on the Generation List; including six (6) families of 3rd Generation and one (1) family of 4th Generation. This list is compiled of residents whose parents have lived in Palm Hill before them ... some parents are deceased and some parents are still living here in Palm Hill.

This is a great compliment to “Our Community” in that their children have chosen to reside in the same environment.

If you are a 2nd Generation member of someone who is a resident in Palm Hill (previously or presently), please give me a call. I update this list periodically and would like to have you included. Thank you.

## Friends Of Palm Hill:

*I Am Pleased To Share With You The News That I Am A Published Author.*

---

My book tells of my close friendship with the beautiful young woman, Elizabeth Short, known as "The Black Dahlia," who became famous through books and movies about her tragic murder. Beth and I were co-workers in a popular restaurant in Cambridge, Massachusetts in the 40s. In my true, story, THE SOUL OF BETH, I describe her charm and personality; and most caring manner with me when I was a teenager struggling to find my way. Saddened by the accounts of the media's desecrating information about her, I have been led to write about the real, the immortal Beth; to honor the brightest star in the heavens . . .

THE SOUL OF BETH (The Luminous Black Dahlia) by Juanita Spinos is on Amazon and Barnes and Noble. I hope you find it enjoyable reading . . . Juanita at 36 Pindo East (nitaspinos@gmail.com)

## Palm Hill Neighborhood Watch

Please: Always call Largo Police to report suspicious activity (727) 587-6730.

The Palm Hill Neighborhood Watch program works directly with the Largo Police gathering the facts about any crime in our neighborhood. Neighborhood Watch does not assume the role of the police, but asks neighbors to be alert, observant, and caring. The more the police are aware of, the better they can continue to protect us. Dial 911 for medical emergencies or a crime in progress. We would also like to remind all residents to leave outdoor lights on at night, keep doors and cars locked at all times and to continue to be alert. Palm Hill is a very safe community – and with your continued help it will stay that way. Please don't wait for someone else to call 911. Most of you have a cell phone and if you see something is not right, call, don't wait.

## November Is...

---

**National Epilepsy Awareness Month.** Epilepsy, characterized by recurrent, unprovoked seizures, affects about 2 million people in the United States. Delayed recognition of these seizures and inadequate treatment increase the risk for additional seizures, disability, decreased quality of life, and, in rare instances, death.

**National Novel Writing Month.** You can write a novel in only a month, along with the 600,000+ people who've already done so. Go to [www.nanowrimo.org](http://www.nanowrimo.org) for advice, support, and a network of fellow authors working diligently on the next Great American (or any other nationality) Novel.

**National Runaway Prevention Month.** A campaign by the National Network for Youth to increase public awareness of the issues facing runaways and to educate the public about the solutions, and about the role they can play in preventing youth from running away.

**Manatee Awareness Month.** The manatee is the official marine mammal of Florida, a gentle, slow-moving animal protected by the Federal Endangered Species Act as well as Florida state law. But manatees face the risk of extinction due to human activity, including the loss of their warm water winter habitat. For more information, go to the Save the Manatee Club website at [www.savethemanatee.org](http://www.savethemanatee.org).

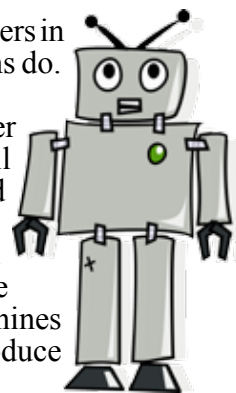

## Robots taking our jobs? Maybe not

---

**T**he robots are coming. Surprisingly, even though they're replacing workers in many areas, they may not be driving down the number of jobs humans do.

A survey of more than 2,000 HR and hiring pros conducted by CareerBuilder and Economic Modeling Specialists found 21 percent of employers overall (and 30 percent of those with more than 500 people in their workforce) had automated at least some jobs. However, 68 percent of the employers said that adopting new technologies had resulted in new positions being added to their organizations, and 35 percent said they had ended up hiring more people. And 35 percent of organizations that replaced workers with machines said they ultimately hired people back because the technology didn't produce the results needed
