From the Editor

Robert Donegan 727-586-2387 Email: rdonegandg@aol.com

It is great to see so many of our snowbirds friends (both U.S. & Canadian) back with us. The social scene is into full swing already and everyone is looking for a fun filled winter. Just to follow up on Rich Thomas comments – be sure to check in with the office. The office needs to know you are back in Palm Hill for a couple of reasons. They need to know how to get hold of you in case of an emergency and you need to have your security fob reactivated in order to have access to pools and the clubhouses.

The North Recreation Club is putting on a veteran's day program as they do every year, but are doing it a little differently this year. The program will be at the North Clubhouse on November 11th which is the actual date for Veteran's Day. The committee would like to ask all veterans to come and be honored. This year they would like to get everyone's name, the branch of service they served, as well as rank, years served and any special medals. The club will have free coffee and donuts for everyone start 8:00AM, with the program beginning at 9:00 AM. A potluck luncheon will follow at 12:00 noon.

Let's have everyone come to honor our veterans on this special day.

Bob Donegan

Important – Address and Phone No. Corrections

It is most important that if you change your address, phone number or contact number/person that you advise Gail Stott, our webmaster, and the office. If you give your new number to the link editor, it will be placed in the Link for one month so that all of your friends can enter it into their phone books prior to receiving a new one.

Are You Helping?

Fact: Many homeowners in Palm Hill are helping by recycling, but some are not.

Whatever recycled materials that are collected Thursday and Friday are compacted then hauled away by the City of Largo free of charge. All trash/garbage that is collected Monday and Tuesday is compacted and we have to pay the City of Largo \$37.50 per ton to have it hauled away plus a fee of \$200 per haul.

2nd, 3rd & 4th Generation List

Contact: Carolyn Story 727-585-1579

Please check the Generation list in the North Clubhouse on the wall near the Palm Hill map, in the South Clubhouse and also on the Palm Hill website.

We now have 58 people recorded on the Generation List; including six (6) families of 3rd Generation and one (1) family of 4th Generation. This list is compiled of residents whose parents have lived in Palm Hill before them ... some parents are deceased and some parents are still living here in Palm Hill.

This is a great compliment to “Our Community” in that their children have chosen to reside in the same environment.

If you are a 2nd Generation member of someone who is a resident in Palm Hill (previously or presently), please give me a call. I update this list periodically and would like to have you included. Thank you.

Thank you.

Computer Club News

Contact: Ed Becker 727-266-4521

Here it is October 2016. The computer club is on hiatus until Oct. 4. Palm Hill has been much too quiet without the loyal hackers clicking away at their keyboards. I have held the fort while you all were away, but I am glad to see familiar faces starting to return to Palm Hill. I do hope you all had a wonderful summer.

To those of you who have already returned, Welcome Back. To those who are getting ready to return, we are waiting for you. So what are you waiting for? Dust off those keyboards and put a fresh battery in your wireless mouse, it's time for Computer fun 101.

Now that Win 10 is here, we will have so many things to discuss. I know there will be questions, but remember it's new to me too. Together, we will find the answers. That's when we have the most fun. Of course, we will talk about 'all' computer related questions & comments.

See you all at the South Clubhouse Rec. Hall, at 1:30 p.m. on October 6th. Remember, as always, the Computer Club is FREE and open to all Palm Hill residents and, of course your guests. Beginners, Intermediate and "Experts" are all welcome. If you want to take any notes, bring you notebook or paper and pen. I hope you're looking forward to this as much as I am.

If you have questions or issues and need answers or help before or after the club resumes, call me.

Helping Hands

Contact: Carl Simon 727-559-0164

It has been so nice recently to see some of our snowbirds (or whatever you call em), returning to Palm Hill. We anchors trust you are satisfied with our performance to keep the place #1. As our population grows, I anticipate more need for Helping Hands. If you have helped in the past or would consider helping, please give me shout (cell & text 475-0489 email largocarl@gmail.com). I can always improve our records.

I have put a plea out several times to get a new leader for HH. A cell phone and a notebook is enough even if you are away from PHCC. I will be resigning from the Chair of Helping Hands effective 12/31/16. It will disappoint me greatly if we can not move forward with one of the little pieces that make PHCC the greatest retirement community that there is. Please.

YOGA FOR BODY – YOGA FOR MIND – YOGA FOR LIFE

Contact: Peggy Novara 716-903-2844

Find peace and rejuvenation as you are guided into classical yoga stretches, breathing and relaxation techniques on Wednesday mornings in the NCH starting in November. Adaptive/Gentle Yoga starts in South Club House in January.

Our Hatha Yoga programs include progressive body relaxation, pranayama (breathing practice), postures to warm up joints and muscles, classic yoga postures for stretching and strengthening and meditation instruction and practice.

Adaptive yoga is a form of gentle yoga that is practiced sitting on a chair or standing using a chair for support. Adaptive yoga is a great practice for everyone as it deepens flexibility and strengthens personal body awareness.

Intermediate Yoga – 8 - 9am – Instructor Peggy Novara
NCH – starts November 2nd

Beginning Yoga – 9:30 – 10:30am – Instructor Mary Finnegan
NCH – starts November 30th

Palm Hill Neighborhood Watch

Please: Always call Largo Police to report suspicious activity (727) 587-6730.

The Palm Hill Neighborhood Watch program works directly with the Largo Police gathering the facts about any crime in our neighborhood. Neighborhood Watch does not assume the role of the police, but asks neighbors to be alert, observant, and caring. The more the police are aware of, the better they can continue to protect us. Dial 911 for medical emergencies or a crime in progress. We would also like to remind all residents to leave outdoor lights on at night, keep doors and cars locked at all times and to continue to be alert. Palm Hill is a very safe community – and with your continued help it will stay that way. Please don't wait for someone else to call 911. Most of you have a cell phone and if you see something is not right, call, don't wait.

A troubling trend: Americans overdoing antibiotics

Antibiotics are a boon to doctors and their patients, but they pose dangers if they're overused. That makes this news especially concerning: A Texas study reported on the UPI website found that about one in 20 adults have stockpiled supplies of antibiotics in their homes and use them without a physician's advice.

The study of 400 adults in the Houston area found that 14 percent of adults have a stash of antibiotic medications in their home, and 5 percent have used them without a doctor's guidance in the past year. The medications come from a variety of sources: 40 percent came from a store or pharmacy, 24 percent were purchased outside the United States, 20 percent came from family or friends, and 12 percent were left over from past prescriptions.

In 4 percent of cases, the drugs obtained without a prescription were intended for use on animals, not humans.

Millennials worry about debt

Millennials aren't the carefree kids you might think they are. A FICO survey found that they're concerned about debt—with good reason. According to FICO's online survey of approximately 1,000 Americans over 17, 32 percent of millennials owe \$20,000 or more in student loans, and 45 percent owe at least \$7,000 on car loans.

In all, 37 percent of millennials ages 25-34 say they're concerned about their level of debt, and 33 percent would like assistance in managing their debt. For example, 65 percent would like to receive an email alert when their student loan payments are overdue by less than 90 days, and 35 percent want to be notified by app when their mortgage payments are less than 90 days late (but they'd prefer a phone call if their payments are more than 90 days overdue).

These tiny robots may save your life

The newest medical robots look and move like bacteria, and they can deliver medications to specific locations within the human body and perform intricate surgeries like clearing clogged arteries.

According to the Science Daily website, a team of scientists is working to develop a selection of biological robots that are soft, flexible, and move through bodies under the control of an electromagnetic field. Once they reach their destination, they're heated to change shape, mimicking—for example—the bacterium that causes African trypanosomiasis, or sleeping sickness. Although still in development, these microrobots could revolutionize the way patients are treated in the not-so-distant future.

Get more creativity with a clear focus

Creativity and innovation aren't always accidental. A consistent focus will produce better results, so you don't have to wait for lightning to strike. Try these techniques to spur your imagination as you work:

- **Start your day with a purpose.** Instead of rushing out the door without a plan, spend a few minutes in the morning thinking about what you want to accomplish that day. Do this before checking your cell phone or email. You'll be less likely to get distracted by other demands.
- **Shake up your routine.** Get out of your comfort zone so you aren't always surrounded by what's familiar. Get up earlier than normal, take a new route to work, do your tasks in a different order, try something new and exciting—anything to shake your mind free of its preconceptions and look at your work in a different light.
- **Be mindful.** Don't go on autopilot. Pay attention to everything around you—the people you work with, the tasks you work on, the environment you work in, and so forth. The more aware you are of what's going on, the more likely you'll see a new connection or find an idea where you least expect it.

Don't be afraid to ask questions

Alyssa Mastro Monaco was deputy chief of staff in the Obama White House until 2014. She told a radio station an important lesson she learned early on about the importance of asking questions:

During an Oval Office meeting on the economic crisis, she was close to panic, worried that the president would ask her a question about issues she knew nothing about, such as quantitative easing. She began quickly writing down key words and phrases to look up later.

Economic adviser Larry Summers noticed and tapped her on the shoulder. "Come to my office later," he said.

Worried that Summers was mad at her, Mastro Monaco went to his office after the meeting. Summers asked about her list.

When she told him what she'd written down and why, Summers said, "I'll tell you anything you need to know." He proceeded to give her a quick lesson on economics. She left the office feeling relieved—and better informed than before. Nowadays she knows that admitting you don't know something is better informed than pretending you do—and she never thinks asking for information is stupid.
