From the Editor

Robert Donegan 727-586-2387 Email: rdonegandg@aol.com

You will notice that the cover of this month's Link has two of our own Palm Hill residents attending the 2016 Rio Olympics in Brazil. Caroline Zimmerman and Claire Longman were fortunate to attend this event, and a summary of their trip follows a little further in the Link.

I also have posted a photo in the Link of the remodeled south laundry area. The photo does not do the job justice. The work done has really brightened up the area and I would encourage you to stop by and take a look.

In conjunction with the updated laundry area, Bob Newport has reopened the area for dropping off items for the Bazaar. I'm sure everyone appreciates having this service to donate items you no longer need.

Also, welcome back for our snowbirds who start arriving back in September.

Bob Donegan

Important – Address and Phone No. Corrections

It is most important that if you change your address, phone number or contact number/person that you advise Gail Stott, our webmaster, and the office. If you give your new number to the link editor, it will be placed in the Link for one month so that all of your friends can enter it into their phone books prior to receiving a new one.

TV Communication Channels

Contact: Robert Donegan, Communications Chairman 727-586-2387

Our current communication channels are 96, 98.1, & 732
The channel you use is dependent on the age of your TV. Older TV’s will use channel 98, whereas newer TV’s will use 98.1 or 732.

Posting information on the communication channel:

We are making a change in our procedure which should simplify things, and make sure information gets posted in a timely manner. There are two ways for you to submit information to get posted:

1. The communication channel will always have the name of the person responsible for updating the system. This will allow you to deliver a hand written notice if desired.
2. We have established an E-Mail address that will be used exclusively for anyone who wishes to have a notice posted. The E-Mail address we will be using is: **phcctvcommunications@gmail.com**. By using this E-Mail address your notice will always get to the person monitoring the system. Do not send E-Mails to the personal E-Mail address of anyone responsible for updating the system. All personal E-Mails will be returned and advised to use the E-Mail as shown above.

PROJECTS:

1. South Laundry remodel completed.
2. Street repair Royal and Fern completed.
3. South Pool Filtration repair in progress.

UPDATE ON THE OFFICE BREAK-IN: There have been many theories floating around on how the break in occurred, the main one was that someone got into the building and hid until the office closed and waited to break in to the office. A few days after the break in it was reported that the front doors were opening without the use of the fob despite being programmed not to allow access without the fob. In fact you just needed to walk up to the doors and they would open, we now believe that this is how they gained entry to the clubhouse. The issue has been resolved by Security Lock and Safe after several days of troubleshooting the system.

RAIN, RAIN & MORE RAIN: Late July and August were extremely rainy, causing issues with the North Pool Remodel and Grass cutting. Mosquitoes breed in standing water, please check around your unit for any containers that may be holding water.

PLANTERS: The heavy rains have resulted in many homes having weeds and grass in their front planters. It is the residents' responsibility to clean out weeds/grass in their planters. We will be calling and sending letters to those who do not have someone assigned to look after their planters. If not corrected, the maintenance staff will correct the issue and the resident will be billed for the time necessary to correct the violation.

SOLICITING: Soliciting in the community is not permitted, if you are approached by anyone soliciting during office hours, call the office and I will personally escort them out of the community.

Are You Helping?

Fact: Many homeowners in Palm Hill are helping by recycling, but some are not. Whatever recycled materials that are collected Thursday and Friday are compacted then hauled away by the City of Largo free of charge. All trash/garbage that is collected Monday and Tuesday is compacted and we have to pay the City of Largo \$37.50 per ton to have it hauled away plus a fee of \$200 per haul.

Recycling saves Palm Hill money, and it is the right thing to do.

YOU can help our park ... All you have to do is have two waste baskets, one for trash/garbage and one for the following RECYCLED ITEMS. Here is what can be recycled ...

- Plastic: Look for the triangle on the bottom. #1, #2, #3, #4, #5, #6 or #7 (Butter Tubs, Fruit Containers, Plastic Cups, Yogurt Containers, etc., Any plastic container with the recycling numbers on the bottom)
- Mixed Paper
- Aluminum Foil and Trays
- Tin or Steel Food Cans

Note: You Cannot Recycle: Plastic Bags, Plastic Wrap, Styrofoam or Take Out Containers, or Table Scraps

Why Recycle?

Because ... It's The Right Thing To Do!

Link Cover Picture

Claire Longman and Caroline Zimmerman just returned from the 2016 Rio Olympics. They had the opportunity to view a variety of events; golf, volleyball, basketball, weight lifting, and team handball, seeing some of the best athletes of the world compete.

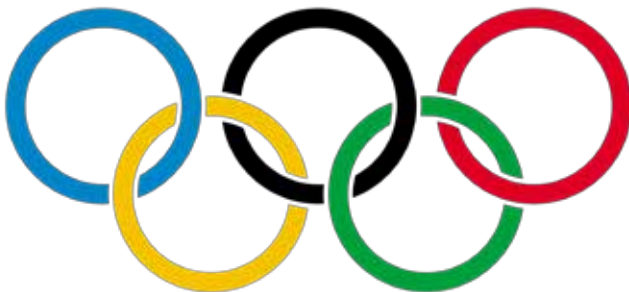

In order to attend the Olympics Claire and Caroline planned two years ahead. Event tickets were ordered in 2014, airline tickets and housing were purchased in 2015. The selection of events made according to location of venues, events being played, and time slots. They did not know what countries would be playing but they knew it would be elite players competing.

They stayed in an apartment downtown Rio. The events were scattered all over city. Each day travel plans had to be made as to which means of transportation would take them to the event. The options were the Metro, the bus, or the trains. Taxis were also available but the other means would deliver the tourists closer to the events. Regardless of choices, much walking was required. Because other the crowds one would need to plan ahead or get caught in the volume of people.

The first week were the preliminaries and all players were trying to qualify for the finals. It was exciting to watch Brazil play any sport. They were so proud to be hosting the Olympics and they wanted to do well. The Brazilian spectator enthusiasm for their teams was a highlight.

We were fortunate to watch the USA women play indoor volleyball twice, the last time was to win their Pool to advance to the Finals. Also saw Men's Field Hockey as well as Women's Field Hockey, along with witnessing a Gold Medal round in Women Weightlifting. We enjoyed watching team handball, an exciting game not played in the United States. We were fortunate to watch the first day of golf. The men were playing on a newly designed course with fierce rough areas. It was a tough assignment. We felt the feeling country pride in all the events. It was a thrill to attend the Olympics.

Attending the Olympics is a hobby of Claire and Caroline. Claire has attended eight previous Olympics and Caroline thirteen.

"Exercise: The Key to the Good Life"

Leaders : Connie (586-0313) and Joan

The winter session of the Exercise Program has come to an end. Thank you all for attending and for your continued support. Exercise will continue through the summer as it has in previous years. A special thanks to Sue Bolton, who was instrumental in having a video made of the Exercise Class and to Ron Kaufman, who was kind enough to make the video for us. Have a nice summer and keep on exercising! See you in November.

The 2016-2017 Shuffleboard season will start in October

Palm Hill has four leagues, plus a Sunday Hoss collar, and Monday social Shuffle for our players to enjoy.

The West Coast district has a 67 club Memberships in it. The board of Directors are working to offer a variety of things to compete socially and league play. Your home club can be a challenging and fun place to play with good leaderships and players.

Here is a schedule of the upcoming meetings for all affiliated clubs; all clubs members are urged to attend as we want your input on the new 2016-17 season. This is a good way to meet people and promote the game of shuffleboard.

2nd, 3rd & 4th Generation List

Contact: Carolyn Story 727-585-1579

Please check the Generation list in the North Clubhouse on the wall near the Palm Hill map, in the South Clubhouse and also on the Palm Hill website.

We now have 58 people recorded on the Generation List; including six (6) families of 3rd Generation and one (1) family of 4th Generation. This list is compiled of residents whose parents have lived in Palm Hill before them ... some parents are deceased and some parents are still living here in Palm Hill.

This is a great compliment to “Our Community” in that their children have chosen to reside in the same environment.

If you are a 2nd Generation member of someone who is a resident in Palm Hill (previously or presently), please give me a call. I update this list periodically and would like to have you included. Thank you.

Helping Hands

Contact: Carl Simon 727-559-0164

Helping Hands have been very quiet during this summer. The good of that is that people are doing well for which I am very happy. I will soon make cuts from all of those who have volunteered to lead Helping Hands. I'm kidding. I'm kidding.

One thought I have at this time regards our residents that live alone. I would like to encourage a program labeled get to know your neighbor plan. It doesn't need to be structured or formal. Just do a good thing by getting to know your neighbor, particularly if they live alone. Palm Hill is a fantastic community that we all need to strive to make better.

Palm Hill Neighborhood Watch

Please: Always call Largo Police to report suspicious activity (727) 587-6730.

The Palm Hill Neighborhood Watch program works directly with the Largo Police gathering the facts about any crime in our neighborhood. Neighborhood Watch does not assume the role of the police, but asks neighbors to be alert, observant, and caring. The more the police are aware of, the better they can continue to protect us. Dial 911 for medical emergencies or a crime in progress. We would also like to remind all residents to leave outdoor lights on at night, keep doors and cars locked at all times and to continue to be alert. Palm Hill is a very safe community – and with your continued help it will stay that way. Please don't wait for someone else to call 911. Most of you have a cell phone and if you see something is not right, call, don't wait.

Do and don't say these to people with depression

Clinical depression is part of life for 16 million adults in the United States, according to the National Institute for Mental Health. People with depression often feel isolated and alone, so support is as much a part of treatment as therapy and medication. Here's what to say—and not to say—if someone you know suffers from depression:

Do:

- "I'm here for you." Let people know you're available to listen when they need to talk. Check in regularly to show that you care.
- "Let's do something." Help them get out of the house. Suggest activities like taking a walk, going to a movie, or getting some coffee.
- "I know this is difficult." Recognize the other person's struggle. Just knowing that someone understands the challenges of depression can help.

Don't:

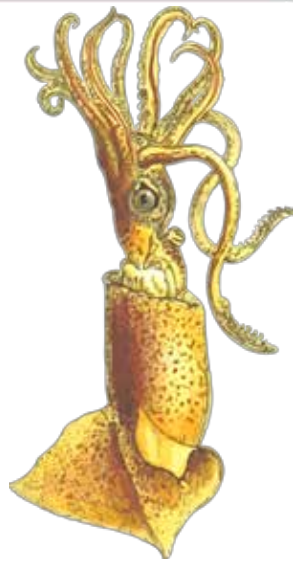

- "You just need ____." Minimizing the person's pain doesn't help. Don't offer a quick-fix solution to a long-term problem.
- "I get depressed, too." Yes, everyone feels down from time to time, but clinical depression can feel like a never-ending battle. Don't compare your occasional blue days to another person's serious condition.
- "Other people have worse problems." Comparing your friend's problem to other people rarely helps—and may make the person feel worse. Show compassion for the situation and help as much as

The cephalopods are coming

Don't look now, but cephalopods are on the rise. A team of scientists have determined that cephalopods—sea-dwellers including mollusks, squid, cuttlefish, and octopuses—are increasing their numbers below the waves.

As reported on the Sci-News website, scientists at the University of Adelaide created a database of catch rates for 35 species of cephalopods from 1953 to 2013. They found that cephalopod populations have increased across three distinct groups since the 1950s.

The sea creatures are able to adapt to environmental changes quickly due to their short lifespans, rapid growth, and life-history plasticity. Their growing numbers could have both positive and negative effects: increased pressure on the undersea species they hunt for prey, but also benefits for marine predators who in turn hunt them, as well as humans who harvest them from the sea for food.

Chinese brewed beer in ancient times

Crafts beers are thriving these days, but beer has been around for a long time, scientists say. Researchers in the United States and China have revealed that the Chinese brewed their own beer some 5,000 years ago, much earlier than previously believed.

As reported on the Voice of America website, archaeologists have uncovered brewing equipment in underground rooms in China's central plain region. Traces of ingredients found on the equipment suggests that the ancient brewmasters used a recipe of broomcorn millet, barley, a grain called Job's tears or Chinese pearl barley, and a form of tuber to brew their beverage. The presence of barley 1,000 years before it was believed to have been grown in China suggests that it might have been brought in from other regions, making beer an ingredient in early trade.

Researchers describe the possible taste of the beer as “a bit sour and a bit sweet.”

Science is most significant as one of the greatest spiritual adventures that man has yet known.
