Homeowner's Meeting

By Jeff Hanson

There won't be any meetings again until September 2nd. Everyone have a good summer and whatever you might do be safe and have fun.

DINNER and BINGO

By Jeff Hanson

Summer is coming and it's getting hotter but at Paradise Island Clubhouse the air is cool. Every Thursday evening you can come have a good dinner for a reasonable price and then stay for an evening of bingo and be home by 10PM.

There have been some changes made since last year and we hope for the better so come by and see what you think. The kitchen is open from 4PM till 6PM then at 6PM we have door prizes, pregame drawings and pull tabs. Then at 6:30PM it's time for bingo. We have 3 games that pay up to \$250 and 23 games that pay \$50. There is a short break about half time when we have popcorn, chips, drinks, candy bars and ice cream for sale. There is also free ice tea and coffee.

Everyone has fun and some win money. If you would like to see something on the kitchen menu let us know and we might try it. If you would like to volunteer we always need help either full or part time. HOPE WE SEE YOU THURSDAY

Identity Theft Can Be Avoided

By Jim Lambert

I will never forget the day my bank called me in 2012 with the news someone had stolen my identity. It was the most devastating news imaginable. For a brief period, I didn't know what to do or where to go to bring it to an immediate stop. Unfortunately, it was to be too little, too late. The damage was done. All hell was about to break loose.

Fourteen years earlier, in 1998, while perusing the Internet, my attention was directed to an infomercial about Prepaid Legal Services (PPLS). Essentially, the program highlighted the offering of legal representation to the average citizen by paying an annual membership fee. As explained so eloquently by the spokesperson, the annual cost of PPLS was less than the

Did You Know About These Great Monthly Media Services?

Summer Mailings - If you are heading north for the summer but still want to receive a printed copy of your monthly newsletter, just call our office and sign up for Monthly Media's Summer Mailing Service. We will ship (USPS 1st Class) a printed copy of each month's newsletter to your northern address, for as long as you're away, the cost is \$4 per month. Dozens of residents are already taking advantage. Please see our brightly colored insert for more information.

Get Your Picture on the Cover - We select a new and interesting picture every month to be printed on the cover of your newsletter. If you or your neighbors have fun events or activities please send in a picture and we'll enter it to be selected. Please include a description of the image and a brief release allowing us to reprint the picture. Our mailing and email address are located the bottom of this page.

Emporium/Classified Listing - Do you have an event in your community such as a Bake Sale or Flea Market? An item for sale like an old set of golf clubs that needs to go? Help needed or vendors wanted for an event? Maximize the people that see your listing and use the Emporium! Your listing will be printed & delivered to over 20,000 homes in Pinellas County. See the Emporium page toward the end of the newsletter for more info.

Larger Print Newsletters - At the request of some residents we are now offering Larger Print Newsletters to those who request them. The newsletter type will be approximately 20% larger (16 pt article body type vs. 12 pt normally). There is a small service charge of \$2 per newsletter for those who request. The larger type newsletters can either be delivered to you every month like they are now or we can mail them directly to your home for an additional \$2 per issue shipping charge. Please call Monthly Media (phone number listed below) for more information.

cost of a one hour session with a selected attorney. How bad could that be, I thought.

Besides the annual cost, the additional benefits offered to members were many, including the reading of contracts and documents, writing letters and making phone calls; and free telephone advice, an assigned attorney if necessary, Will preparation, traffic violations or accidents, healthcare power of attorney; even IRS assistance. Was this too good to be true, I asked myself?

Well, I bought into the PPLS program immediately following my exposure to it because I rationalized it made good sense to protect myself and my wife at a price affordable to me. Boy, am I glad I did. Along the way, PPLS introduced an additional program, called Identity Theft. There is an additional cost to gain membership but it is very sensible so I joined that, also.

Back to 2012 and my bout with identity theft. When I realized I was protected by PPLS and Identity Theft, I made my first call. Granted I had been paying into the program for many years so I had made a tidy investment but like any form of insurance it was there when I needed it. God knows, I desperately needed it.

Suffice it to say that throughout the four years of strife with my identity stolen, PPLS was at my side every step of the way. I have to believe the overall cost is in the thousands of dollars. Through it all PPLS treated me as though I was their only customer. Without PPLS, now known as Legal Shield, I would have been wiped out financially, credit wise, and emotionally.

I cannot and will not tell anyone how to handle the gloomy prospect of identity theft but I will strongly recommend that it will be well worth your time to go to your computer and take a look at the following program: www.legalshield.com. Since I was spared so much emotional pain, I feel an obligation to you, my neighbors, to provide you with a protective idea you may otherwise not consider. (NOTE: I have no professional connection to Legal Shield.)

If I can be of assistance to anyone, call me at 727-532-4547.

Being happy doesn't mean that everything is great...it means that you are able to see what's great in everything! Shine on!!!

Walkers and Wheelchairs Available for Residents

By Marian Chase

The Social Committee has Walkers and Wheelchairs available to help residents who need them TEMPORARILY. We need to get them back to be available for other residents. To check one out, please contact Mike Gervasi 507-8947, Myron Zarlinski 533-8208, or Chuck Wellock 417-9538.

When no longer needed, PLEASE RETURN PROMPTLY to the clubhouse so that others can use them. We currently have a shortage of wheelchairs because they have not been returned.

Can You Play Songs on the Piano?

By Marian Chase

A lot of us volunteer outside the park, library, hospital, schools, etc. Right now there is a real need for someone to play simple songs for sing-alongs. ARC (Association of Retarded Citizens) of Tampa Bay is looking for a volunteer to play once a month, or more if you wish, at their Clearwater location. You don't have to be perfect and you can choose the day and time. It brings such joy to these special needs folks, please help if you can.

Contact Volunteer Coordinator Deborah Simeone 727 799-3330 Ext 7632, feel the love that comes from helping.

Donations of Non-Perishable Foods

By Ruth Charron 727-559-2034

Please place all donations of NON-PERISHABLE foods in the basket, near the bulletin board, in the club house. Please make sure they are not outdated.

If you, or if you know of anyone in need of groceries, please contact me. All information will remain confidential.

A big THANK YOU to everyone at Paradise Island!!!

Hi Neighbors

By Denise Samson-Nadeau

We can tell by the number of books being dropped off at the library that spring is here and the snowbirds are going home. Keep the books coming. We continue to appreciate your donations. As long as they are in good condition, we will continue to catalogue and put them on the shelves.

The "summer crew" will be taking over the library in a few weeks. Many thanks to Peg Grant and Patrick McGing for their excellent work during the summer.

Thank you again to everyone who helped me during the winter months. Our library looks great. I could not have done it without you.

Have a good, relaxing summer everyone. See you in the fall. Keep on reading.

July Community Potluck

By Marian Chase – 530-3507

July 26, 2015 4pm to 6pm \$1.00

Ah, midsummer....so many of our friends are in the north, but we are still here and gathering in a cool clubhouse for some food and friendship. Join us! Just bring dish to share, Meat, Casserole, Vegetable, Salad or Dessert. What you bring is what we will eat. As usual cost \$1.00, starting at 4pm for a social hour, then food served promptly at 5pm.

Bring food in a crock-pot or insulated container to keep warm or cold, also a serving spoon, your place setting and utensils.

Dart League

By Joan Dunn

There will be pick-up games, Mondays at 6:45 P.M., during the summer. A sign-up sheet for the 2015-2016 season has been posted in the clubhouse. The season will start on Monday, October 12th at 6:30 P.M. Come and have some competitive fun!!!

Questions?? Call Joan at 523-0867.

Men's Golf

By Robert Pultoric

Looking forward to another great season beginning in October!

Paradise Island Donations

By Marcia White

Iwould like to remind our residents that we collect donations for our annual Flea Market year round. This year your donations brought in \$1600 to the social committee to help fund all of the events we offer our residents.

If you wish to donate any unwanted items throughout the year, please call Marcia White at 727-953-3616 and arrangements will be made for the storage of those items until next year. The Social Committee purchased a new storage shed so that we could continue to offer this service to our residents. We take household goods, furniture, craft supplies, linens, electronics etc. We do not take any old Large TV's. We appreciate each and every donation so keep them coming our way and we will keep putting the profits back into our community.

Be kind, be fair, be honest, be true, and all these things will come back to you.

Computer Club Classes

By Harold Noeller

Computer classes are over for the summer. The last class was April 28. For those of you that attended this past season, I hope you came away with some useful knowledge! Classes with resume in October so watch for an announcement in September's issue of the media.

Everyone have a safe and healthy summer!

Birthdays and Anniversaries

By Carmen Hale

Please read...

I've been trying for some time to get resident's birthdays and anniversaries corrected in the Media. There have been quite a few residents who've contacted me. Thanks to all of you. If your information is still incorrect all you have to do is let me know either by phone or email.

Melissa, (in the office) has volunteered to lend a hand to help get this problem resolved. It would be helpful if you would put your name/s, lot number, and birthdays and anniversaries on a note and leave it with Melissa or put it in the same envelope with your lot rent in the payment box in front of the office. She'll collect them and give them to me periodically so I can make the corrections and finally get the lists corrected.

A phone call to me or a note left in the Media box at the foot of my driveway would work even better. My phone number is 530-9049. Then there's email. Send your information to snapshot406@tampabay.rr.com. Your help would be greatly appreciated.

Ancient bones offer clues to evolution

Scientists may have discovered a new human ancestor to go along with “Lucy,” the 3.2 million-year-old *Australopithecus afarensis* female from eastern Africa. Dubbed “Little Foot” because of his small bones, this specimen was unearthed in South Africa in the early 1990s. His skeleton was almost completely preserved after falling down a narrow cave shaft and dying there. Whether Little Foot was a relative of Lucy’s or a different pre-human species has been a subject of debate among anthropologists, but a new dating process suggests that Little Foot lived and died some 3.67 million years ago, close to the same time as Lucy.

Although some scientists dispute the accuracy of the dating technique, if it holds up it suggests an evolutionary link between different species of *Australopithecus* in ancient Africa, as well as evidence of where in Africa modern humans began to develop.

Birds do it, bees do it, and so do amorous mice

From time immemorial, men have wooed their lady loves with romantic (if sometimes off-key) music. Now scientists from Duke University believe that love songs aren’t just for humans. Mice also sing to females they hope to attract, although they aren’t likely using Barry White.

Instead, mice rely on high-pitched sounds outside the range of human hearing, using specific tunes when they smell a potential mate and different ones when they finally set eyes on her. The songs are louder and composed of more complex sounds when they smell a female scent, and get simpler—but longer—when they finally meet face to face. The complex songs seem to attract females, although what specifically draws them close is still uncertain.

The very striving and hard work that we so constantly try to avoid is the major building block in the person we are today.

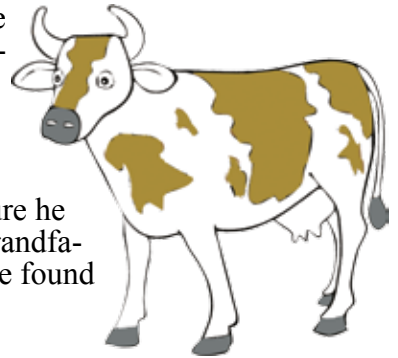

—Pope Paul VI

The strongest bonds

A farm boy took his cows to the meadows out to pasture every morning and brought them back to the barn at the end of the day. One evening, as he was tying the cows up for the night, he found that he'd lost the piece of rope he needed for the last one.

He couldn't go all the way town to buy more rope, but he didn't want the cow to wander away. So he went to his grandfather for advice.

"Here's what you do," the grandfather said. "Go up to the cow the same way you do every night and pretend to tie a rope around him, then pretend to tie the rope up to his stall. Make sure he sees you doing it, and he'll be fooled." The boy followed his grandfather's advice, and the next morning when he went to the barn he found the cow still there.

He untied all the rest of the cattle and herded them out to pasture for the day. But when he passed by the barn on his way to do his other chores, he noticed the cow was still there. He went to his grandfather again.

The grandfather smiled and said: "You forgot to untie the cow. Go back and pretend to let him loose, and you'll be able to herd him outside."

Moral: Often what holds us back are the bonds we only think are real.

Correct: A Zen parable

Two monks could not agree on a problem. Finally they went to the master of their monastery to settle the dispute. They agreed to argue their positions one at a time while the master listened.

After hearing the argument presented by the first monk, the master nodded. "You are correct." The first monk was pleased, but the master then told the second monk to speak his piece.

The other monk made his case. Once he finished, the master gave another nod. "You are correct."

"But master!" the two monks cried together. "We can't both be correct!"

Again the master nodded and smiled. "You are correct."

Support innovation with continuous learning

The more you learn, the more material you have for your creative efforts. To master lifelong learning, no matter what your ambitions are, consider these points from the Innovation Excellence website:

- **Laughter is good for the brain.** Find the humor in whatever you do. Laughter will help you remember incidents better, and also generate a sense of security which supports a well-balanced mind.
- **Learn in chunks.** Instead of trying to memorize information in big blocks, concentrate on learning a few individual points at a time. You'll retain more without the mental exhaustion of cramming.
- **Study a foreign language.** Bilingual speakers tend to process information more efficiently than those who speak only one language. People who exercise their brains by learning Spanish, Japanese, or some other tongue frequently find they don't have to work as hard performing other cognitive tasks.

Keep your mouth shut

A turtle was lying on the bank of a river one day when he heard two hunters walk by, talking about how they planned to come back the next day to catch some turtles for soup. He worried all night, because he knew he couldn't outrun the hunters, and in the morning he had a plan.

He saw two birds in the tree overhead. As the hunters approach, the turtle called out, "You up there! Would you help me escape these hunters?"

"What do you want us to do?" the first bird asked.

"I'll hold this stick in my mouth," the turtle said, "and you two pick me up and fly me to the other side of the river."

The birds agreed and flew down to the ground. The turtle clamped a thick stick between its jaws, and the birds slowly lifted him up off the ground.

As the hunters reached the riverbank, they stared in amazement. "Look at those birds! They figured out how to carry a turtle across the river! Those must be the smartest animals in the world!"

Jealous, the turtle cried out: "It was my ideaaaaaa ..."

Doctors may soon use lasers to seal wounds

Lasers are common weapons in science fiction movies, but soon a laser may be used to heal wounds in real life if scientists at Tel Aviv University are successful.

As reported on the Reuters website, the scientists developed optical fiber capable of transmitting infrared light and at the same time measuring the heat of the tissue it's pointed at. This allows them to control the laser's power accurately and use it to "weld" tissue effectively without any burning or scarring. Collagen aids the bonding process, growing firm as the skin cools down.

This laser-aided process may result in stronger bonding with fewer scars than traditional suture offers. Initial tests on humans showed successful healing with less scar tissue; examinations one year after surgery should demonstrate whether the laser produces less scarring than needle and thread.

Twin suns may support rocky worlds—in theory

Many solar systems around the universe are binary, with two stars orbiting each other in space. Scientists have long believed that rocky planets can't form in these systems because of gravitational forces that would cause planetesimals (worlds in the process of forming) to destroy themselves in collisions instead of slowly merging with each other. Thus, the common image of a world with two (or more) sunsets on the horizon seemed relegated to movies.

But new studies suggest that planetesimals behave differently than had been thought, according to the Sci-News website. Astronomers previously theorized that small worlds seek a circular orbit, leading to collisions around binary stars; now they believe that planets in these systems may take on an oval orbit as they form, avoiding crashes and eventually accumulating a rocky mass. Such worlds could see more than one sun in the sky, and may be able to support life.

Nature composes some of her loveliest poems for the microscope and the telescope.

The state of food across the U.S.

Every U.S. state is known for something: slogans, state birds, celebrities, etc. If you're hungry, or planning your vacation menu, consider some of these official state foods found across the country:

- Alaska: Salmon (state fish)
- California: Avocado (state fruit)
- Delaware: Peach piece (state pie)
- Georgia: Grits (state prepared food)
- Illinois: Popcorn (state snack food)
- Louisiana: Sweet potato (state vegetable)
- Maryland: Smith Island Cake—a yellow cake of 8-10 layers with chocolate frosting (state dessert)
- New York: Apple muffin (state muffin)

The creative process—from the artists who know

What do professional artists, writers, and performers think about creativity? From The Guardian come these thoughts on the process from people who depend on their imagination to do their jobs:

- Guy Garvey, musician. “Just start scribbling. The first draft is never your last draft. Nothing you write is by accident.”
- Polly Stenham, playwright. “I’m very fidgety, and I seem to work best when my hands are occupied with something other than what I’m thinking about. During rehearsals, I find myself drawing little pictures or symbols that are somehow connected to the play.”
- Tamara Rojo, ballet dancer. “An idea never comes to me suddenly; it sits inside me for a while, and then emerges.”
- Mark-Anthony Turnage, composer. “If you get overexcited by an idea, take a break and come back to it later. It is all about developing a cold eye with which to look over your own work.”
- Fyfe Dangerfield, musician. “For me, the image of the tortured artist is a myth—you don’t need to be miserable to write songs. In fact, if I am feeling down, the last thing I want to do is write; though it’s important sometimes just to sit down and get on with it, however you’re feeling. Your creativity is like a tap: if you don’t use it, it gets clogged up.”

Eliminate the obstacles to a good night's rest

A good night's sleep is essential to everyone's health, and yet many people have trouble getting the shut-eye they need. If you're not waking up feeling refreshed and ready to start your day with energy, check out these problems that may be preventing you from sleeping soundly:

- Procrastination. You know you should go to bed, but you let yourself get distracted by household tasks or the TV. Set a firm time limit on your evening and stick to it.
- Caffeine. Avoid coffee and other caffeinated drinks after 3 p.m. The effects can linger for up to seven hours, making sleep difficult by the time you need to go to bed.
- Heat. You may not be sweating, but feeling just a little too warm can keep you from dropping off. Try sticking one foot out from under the covers to balance the temperature.
- Stress. The news, your job, or personal worries can make relaxation and sleep difficult. Practice meditation and other techniques to un-tense your body and your mind.
- Work. If your job starts too early in the morning, you'll have trouble waking up and performing well. Try to negotiate a later arrival time. Emphasize how your productivity will increase if you get the right amount of rest.

Prevent back pain before it strikes

Back pain can make your work difficult no matter what job you do. Lifting heavy items is only one potential source of damage; poor posture and repetitive movements can also cause strain and pain. Keep your back in good shape with these general tips from the Mayo Clinic website:

- Get some exercise. Losing weight and staying in shape will decrease wear and tear on your back muscles. Combine aerobic activity with strength training that stretches and strengthens your stomach and back.
- Practice good posture. Your parents were right when they told you to stand up straight. Make a point of keeping your weight balanced on both feet without slouching. Use a chair with good back support, and make sure it's the right height, allowing you to keep both feet flat on the floor and your knees on the same level as your hips.

July Is...

Eye Injury Prevention Month. Eye injuries occur at a rate of more than 2,000 per day, with an estimated 1,000 eye injuries occurring in American workplaces alone. In addition to wearing proper safety eyewear, early detection and treatment of eye conditions and diseases are essential to maintaining good vision throughout your life.

Independent Retailer Month. Celebrate independent retailers across the country. Support and shop independent merchants all through the year, and use July as a time to unite for the independent retailers in local communities that help build our economy.

National Hot Dog Month. What better month to enjoy a delicious hot dog? The National Hot Dog and Sausage Council estimates that Americans eat over 7 billion hot dogs between Memorial Day and Labor Day, with 150 million consumed on the Fourth of July alone. Do your part.

Parks and Recreation Month. This year marks 30 years of Parks and Recreation Month, highlighting the enduring importance of parks and recreation for the world. From the start, parks were created to give us a place to appreciate nature, exercise, socialize, and have fun—a mission that lives on into the future.

July Daily News...

World UFO Day, July 2. Have you had a close encounter? Spread the word on this day that explores the unexplained.

Independence Day, July 4. The United States declared its independence from Great Britain on this day in 1776.

Global Forgiveness Day, July 7. “To forgive is to offer opportunity for a new beginning to the offender, and provides a process of healing for the victim.”

Shark Awareness Day, July 14. As much as we enjoy being frightened by this predator of the sea, remember that the shark has a key role to play in keeping marine ecosystems in balance.

World Ranger Day, July 31. Sponsored by the International Ranger Federation to commemorate rangers killed or injured in the line of duty and to celebrate the work rangers do to protect wildlife around the world.
