# The Paradise Island HOA

By Mary Ross, President

**G**reetings neighbors,  
The Board of Directors of the HOA wish to thank all of you who continually support our Thursday night Bingo. April and May proved to be good months at Bingo. We gave our players free daubers for Easter and Mothers Day. Our Mothers Day entrance pack was free to those players who had saved their 10 stamped white cards. Don't worry ladies if yours was not free that night. The program is ongoing so when you have saved 10 stamped cards, your entrance pack will be free.

We gave free bingo certificates away for door prizes along with free grocery cards, gas cards, bingo bags, seat cushions and cash.

We have been blessed with a consistent turnout each week. As a result of such a blessing the board has voted to give back to the community in a big way. First off, we purchased new hand towel dispensers for the bathrooms in the clubhouse. We purchased some LED ceiling lights for the Church. We added additional larger monitors for Bingo.

We have decided to form a tree committee of 3-5 members of the HOA to go out in to the community and find trees in need of pruning. Of course there will be certain criteria that will have to be met to have your trees considered for pruning. The committee will first get 3 bids from licensed, insured, tree contractors to do the work. We will be asking these contractors to give us one set price for pruning. Work will be done throughout the year. As a gesture of good will towards our Co-Op neighbors, the board will require this contractor to offer the same rate to any CO-Op members interested in using our contractor however, at their full expense. The HOA will only contribute our funds for pruning to HOA members in good standing. This means if you want your trees to be considered for this project, you must register to be a member. You can contact Pastor Bill Ogburn to get your membership card. He will gladly help you to register.

Once the committee has chosen the contractor, a notice will be posted in the media and in the clubhouse with a form attached to be completed by the HOA member. The tree committee will determine how much money each owner will get in assistance and the balance will be the members responsibility. All assistance will be equal and fair to all members. All Co-Op members interested in having their trees pruned using our contractor may fill out the form and the committee with contact you with the name and number of the contractor. We will be doing the trees in order of need. The trees needing pruning the most as determined by the contractor will be done first. You will be notified by the committee when your trees will be done and what your cost will be prior to the work getting done.

If you are an HOA member in good standing and wish to be considered for this committee, please contact me. My number is 804 614-6901.

The meals in the kitchen on Thursday nights are back. Our new Chef ,Olga Cruz, has been cooking wonderful new food items. She has even treated the community to her native spanish chicken rice and beans. She will continue to offer new items on the menu. If you would like to order your meals ahead of time call the kitchen and ask for Ruthie Charron to place your order.

Our next community meeting will be on Wednesday June 7th in the clubhouse at 7pm. Coffee and donuts will be served at 6pm. Come early and fellowship with your neighbors.

We look forward to meeting our new neighbors there.

## **Paradise Island Church In The Park Celebration of Baptism**

*By Serena Johnson*

**W**hat a joy it was to witness 6 candidates as they were baptized in the pool at the beginning of our worship service on May 7, 2017.

Pastor Bob Brookhart and Pastor Bill Ogburn officiated while those who followed Christ in baptism were: Anne Carpenter, Joan Nelson, Peg Sayre, Beverly Spikes, James Spikes and Donald Johnson. This was a very meaningful experience for all present.

If you are interested in learning more about this or would like to consider following the Lord in this manner please contact either Pastor Bob at 480-9793 or Pastor Bill at 474-2722.

## **Paradise Island Social Committee**

*By Marcia White*

**T**he Social Committee had a banner season this year. All of our events were very successful due to all of the hard work our volunteers did, and the fantastic participation of all of our residents. Thank you all for the support.. Summer is our time for rest and to get ready for the next season.

During the summer we will only host one event on July 4th by the Men's Club. Be sure to try to attend if you are here. It will be good fun and even better food.

Collections for the Flea Market will continue year round. We have many new residents during the summer months who donate items. For both our new and full time residents, who

## Paradise Island Church In The Park

By Serena Johnson

---

**H**appy summer! All the flowers are in bloom and the streets a little less crowded. Most of our "snowbirds" are up north again enjoying their time with family and friends. We miss you.

For those that are new to the Park and all residents we would like to invite you to join us in the Clubhouse on Sundays at 9:30 AM for an hour of worship and fellowship. We are a non-denominational church and would love to have you stop by and be a part of the body of Christ worshipping here.

If unable to attend you can tune in to Channel 96 on Bright House/Spectrum (or if you have a box Channel 732).

Bible Study is on Thursdays at 9:30 AM in the Clubhouse. We are studying "Revelation" and all are welcome. Possibly coming up soon we will be starting a new study on the Book of Romans. Come join us!

If you know of someone in need, please let us know. All requests are confidential. We would like to help if we can.

If you have a prayer request or would like a visit please contact: Pastor Bob Brookhart 480-9793, Pastor Bill Ogburn 474-2722 or Serena Johnson 530-5905.

## Did you know June is also...

**Adopt a Cat Month.** Your local shelter has tons of cute, cuddly newborn kittens mellow older cats, and everything in between. Shelter staffers are ready to help you adopt your very first cat or bring home a friend for another beloved cat.

**National Dairy Month.** Start the summer with nutrient-rich dairy foods. From calcium to potassium, dairy products such as milk contain essential nutrients that can help you manage your weight and reduce your risk for high blood pressure, osteoporosis, and other health problems.

**National Zoo and Aquarium Month.** June is an excellent time to explore your local zoo and aquarium as well as the websites of America's great zoos and aquariums. Many of them have excellent educational resources—photographs, videos, facts, lesson plans, activities, and sounds so real you'll think you're there.

**PTSD Awareness Month.** The purpose of PTSD Awareness Month is to raise public awareness of PTSD and effective treatments and help all those affected by PTSD. Mental health experts aren't sure why some people develop PTSD and others don't, but if stress reactions don't improve over time and disrupt everyday life, seeking help to determine whether PTSD is present is important.

**National Automotive Service Professionals Week, June 11-17.** A weeklong celebration to honor the commitment and dedication of the automotive, truck, collision specialists and parts specialists who keep our vehicles running safely.

**Men's Health Week, June 12-18.** The purpose of Men's Health Week is to heighten the awareness of preventable health problems and encourage early detection and treatment of disease among men and boys. This week gives health care providers, public policy makers, members of the news media, and individuals an opportunity to encourage men and boys to seek regular medical advice and early treatment for disease and injury.

**National Nursing Assistant Week, June 15-22.** Nursing assistants work in hospitals and nursing homes performing everyday living tasks for the elderly, chronically ill, or rehabilitation patients who cannot care for themselves. This week is set aside to recognize the nursing assistants who dedicate their lives to the well-being of others.

**Global Day of Parents, June 1.** The Global Day of Parents was proclaimed by the UN General Assembly in 2012 to honor parents throughout the world in appreciation of their selfless commitment to children.

**Flag Day, June 14.** Fly Old Glory with pride!

**Father's Day, June 18.** A day to honor fathers everywhere.

## Flying in the face of disaster

---

In the 1980s and early '90s, Continental Airlines was a disaster. The organization had gone bankrupt twice and was on its way to a third (and final) catastrophe. It had gone through 10 presidents in 10 years, and employees mistrusted management.

Then in 1994 Gordon Bethune stepped in. Instead of running around willy-nilly trying to stamp out the various raging fires, Bethune took a step back to return to the basics. He identified Continental's key goals so that employees' efforts would be concentrated on them rather than diffused by the disaster of the moment. One of his areas of focus was creating a corporate culture. Without the commitment of the employees, the other goals would be impossible.

Drawing on the organization's history of excellence in service, he rallied the workforce. Bethune discovered that the employees weren't bad—they just worked in a dysfunctional organization. So they were quick to get behind his new leadership.

Senior management was a different story. Bethune knew he had to make wholesale changes, and that meant getting rid of the bureaucracy. In a couple of months, Bethune and his top executives replaced 50 of the company's 61 officers with 20 top-notch people.

The changes were dramatic. In one year's time, Continental went from being ranked the worst in customer satisfaction among major airlines to first.

## The birth of 'excellence'

---

Tom Peters didn't exactly give birth to excellence, but he did establish the idea that companies can achieve excellence under the inspiration of a management guru—like himself.

It all began in the spring of 1978. John Larson of McKinsey's San Francisco office was set to give a presentation to a client. But his computer crashed and took with it his notes. He turned to another consultant, Tom Peters, to throw together a presentation that would satisfy the client.

Peters had just returned from traveling the world to compile research on best practices in business. Up until then, his research had been collecting dust after he had presented it to the McKinsey powers that be. With an opportunity to present his findings again, Peters gathered his data. In search of a sexy title to give his presentation, Peters came up with "Excellence." It was a hit.

Eventually, Peters edited the material into a manuscript. Continuing with the idea of excellence, he titled the book *The Secrets of Excellence*. But the title didn't fly with the McKinsey folks, who feared that clients would think the company was selling the secrets of client operations. In 1982, Peters and co-author Robert Waterman renamed it the more politically astute *In Search of Excellence*. And thus was excellence born.

## Try ginger for its health benefits

---

Looking to get over a cold a little more quickly, or ease muscle soreness? A little ginger may help. Check out this list of ginger's healthy benefits from the Huffington Post website:

- **The common cold.** Some research suggests that ginger helps your body sweat out a cold, as well as producing a germ-fighting agent called dermicidin, which can protect you from bacteria and fungi.

- **Muscle aches.** One study by the American Pain Society found that taking two grams of ginger for 11 days can significantly reduce aches and muscle soreness caused by exercise. That's because ginger contains anti-inflammatory compounds known as gingerols, which prevent the transmission of pain from inflammation. Try adding a few slices of ginger every time you drink a glass of water.

## Watch out for 'masked' hypertension

---

Being diagnosed with high blood pressure may be scary, but thinking your blood pressure is normal when it's not? Scariest still.

The Live Science website reports that almost one in eight Americans who believe their blood pressure is just fine may really have a masked form of hypertension that doesn't show up when they visit their doctors. Instead their blood pressure is elevated during their daily activities, so they may be at increased risk of heart disease without realizing it.

To diagnose masked hypertension, researchers suggest wearing 12-hour blood pressure monitors that take readings through the day.

The flip side of this phenomenon is so-called "white-coat hypertension," in which patients' blood pressure increases at the doctor's office (possibly from nervousness?) but is normal the rest of the time. Unlike masked hypertension, these people don't appear to be at a higher risk of heart disease.

## Cleaner air = longer life

---

Take a deep breath. Lots of them. You'll be breathing longer these days, thanks to improved air quality. Researchers at Brigham Young University and the Harvard School of Public Health, writing in the *New England Journal of Medicine*, say that since the introduction of the Clean Air Act in 1978, Americans' life expectancy has increased by 2.72 years. Although changes in smoking habits and better socioeconomic living conditions are a major factor in our increased longevity, the scientists note that as much as five weeks of our lengthened lifespans are due to better air because of cuts in auto emissions, steel mills, diesel engines, and coal-fired power plants.
