Help for Severe Aortic Stenosis

Severe aortic stenosis is a narrowed aortic heart valve that doesn't open and close properly, reducing blood flow to the rest of the body.

Morton Plant Hospital is now enrolling eligible patients in the Medtronic Evolut R low-risk trial, which investigates the safety and effectiveness of a transcatheter aortic valve replacement (TAVR) system in patients with severe aortic stenosis who are at a low surgical mortality risk. TAVR is a minimally invasive alternative to open-heart surgery used to treat failing aortic heart valves in patients with severe aortic stenosis. Morton Plant Hospital was chosen as the first hospital in Tampa Bay to offer the TAVR procedure for patients with severe aortic stenosis who were at an intermediate or high surgical mortality risk. Our team has completed more than 700 TAVR procedures over the last five years.

To see if you or a loved one with severe aortic stenosis may be eligible for this trial, or for more information on the trial, call the Center for Advanced Valve and Structural Heart Care at Morton Plant Hospital at **(855) 44-VALVE (855-448-2583)** or visit **MortonPlantValveTrial.org**.

If you are what you eat . . .

This information isn't for the squeamish, but you might want to know it anyway. According to an article on the Huffington Post website, insects are so ubiquitous that the FDA allows a certain amount of bugs and insect fragments in the food we eat. Insect control organization Terro released data on just how much you might be eating in a year:

• Coffee beans	136,080 (fragments)
• Wheat flour	91,650 (fragments)
• Macaroni/noodle products	7,031 (fragments)
• Chocolate	5,988 (fragments)
• Broccoli (frozen)	1,660
• Peanut butter	408 (fragments)
• Mushrooms	254
• Berries (canned or frozen)	84
• Brussel sprouts (frozen)	54

Relax with a nice warm bath

What's more relaxing than a long hot bath? Jacuzzi Luxury Bath commissioned a survey to explore Americans' bathing habits, and found that 38 percent of us take baths at least once a week. Frequent bathers take an average of 3.3 baths weekly for an average of 28 minutes. Among other results:

- **Timing.** The most popular times for taking a bath are weekend evenings and Monday mornings.

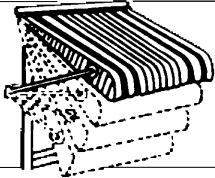

- **Demographics.** Bathing breaks down 50-50 between men and women. Younger people are more likely to be frequent bathers: 48 percent of people 25-44 said they bathe on a regular basis.

- **Benefits.** Women tend to take baths because it helps them relax, while men feel baths lead to better mental acuity. Bathers 18-44 said baths make them feel more alert.

- **Exercise.** Baths are popular for relieving soreness and fatigue caused by exercise. Forty-three percent of runner or joggers take a bath to recover after their workout, along with 34 percent who take exercise classes and 33 percent of weightlifters, followed by basketball players, bikers, and swimmers.

Driverless cars coming to a street near you?

Driverless cars can't wait for self-driving cars, according to a survey by Bosch Mobility Solutions. Out of 1,000 U.S.-based new car buyers 18 years or older, 52 percent said they expect to own a self-driving vehicle within the next 10 years. Only 14 percent said they'd never buy a self-driving car, and 14 percent were undecided.

Although 72 percent of survey participants signaled worries about lack of control in a vehicle they don't drive themselves, 61 percent said they believe self-driving cars could lead to a decrease in traffic accidents, and 55 percent highlighted more free time and less stress as a benefit to driverless cars.

Why kids stay home longer

It's not just a stereotype: More and more young Americans are living with their parents, the U.S. Census Bureau reports. According to a recent study, one in three Americans age 18-34 were living in their parents' home in 2015—some 24 million people. In 1975, the figure was closer to one in five.

One reason: Young people are delaying marriage longer than their older counterparts did. Eighty percent of Americans were married by age 30 in 1975, but nowadays that 80 percent figure isn't reached until age 45.

Younger Americans are also dealing with high student loan debt, which makes staying at home a convenient way for them to pay bills and save to rent an apartment or buy a house.

Coffee + nap = more energy

Want to take a nap that will leave you refreshed and ready to go again? Try drinking a cup of coffee first.

It sounds counterintuitive, but that's the advice from the Health.com website. The reason why it works: The caffeine in a cup of coffee takes about 30 minutes to kick in. After a 30-minute nap, you'll wake up just as the caffeine takes effect.

Research backs the idea up. In 1997 the journal *Psychophysiology* reported that sleepy adults who drank 200 mg of caffeine (twice the amount in 8 ounces of brewed coffee) and then took a short nap performed better on a simulated driving test than people who got only the caffeine.

Keep your naps short—15-30 minutes—and take them at least six hours before your regular bedtime so the caffeine doesn't keep you up at night. If you're sensitive to caffeine, try green tea instead.

"...I am so happy with my new windows...I'd like to commend your work crew. Earbie and Larry were fantastic! I couldn't believe the clean-up EVERYDAY! The whole job took just a week even with all the rain delays. I would and WILL highly recommend your company to my friends and neighbors. Of course I won't need to say a word – the house is doing all the talking! Thank you so much for my beautiful new house."

Carol Zapiecki, Clearwater, FL

"Just a short note to express my appreciation for the work done on my mobile home. The crews that worked here...were gentlemen at all times, efficient, knowledgeable and prompt. You can be sure if I run into anybody who needs your type of work, I will surely recommend your company. It has been a very satisfying experience!"

Factors for avoiding dementia

Physicians estimate that cases of Alzheimer's disease and dementia could reach 141 million people by 2050, but a new study reported in *The Lancet* says that one-third of such cases could be prevented through better lifestyle management, including:

- Getting an education (staying in school until over age 15)
- Reducing high blood pressure, obesity, and diabetes
- Avoiding or treating hearing loss in mid-life
- Not smoking
- Physical exercise
- Reducing depression and social isolation later in life.

Take good care of your bicycle helmet

Riding a bike is good exercise, but you must take care of your helmet if you want to protect your head in case of an accident. Consumer Reports offers this advice:

- Find the right fit. Your helmet should be snug enough to fit your head but not uncomfortably tight.

- Store it appropriately. Keep it somewhere cool and dry in your house or garage. Don't leave it in your car—the heat could degrade the foam or compromise the helmet's structure.

- Keep it clean. Use soap and water, not harsh detergents like ammonia or bleach, which can also damage a helmet's integrity.

- Watch for dents. Even a small dent can mean your helmet will offer less protection in a crash.

- Replace after an impact. Even if the damage seems minimal, get a new helmet after any crash.

The hardest arithmetic to master is that which enables us to count our blessings.

—Eric Hoffer

Did you know that November is also...

Family Stories Month. Celebrate the histories and experiences that make families unique. Gather your clan together and grow the bonds of kinship this month by sharing tales across the generations.

Movember. Grow a moustache or take on a “Move” challenge to raise awareness and funds for men’s health issues. Visit <https://movember.com> to learn more.

National Aviation History Month. Recognizing man’s quest to conquer the skies and the aircrafts that have been developed along the way. Find an exhibit at a museum in your area.

Inspirational Role Model Month. Honor those who inspire you to do your very best and lead by example. Use #InspirationalRoleModelsMonth on social media when you do.

American Education Week, Nov. 13-17. The spotlight is on the accomplishments and requirements of public schools and the many dedicated people who devote their lives to teaching.

International Fraud Awareness Week, Nov. 12-18. Keeping the public aware of the latest scams that make us vulnerable to crime. Get informed.

National Farm City Week, Nov. 17-23. Ending on Thanksgiving Day, this week allows us to pay homage to farmers in locations across the country for their contributions to our communities and economy. Bring the farm to your table this week.

Daylight Savings Time, Nov. 5. Get an extra hour of sleep or partying when you dial back the clock in the wee hours of the morning on this first Sunday in November.

Color The World Orange, Nov. 6. The first Monday in November helps to raise awareness for those diagnosed with Complex Regional Pain Syndrome/Reflex Sympathetic Dystrophy (CRPS/RSD). Wear your favorite orange scarf or shirt to show your support. Look for orange decorations and lights on landmarks and buildings around town.

Take A Hike Day, Nov. 17. Head to the nearest state park or nature preserve and follow the path to wherever it may lead.

Thanksgiving, Nov. 23. Whatever you eat, this day is all about gratitude, togetherness and sharing.
