## Get Well:

---

**O**ur card was sent to Amos Master after his open heart surgery. He returned to the coach under the care of Nurse Judy. Their son and daughter are here giving them both love and support. They both thank all friends and neighbors for their prayers, cards and phone calls. Continued good luck with your recovery, Amos!

## Sympathy:

---

Our sympathy card and memorial check was sent to Dominic Purpura (20-L) and the Hopkins siblings. Several neighbors were able to attend his final services at Indian Rock's Baptist Church. May George now rest in peace.

Our sympathy card was sent to Lucille Moreau in Maine after hearing of Leon's passing away August 13, 2016. As requested, his memorial check was sent to Wounded Warrior Project in Massachusetts. Leonard and Lu spent many winters enjoying the warm weather. They could be seen taking their bikes up to Walsingham Park for rides in the morning. Hopefully we'll see Lu return this season.

Please keep all residents who are experiencing illness in your prayers. If anyone needs a card, please notify Jane McHugh at 14-H. We wish to give our support.

## TUESDAY BINGO GAMES BEGIN IN OCTOBER

During our summer season exercise classes will be conducted at pool and in clubhouse. Aquacize classes in pool are held on Monday, Wednesday and Friday's at 2:30, weather permitting. On Tuesday and Thursday's at 9:00 inside the clubhouse various low-impact exercises are offered. All residents or their guests are welcome to join in to get healthy. There is no charge just willingness to exercise.

Our winter schedule will be announced in October when more residents are in residence. Check the October Media Newsletter for more information

## Veterans' Projects

Gil Himes, Ed Palka

**G**il Himes (15-I) collects articles for our veterans at Bay Pines Hospital in St. Petersburg. Toiletries, such as razors, shaving lotion and men's aftershave, gently used books and magazine, playing cards, puzzles, dominos, hard candy and lap robes are some of possible donations. Packages of new socks and t-shirts are needed in sizes L, XL, and 2X. Even hotel toiletries are welcome. Let's remember our hospitalized servicemen and women. Thanks for your support.

Ed Palka (11-N) collects any MANUFACTURERS' COUPONS. These are usually in Sunday's St. Petersburg Times, Largo Leader and various magazines. All coupons are taken to Largo Elks Lodge, #2159 for distribution to our troops stationed in Germany. Any coupons for baby products or items useful to new mothers are sent to Ramstein Hospital, Landstuhl, Germany. Drop off the sheets, clipped or unclipped. Please continue to support this cause. Largo Elks Lodge 2159. Ed also takes American and Canadian flags that need proper disposal. Ed will find new home for hearing aids and eye glasses, too. American or Canadian flags needing proper disposal may be left, too. In addition, he donates small plastic bags for use at Largo Library's Book Store. There is a blue plastic bin in carport at 11-N for these various items. You may find Ed at Wednesday's KK gathering.

"...I am so happy with my new windows...I'd like to commend your work crew. Earbie and Larry were fantastic! I couldn't believe the clean-up EVERYDAY! The whole job took just a week even with all the rain delays. I would and WILL highly recommend your company to my friends and neighbors. ## The cephalopods are coming

---

**D**on't look now, but cephalopods are on the rise. A team of scientists have determined that cephalopods—sea-dwellers including mollusks, squid, cuttlefish, and octopuses—are increasing their numbers below the waves.

As reported on the Sci-News website, scientists at the University of Adelaide created a database of catch rates for 35 species of cephalopods from 1953 to 2013. They found that cephalopod populations have increased across three distinct groups since the 1950s.

The sea creatures are able to adapt to environmental changes quickly due to their short lifespans, rapid growth, and life-history plasticity. Their growing numbers could have both positive and negative effects: increased pressure on the undersea species they hunt for prey, but also benefits for marine predators who in turn hunt them, as well as humans who harvest them from the sea for food.

## Chinese brewed beer in ancient times

---

**C**rafts beers are thriving these days, but beer has been around for a long time, scientists say. Researchers in the United States and China have revealed that the Chinese brewed their own beer some 5,000 years ago, much earlier than previously believed.

As reported on the Voice of America website, archaeologists have uncovered brewing equipment in underground rooms in China's central plain region. Traces of ingredients found on the equipment suggests that the ancient brewmasters used a recipe of broomcorn millet, barley, a grain called Job's tears or Chinese pearl barley, and a form of tuber to brew their beverage. The presence of barley 1,000 years before it was believed to have been grown in China suggests that it might have been brought in from other regions, making beer an ingredient in early trade.

Researchers describe the possible taste of the beer as “a bit sour and a bit sweet.”

## The three kick rule

---

A lawyer went duck hunting in rural Tennessee. He shot a bird that fell into a farmer's field. As he went to retrieve the duck, the farmer walked up.

“That duck is on my land,” the farmer said. “So it belongs to me.”

“But I shot it,” the lawyer said. “If you don’t let me have it, I’ll sue you for your farm and everything you have.”

The farmer smiled. “Tell you what: How about we settle this with the three kick rule?”

“What’s that?” the lawyer asked.

“One of us kicks the other three times. Then the other guy gets to kick the first guy three times. We keep doing it until one of us gives in.”

The farmer looked very old, and the lawyer worked out regularly. “All right,” he said confidently. “We’ll do it your way.”

“Since we’re on my land,” the farmer said, “I kick first.”

The lawyer agreed, positive that the elderly farmer couldn’t hurt him.

He was wrong. The farmer’s first kick sent him into the dirt. His second hurled him against a tree. The third had him flying into a haystack.

Dizzy, the lawyer pulled himself up and took a deep breath. “OK, now it’s my turn.”

“Nah,” the farmer smiled. “You can have the duck.”

## The wrong direction

---

An old man and his wife argued constantly, and the husband was often heard to say, “After I die, I will dig my way out of my grave and haunt you for the rest of your life!”

When he died at age 98, superstitious friends asked the wife if she was afraid he’d make good on his threat. She shook her head. “I buried him upside down—and I know he’ll never stop and ask for directions.”

## Space station marks a milestone

---

The International Space Station has reached a new milestone: It's made 100,000 orbits around Earth, a distance of 2.6 million miles. That's roughly 10 round trips to Mars, or a one-way voyage to Neptune. Some facts from the U.S. News & World Report website about the ISS, which began its orbit around Earth 17 ½ years ago:

- Orbits. The station orbits Earth 16 times a day. Each orbit takes about 19 minutes.
- People. Since 2000, 222 astronauts have lived or visited the ISS, 33 of them women. The station has been home to 47 full-time crews, with members from the United States, Russia, Canada, Japan, the UK, and other European space agencies.
- Photos. Crewmembers have taken 3 million photos from the ISS.

## Protect food from spoilage—and yourself from getting sick

---

Does something smell foul inside your refrigerator? It may be food gone bad. Two kinds of bacteria that can spoil food: pathogenic bacteria, which causes foodborne illness; and spoilage bacteria, which causes food to smell, taste, and look bad. Keep these tips in mind for storing food safely:

- Watch the temperature. Bacteria grow the fastest between temperatures of 40 degrees Fahrenheit and 140 degrees Fahrenheit. A refrigerator set at 40 degrees Fahrenheit or lower will protect most foods.
- Eat or refrigerate promptly. Don't eat food that's been stored at temperatures above 40 degrees Fahrenheit for longer than two hours.
- Don't let foods dry out. Cover foods or wrap them in plastic to retain moisture.
- Divide up. Divide large dishes, like stew or soup, into small portions and put them in shallow containers before you refrigerate them.
- Use the meat and vegetable drawers. They provide the optimal storage environment for these types of foods.
- Eat promptly. A general rule of thumb for cooked leftovers is to toss after four days; one to two days for raw poultry and meats.
