VINYL IS FINAL

"...I am so happy with my new windows...I'd like to commend your work crew. Earbie and Larry were fantastic! I couldn't believe the clean-up EVERYDAY! The whole job took just a week even with all the rain delays. I would and WILL highly recommend your company to my friends and neighbors. Of course I won't need to say a word – the house is doing all the talking! Thank you so much for my beautiful new house."

Carol Zapiecki, Clearwater, FL

"Just a short note to express my appreciation for the work done on my mobile home. The crews that worked here...were gentlemen at all times, efficient, knowledgeable and prompt. You can be sure if I run into anybody who needs your type of work, I will surely recommend your company. It has been a very satisfying experience!"

Travel trends for 2018

If you're looking to get away from it all in 2018, you're not alone. The AARP Travel survey looked at what Baby Boomers and millennials are planning for their vacations this year. Here's some of what the survey found:

- Boomers expect to take four or five trips for leisure this year, and spend about \$6,400 on their travel.
- Seventy-four percent of millennials expect to take work with them.
- Fifty-seven percent of Boomers travel to spend time with family and friends, 49 percent say they travel to relax and rejuvenate, and 47 percent are looking for an escape from everyday life.
- Forty-nine percent of Boomers plan to travel only domestically, with Florida and California the most popular destinations.
- Forty-seven percent plan to travel both domestically and internationally. Top international destinations are the Caribbean/Latin America and Europe.
- Traveling abroad is a “bucket list” item for 22 percent of Boomers.

Sleep? There's an app for that

We use the apps on our smartphones for all sorts of things. One of them is tracking sleep patterns. In a survey of 934 mobile phone users by the NYU School of Medicine, 28 percent of participants reported that they use a health app to monitor how long they sleep, what time they go to bed, and whether they wake in the middle of the night, as well as whether they snore, have breathing problems while asleep or change positions.

Thirty-five percent of men and 20 percent of women reported tracking their sleep, and the average age of sleep trackers was 34. The most popular apps (of 24 named in the survey) were Fitbit (10 percent), Lose It (3.5 percent), and Apple Health (2.6 percent).

Just 5 percent makes a big difference

If you're overweight—like many Americans—you may be intimidated and overwhelmed by the thought of just how many pounds you have to lose in order to get healthy. How much is enough? Twenty pounds? Thirty?

Good news: According to NBC News' Better website, losing just 5 percent of your body weight can have significant health benefits. It can decrease your total body fat, including visceral fat that hugs your organs, as well as liver fat. In addition, it can lower your blood pressure and also increase your insulin sensitivity—all of which can cut your risk of developing type 2 diabetes.

Burn and extinguish candles safely

Whether you enjoy candles for a romantic dinner or holiday celebration, you should handle them carefully. The National Candle Association says to properly put out a candle's flame, hold your finger in front of the flame and blow at it. The air will flow around the finger and extinguish the candle from both sides, preventing hot wax from splattering.

Other tips for candle keeping and use:

- Never leave a burning candle unattended.
- Keep lighted candles out of the reach of children and pets.
- Keep burning candles away from combustible materials like drapes.
- Store candles in a cool, dark, dry place.
- Before using, light and extinguish the candles so they burn better.
- Avoid drafts to prevent rapid, uneven burning or excessive dripping.
- Keep wicks trimmed to one-half inch.
- To remove wax from fabrics, scrape off excess and run boiling water through the material.
- Remove wax from holders by running hot water over them.
- Candles refrigerated before use will burn more slowly and evenly.
- Extinguish candles when they get within 2 inches of the bottom.

Walk safely in traffic

Now that spring is here and walking is more manageable in milder weather, here are some reminders about walking safely along busy streets:

- Stay on the sidewalk and crosswalks. If you can't avoid walking on roads with no crosswalks or sidewalks, walk facing traffic.

- Cross at intersections. Most people are hit by cars when they cross the road at places other than intersections. Make sure you stop at the curb. This signals to drivers that you intend to cross.

- Stay out of the driver's blind spot. Make eye contact with drivers when you cross busy streets.

Did you know that April is also...

Alcohol Awareness Month. Since 1987, the National Council on Alcoholism and Drug Dependence has focused on raising awareness of the struggles associated with alcoholism during April. Go to QuitAlcohol.com to learn more.

Autism Awareness Month. With one in 68 children in the United States diagnosed with Autism Spectrum Disorder, the focus of this month is to educate the public in an effort to foster an atmosphere of acceptance and understanding in our society.

National Garden Month. Grow herbs in a window box, plant flowers that will attract the butterflies and bees, or cultivate a melon patch on a vertical grid. There's still time to plan what you will grow in your garden this year.

National Humor Month. Laughter truly is the best medicine, so why not strengthen your funny bone? Visit HumorMonth.com to find projects and resources that will help bring the laughter.

National Poetry Month. Reading a poem each day is one of the 30 ways the Academy of American Poets suggests you celebrate poetry this month. To learn more, visit Poets.org.

National Library Week, April 8-14. If you haven't been to your local library in a while, you're missing out on all of the free yet valuable resources they provide to your community. Visit a branch this week to learn all of the ways "Libraries Lead," which is the theme of this year's campaign.

National Volunteer Week, April 15-21. Let a cause near and dear to your heart inspire you to take action. Go to AllForGood.org to find a service project in your area and get involved this week.

Week of the Young Child, April 16-20. The National Association for the Education of Young Children shines a spotlight on the importance of early childhood education. Go to NAEYC.org to find out what you can do to engage the little ones in your life.

World Immunization Week, April 24-30. "Protected Together, #Vaccines Work" is the message the World Health Organization is sharing to remind individuals and governments that fatal yet preventable diseases are an all-too-common reality for more than 19 million children throughout the world.

Earth Day, April 22. Since 1970, people around the world have focused on issues that affect our planet. The theme of this year's campaign is "End Plastic Pollution." Go to Earth-Day.org to find out how you can be an environmental steward.

Start thinking green this spring

Most of us can do a lot better when it comes to being ecofriendly. Here are two areas where we can improve upon our good intentions while we lessen our negative impact on the environment:

• **Recycling.** It's great if you always throw your empty soda cans and water bottles in the recycle bin, but are there other items you are overlooking? If your municipality has a recycling program they probably have a set of guidelines posted online that explains what they accept and how you should prepare those items for disposal. Even though that peanut butter jar is marked as being recyclable, it might be considered garbage if traces of peanut butter are still in it. Find out what you need to know and make a commitment to recycle as much as possible, properly.

• **The brown bag lunch.** Embrace sustainability when you take your lunch to work by eliminating the amount of disposable products you use. Carry your lunch in a cloth sack, bento box, or small basket. Pack food in glass, metal, or some other kind of reusable containers. Swap out paper napkins with cloth napkins, and plastic straws with metal ones. Consider keeping a coffee mug and set of flatware at your desk in an effort to generate less waste.

A broadband of conservation

In 1989, attorney and activist Susan Tixier mobilized a group of “mature” women on a hike through Utah’s Grand Staircase-Escalante. Most of them were already involved in wilderness preservation efforts, but their goal was to discuss conservation issues surrounding many of the U.S. national monuments and make sure that the voices of older Americans were represented in that conversation.

A member of a passing group of hikers saw them and said, “What a bunch of great old broads!”

On that day, Tixier and her colleagues decided to officially call themselves “Great Old Broads for Wilderness.” Since then they’ve grown their membership to 8,000 across 38 “Broadbands” nationwide.

The group advocates for issues affecting the environment and wilderness protection causes. Their ranks include “Young Broads,” and men of all ages, “Bros.” They host “Broadwalks” where they dedicate a day of stewardship to an area, address conservation issues there, and spend time hiking and exploring.

Visit GreatOldBroads.org to learn more about the Broadbands and the work they are doing.
