Get well:

Ron Jaeger (11-A) got a card after hearing of his recent hospitalization. Hopefully he's on the road to complete recovery.

Barbara Bliss (Lot 22) was sent card when word of her hip break was heard. Hoping her repair surgery and following physical therapy will find her back to normal soon.

Janice Thiede (12-0) returned to park and KK. Her surgery went well and hopefully in six weeks physical therapy will begin. It's good to have her back in the park.

Sympathy:

Don and Elizabeth Call (8-N) received our sympathy after the recent passing away of Don's brother, Bob Call after losing his battle with cancer. They were able to reach Vermont in time for saying good-bye. They will remain for services with the family. May he now rest in peace.

Please don't forget to send word of residents who are ill or grieving for a loved one. All it takes is a call or send an email. Thanks.

We have many friends in need of prayers for various serious medical conditions. Continue to pray for them all.

Send all news to Jane McHugh (14-H), 581-2664 or TJMAC39@aol.com. Weekly KK News is sent via email. Send note to the email address with KK NEWS in subject line. Your address will be added. Send email, IF you do not receiving this on Wednesdays let me know.

CAN RECYLING

D o - ris Myers

Are you contributing to REC Association general fund??? This fund helps finance all the fun activities provided by REC Association, such as; dances, dinners, needed supplies, luncheons, holiday activities, etc. If you put them in your blue recycling bin; you are giving away this money.

Please remember to bring your rinsed and drained aluminum cans to 3-I. Rinse them and remove tabs, if possible. Turn them in separately. Tabs are given to Ronald McDonald House.

Drop of at 3-I., even through the summer months. Thank you to all who help.

2016 BAZAAR REMINDER:

It's never too early to remind yourself of our Annual Bazaar being held this January, 2016. Time to cleanse your jewelry box, Ladies?? Go through your cupboards?? Albertson's offering Knives and Cutting Boards as their promotion this fall. Please save stickers for Joyce Mistovich (11-0) to use in her Chinese Auction baskets. Give them to her at KK or drop off at coach. Thanks. New or re-gifting are also good ideas for these basket donations. Joyce and her crew does a beautiful job preparing these baskets which are real money maker for Bazaar

EXERCISE TO STAY FIT

Jeannie Bovee

Monday, Wednesday and Friday at 10:30 in our very own pool participants meet for exercise. Classes in pool, weather permitting. Tuesday and Thursday's at 9:00 inside clubhouse, Jeannie's offering exercising with video music and CD's. Starting November 10 Tuesday/Thursday class will be conducted by Donna Schulz at same time.

There are Noodles and Water Weights to use for doing a variety of exercises to increase your strength and cardio system. All residents and their guests are welcome to participate in either type of class.

FEDERATION OF MANUFACTURED HOMES (FMO)

Denis Dunne

Our 2015-2016 FMO District 2 monthly general meetings will be starting on Tuesday, October 20, 2015. Our guest speaker will be Lee Colling, FMO Legal Council. Meeting time is 9:30 with donuts and coff AMee served prior to meeting at 9:00 A.M.

The meeting takes place at Oak Crest & Acorn MHP 9925 Ulmerton Road, Largo, FL slightly to the right. You do not have to be a FMO member to attend the monthly meetings. Information from the summer session of Florida Legislature session will be discussed.

Should you require information on the FMO, please visit the website at www.fmo1.org or our own District 2 website at <http://fmodistricttwo.wix.com/fmo-d2vAisit>.

ARTS AND CRAFTS

Dee Hall

Arts and Crafts will restart on Monday, October 5, 2015 at 10:00 AM in the clubhouse. We will continue with floral class.s.es for the month of October.

Starting in November, we'll be concentrating on Christmas and our annual Bazaar item. Come and enjoy while you're learning and having fun.

REGULAR WEEKLY BINGO GAMES

Dee Hall and Ray Drier

Come one!!! Come all!!!! Everyone has been asking!!!
Pointe West will restart our regular weekly Bingo on Tuesday,
October 6, 2015.

Doors open at 5:00 P.M. Playing begins at 6:45 P.M.

We're fortunate to purchase a new machine with a new program.
Come and join us for new fun-filled season. Good luck to all!!!

PRESIDENT'S LETTER:

Cliff Olney

It's that time of year again! POINTE WEST is preparing to welcome it's northern flock of "snow birds" for the winter season. We need to know you're here. So, plan to check in at the office ASAP, either by phone, email or personal visit.

Our new landscape company has the lawns pretty much under control. The park's looking good. The palm trees have been trimmed and a new coat of varnish on the Tiki huts will be done in the coming months.

Please remember to catch up on maintenance on your unit that requires attention upon arrival. Some of our planters are getting overgrown with weeds and grass along with bushes needing trimmed. Florida experienced weeks of daily rain and sunshine which equals plant growth.

Again, some other reminders. Do not park on the sidewalks and grass. Keep car at 10 MPH and observe all STOP signs. Except for Edge Park Drive (Out-street) and Pointe West Way (In Street), all streets are two-way traffic. It's been quiet here in park all summer and we're looking forward to returning "snow birds" to liven things up. Just think about your safety and the safety of others riding and walking our streets.

Welcome Back: Ladies' Luncheon

Jane McHugh and Muriel Brophy

Our Welcome Back Lunch is Friday, October 30 at the Largo Mall Olive Garden. Come to renew friendships after our summer break. Sign-up sheet will be in clubhouse along with menu. Watch for sheet second week of October. We gather anytime after 11:30. See you there.

Veterans' Projects

Gil Himes, Ed Palka

Gil Himes (15-I) collects articles for our veterans at Bay Pines Hospital in St. Petersburg. Toiletries, gently used books and magazine, playing cards, puzzles, dominos, hard candy and lap robes are some of possible donations. Packages of new socks and t-shirts are needed in sizes L, XL, and 2X. Even hotel toiletries are welcome. Let's remember our hospitalized servicemen and women. Thanks for your support.

Ed Palka (11-N) collects any MANUFACTURERS' COUPONS. These are usually in Sunday's St. Petersburg Times, Largo Leader and various magazines. All coupons are taken to Largo Elks Lodge, #2159 for distribution to our troops stationed in Germany. Any coupons for baby products or items useful to new mothers are sent to Ramstein Hospital, Landstuhl, Germany. Drop off the sheets, clipped or unclipped. Please continue to support this cause. Largo Elks Lodge 2159. Ed also takes American and Canadian flags that need proper disposal. Ed will find new home for hearing aids and eye glasses, too. There is a blue plastic bin in carport at 11-N.

These activities continue throughout the summer.

Winning is easy, just patronize any advertiser in the newsletter, then submit either the ticket or a paid receipt to us for your chance to win!

Now You Have More Chances to Win!

We are now offering unlimited entries into our Monthly Mania drawing by just *SUGGESTING* a business to advertise.

Here is how it works:

1. Call our office and suggest a business to advertise in the newsletter
2. We will take down your information (name, address, phone number) and enter you into the next month's drawing for over \$400 in cash prizes
3. The more businesses you suggest, the more chances you have to win.
(To qualify each resident can only suggest a business once)

What businesses would you like to see advertising?

We have spots available in the following categories:

October Is...

Adopt A Dog Month. Millions of animals are waiting for someone to give them a safe, loving home. Be a hero and consider adopting a rescue animal or a dog from your local shelter. You'll be saving a life and adding joy to yours.

Eye Injury Prevention Month. Protecting your eyes from injury is one of the most basic things you can do to keep your vision healthy throughout your life. The American Academy of Ophthalmology reminds everyone to wear protective eyewear when performing home repairs or maintenance, and while playing sports.

National Bullying Prevention Month. A campaign to unite communities nationwide in educating and raising awareness of bullying prevention. National Bullying Prevention Month is recognized across the United States, with organizations like Facebook, Disney, CNN, Yahoo Kids, and other partners supporting the effort through media outreach and dissemination.

National Cyber Security Awareness Month. National Cyber Security Awareness Month is designed to engage and educate public and private sector partners with events and initiatives aimed at raising awareness about cyber security and increasing the resiliency of the nation in the event of a cyber incident.

Week to Week

Emergency Nurses Week, Oct. 11-17. Sponsored by the Emergency Nurses Association, which represents the approximately 180,000 emergency nurses in the U.S. who save lives and render aid on a 24/7 basis.

Earth Science Week, Oct. 11-17. An international event to help the public gain a better understanding and appreciation for the Earth sciences and to encourage stewardship of the Earth.

Nuclear Science Week, Oct. 19-23. A national celebration to focus local, regional, and national attention on all aspects of nuclear science. The 2015 theme: "Get to Know Nuclear."

Respiratory Care Week, Oct. 25-31. An annual event that recognizes the respiratory care profession and promotes awareness of lung health issues and practices.

Thought-controlled robots offer freedom and mobility

Humans can now control robots remotely with their thoughts, thanks to a team of scientists who have developed technology to help people with disabilities regain some independence in their lives.

The robots are equipped with wheels and a video camera. The scientists tested them with a group of 19 subjects, nine with disabilities and 10 without. Each subject wore a helmet studded with electrodes that analyzed brain signals for several weeks. Then they were told to direct the movements of a robot in Switzerland via the Internet. After less than 10 days of training, all of the nine participants with disabilities were able to control the robot easily, as did those with no disability.

In addition, the robot is able to avoid obstacles on its own without direction from its human controller, allowing people to take a break when they become tired. Such robots could become part of the daily life of people with mobility issues, giving them the opportunity to interact with others outside their homes.

Solar panel promises hope for clean fuel

A new type of solar panel could allow us to split water into hydrogen and oxygen atoms and create a clean hydrogen fuel, according to the NBC News website.

The panel, developed by scientists in Switzerland, looks like the common solar panels found on rooftops. Sunlight passes through a layer of water, and the non-toxic chemical tungsten diselenide works as a catalyst to break the water into its separate hydrogen and oxygen atoms. The scientists hope to commercialize the process to create a cheap source of hydrogen fuel, but a practical version won't be available for at least 10 years.

We can judge our progress by the courage of our questions and the depth of our answers, our willingness to embrace what is true rather than what feels good.

—Carl Sagan

Love, honor, and make your payment

One important factor that can unbalance a marriage or romantic relationship is debt. A survey conducted by Harris Poll for NerdWallet determined that 35 percent of adults have brought at least some credit card debt into their romantic relationships—more than student loans, car payments, medical loans, and mortgage debt.

More men than women bring it, with 42 percent of adult men coming into relationships with credit card debt, as opposed to 29 percent of women. Whoever's behind it, though, such debt can have costs beyond interest payments: 25 percent of couples with at least one partner dealing with credit card debt reported that it had a negative impact on their relationship.

Be alert to the signs of Alzheimer's disease

More than 5 million people live with Alzheimer's disease in the U.S. It's an affliction that can't be diagnosed with a blood test or a brain scan, so doctors and patients depend on behavioral clues to determine whether someone is suffering from it. An early diagnosis can help with treatment and care, so pay attention to these warning signs from the Alzheimer's Association:

- Changes in memory that disrupt daily activities
- Difficulty solving problems or making plans
- Problems performing familiar tasks at work or at home
- Confusion over places and times
- Problems processing visual images and spatial relationships
- Growing difficulties with writing and speaking
- Losing items/getting lost outside

If you or a loved one begins exhibiting a number of these symptoms, consult with your doctor. Although Alzheimer's has no cure, many treatments can delay its onset and provide a meaningful quality of life for years.

Spiders On The Move: Land, Air, And Water

If you're afraid of spiders, this may not be good news: Scientists have discovered that some spiders can actually walk or sail across water, allowing them to travel great distances and colonize new areas of the world.

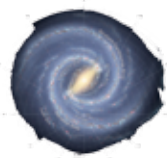

Spiders have long been known to travel by “ballooning”—climbing to the top of a plant or tree and shooting out a strand of web that catches the breeze, pulling them through the air. But what happens when they land on water? Some species of spiders have water-resistant legs that prevent them from sinking beneath the surface. With specialized “dance” routines, the spiders are able to make their way across the water. In addition, they're able to lift their legs to catch the wind, sliding on the surface as if sailing. Some spiders are also able to lift their abdomens like sails and take advantage of air currents to transport themselves.

All this helps spiders move about, allowing them to take their place as predators keeping insect populations in check. How far they can actually travel is still unclear, as is the question of whether salt water affects their mobility. Scientists are continuing to study the spiders to find out if they can literally sail across the ocean.

Black Holes: The Truth Is Out There (Just Hidden)

The universe is full of supermassive black holes, according to findings from NASA's Nuclear Spectroscopic Telescope Array (NuSTAR). But they're not always easy to locate because they're typically found at the center of galaxies, and hidden by clouds of dust and gas.

Astronomers found several of them recently them by analyzing high-energy X-rays at nine locations throughout the universe. The NuSTAR confirmed the existence of five black holes and determined that they're much more active than previously was known, consuming huge amounts of interstellar material and emitting large doses of radiation.

The NuSTAR's readings confirm theories of the presence of black holes throughout the cosmos and help to explain why many of them are obscured from view.

We can judge our progress by the courage of our questions and the depth of our answers, our willingness to embrace what is true rather than what feels good.

—Carl Sagan

Avoiding the dentist? It may cost you

Proper dental care is important to your overall health. Unfortunately, many of us tend to avoid visiting the dentist—often because of the cost.

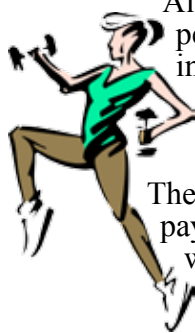

A survey commissioned by Aspen Dental found that almost two out of five Americans have delayed needed dental work, or had it only partially performed, because of their financial situation. It's a figure that has jumped by almost 8 percent over the last two years, even though 80 percent say they're aware that staying away from the dentist will be more expensive in the long run.

Take one step to lose weight

Want to lose weight? Step onto a scale every day. That may seem like obvious advice, but it's supported by the results of a study reported on the Live Science website.

In the study, researchers challenged 162 people to reduce their weight by 10 percent over the course of the year. They weren't given any specific advice, but about half the participants were given scales and told to check and record their weight every morning.

Although few of the participants in either group achieved their goal of losing 10 percent of their body weight, 29 percent of those given scales succeeded in losing at least 5 percent, but only 11 percent in the scale-free group lost as much.

In addition, participants given scales managed to maintain their weight loss for a second year.

The researchers have theorized that checking weight once a day may help people pay more attention to what they eat (and how much), and reinforce positive weight-loss behaviors like skipping dessert.

Without mathematics, there's nothing you can do.
Everything around you is mathematics. Everything
around you is numbers.
