It is wonderful being back at the Ranch! Such a lovely Christmas and New Year here. The weather has been just grand, with lots of visitors joining our Euchre group and spreading the cheer of the season. We had a great turnout on January 9th! Lots of folks have returned for the winter season since the first of the year, swelling our hall and our hearts. We brought out eight tables and they were all filled! I couldn't believe it! Really great to see you all! Let's do this each week. May we all have a Health, Happy and Safe time together, enjoying each other's humors, successes and milestones. God bless you all in the New Year!

Sincerely, Sue Berton

Pool Improvement Club

Already we are into the second month of 2019! As is said, Time is fleeting! Thus by the time you read this article we will have had our Annual Spaghetti Dinner and the White Elephant Sale. The outcome of those events will be reported on, in the March edition of the Recorder.

For now I want to let you know what changes have occurred with our Club. We were looking for some new officers and we were able to garner a new Vice President, Doreen Marshman, and a new Secretary, Debbie MacKenzie and a new At Large member, Lois Burzek. A very big thank you ladies for stepping up onto our board to continue the good works put forth by our Pool Improvement Club.

I would like to thank Misty Marston for her diligent work, in my absence, with the Pork

continued on page 12

dinner and supporting the work of our great Chef chuck Davis and his right hand m,en Lou Lowery and Bernie Lake and his kitchen crew for taking care of the tickets and the prizes for that affair. I know you all had your plates overflowing, making it the 'Best Pork Dinner Ever'!!

Thanks also to our very loyal and faithful past Secretary, Joanne Lavigne. She has done a wonderful job for many years. Joanne has promised to continue working with her crew to stage the Club House for future dinners. Thank you for all your immeasurable knowledge and contributions to our Club and the RMHP.

Also on my list of Thanks, I have to make a big shout out to Bob D'Ascoli, our Aluminum Can Man for many, many years. Bob has carried on a most invisible and thankless job of cleaning up and carrying and transporting our cans to be recycled (Most often with Lou Lowery or Chuck Davis). It really is a two man job and they have been there and done that for too many years. Thank you from the bottom of my heart for all you have done for the Pool Improvement Club. We will continue to recycle the cans, even though the price per pound we received last week was only .35 cents per pound. We can only hope it goes up again.

We have a new can man on our premises, Roy MacKenzie, our new Secretary's husband! He will have a back up, Dick Lies. They have booth been helping me to process the cans to the Recycling Center. Thank you fellows~

We have noticed that the "Cans Only" receptacle in the Club House and in the Shuffle Courts, often contain much more surprises than Cans! Paper products (plates, napkins, no winner tickets, styrofoam, plastic bottles, uneaten food stuffs, stirrers, and empty creamers or tinfoil) none of these mentioned can be taken with our cans to the Recycle center. If I were to put them in the bin, we would be escorted out of the center without my money honey! Please, please do not put anything in with the "Cans Only" bins. No cans from green beans, beets, okra, corn, peas and carrots, kidney beans, Lima beans, northern beans and baked beans or the likes of any tomato products either. Just aluminum drinking cans. Please try to empty out all the cans you are recycling. I have taken more beer (and soda) baths in the past two years than you can imagine! My Al has a wonderful nose and he thinks I've taken to canned goods much too much lately!!

With these notes and commentary and my undying respect and gratitude, I sign off, Your Current President of the Pool Improvement Club (still looking for a new President and Chief Cook and Bottle Washer/Coordinator).

Sincerely yours,
Sue Berton

Resident Directory

We have started a volunteer resident project to publish a photo directory of residents of Ranch Mobile Park. For better print quality, the 2019 Photo Directory is planned to use a printing service. Color Photo directory is very expensive (\$15 to \$19) and we have an option of black and white photo directory (about \$3). Electronic document will be available with email request to Howard Moy (free). Joanne Lavigne will be editor, Howard Moy will develop electronic version and print paper version, photographers are needed or if you have a photo you want to submit please email it to me moyhow@yahoo.com. We hope to publish the photo directory around October 1, 2019. Photos will be taken at the various dinners,

Softer Than Brittle

Ingredients

- 1-1/2 cups sifted powdered sugar
- 1/2 cup creamy peanut butter
- 1 cup crushed #SofterThanBrittle Pecan
- 3 tablespoons butter, softened
- 1 lb. dipping chocolate
- Festive sprinkles

Recipe

Sift together powdered sugar, peanut butter, Softer Than Brittle and butter until well mixed. Shape mixture into 1 inch balls, placing them on a cookie sheet covered with parchment paper. Pop in fridge or freezer for 20 minutes until firm. Melt the dipping chocolate in 30 second intervals until smooth. Drop balls one at a time in melted chocolate. Using a fork, remove from the chocolate, letting excess chocolate drip off. Place back on cookie sheet. Sprinkle with festive sprinkles while still wet. Pop back into fridge or freezer until firm.

Store tightly covered in a cool dry place.

The Old Coot Gets His Car Inspected

By: Merlin Lessler

Joe! Joe! Can you squeeze me in? My car inspection is due today. I won't mention Joe's last name; he's a little irritated with me at the moment. It's Joe Sellars of Hilltop Service Center. I don't know, he responds. I'm pretty booked up, and three of these cars have to leave for a trip out of town at 6:00 a.m. tomorrow morning.

Oh come on Joe; it's just an inspection. You can work it in. He finally agrees (just to get rid of me). I toss him the keys and scramble out the door. I forget to mention that the check engine light is on, hidden behind a piece of black electrical tape, the left rear tire is bald, the front turn signal on the driver's side isn't working and the car smells like exhaust when you stop for a red light.

Joe walks back into his shop, mumbling Old Coot something under his breath. Marty picks his head up and asks, "What did you say?"

Nothing, Joe replies. Just talking to myself. then Marty spots my car out front. Is that the Old Coot's car? It is isn't it? Now we really are in a mess. How could you? Joe has no answer. He crawls under the hood of a car, pulls way too hard on a wrench and his knuckles smash into the engine block. That's when the phone rings.

You get it, Marty shouts from under a pickup truck. Let it ring, Joe yells back. After 35 rings, Joe comes out from under the hood and goes into the office to answer it.

Did you get started on my inspection, I ask. Not yet, Joe replies. I'll try to get at it sometime this afternoon.

Change the oil while you're at it and check the pressure in the tires, I say, while listening to a dial tone.

Twenty minutes later I call back. Joe sounds a little surly. I just wanted to know how he was making out; had he gotten to it yet. He had the same attitude the next three times I called. You'd think I was getting him out of bed in the middle of the night. Jeesh!

So I changed my strategy; I hopped into my wife's car and drove out to Glenmary Drive to check on things in person. He still hadn't started on my car so I hung around to see if my presence would motivate him a little. He stuck his head back under the hood. I did too. and asked him what he was doing, did he need a hand? I didn't think a person's face could get that red. He better get his blood pressure checked. I think he has hypertension. I walked over to help Marty, but as soon as he spotted me heading in his direction he scampered under a pickup truck. I could take a hint. I took off.

I called again at 2. No answer. Same thing at 3, 3:30 and 3:45. Finally at 4 o'clock Marty answered. He didn't say it with words, but I could tell by his tone he was getting testy. He took my number and said Joe would call when it was done, that they would finish it today, no matter how late they had to stay. I called back at 5 p.m. All I got was a busy signal. Same thing at 5:15 and 5:30.

Joe called at 6:30 p.m. You're all set. I had to put on a new tire, repair the signal light, replace the O2 sensor and fix a leak in the exhaust. I sounded to me like he was taking advantage of my situation, an inspection sticker that expired at midnight. I went out to pick it up. He handed me the bill with a grease-covered, bloodied hand. It was over \$200! Wow! I said. That's a little steep for an inspection! He grimaced and then his face turned beet red. It got even redder when

continued on page 26

I patted my back pocket and told him I'd have to settle up with him later; I'd forgotten my wallet. He stared at me with a blank look on his face, which had now gone from red to purple. Then, he just walked away grumbling to himself. what is it with mechanics these days? They sure are a grumpy bunch.

Monthly

American Heart Month. Because heart disease is a leading cause of death in the United States, make sure you are doing all you can to keep your heart healthy: Limit your intake of sodium and tobacco products, avoid fried and fatty foods, increase your intake of fruits and vegetables, and get at least 30 minutes of exercise five days or more each week.

Declutter for a Cause Month. Don't wait for spring to tidy up. Purge unwanted and unused items from your home this February, and donate them to a local nonprofit.

International Boost Self-Esteem Month. Because we are often our biggest critics, pledge to do away with the negative self-talk. Show yourself some love by focusing on your positive attributes. Make an effort to smile at the face you see in the mirror.

Low Vision Awareness Month. It's projected that by 2030 at least 5 million baby boomers will suffer from this condition, which cannot be corrected by surgery, medication, or wearing eyeglasses. Everyday activities like writing, reading, cooking, and getting around, as well as the ability to recognize faces, become challenging. Visit the website for the National Eye Institute to learn more and find resources available for seniors living with low vision: <https://nei.nih.gov/nehep/lvam>

Plant the Seeds of Greatness Month. Do something each day this month that moves you closer to your short- and long-term goals.

Weekly

Freelance Writer Appreciation Week, Feb. 11–15. Give a shout-out to these important members of your team. Find a creative way to show your appreciation for the freelance writers contributing to your organization this second week of February.

Telecommuter Appreciation Week, Feb. 24–March 2. Since 1993, the American Telecommuting Association has been promoting the work/life and overall benefits of this flexible employment option. Though most consider this arrangement to be a perk, keep in mind that your remote workers often lack access to the physical resources your organization provides, so show them some love this week.

National Eating Disorders Awareness Week, Feb. 25–March 3. Eating disorders affect more than 30 million Americans. The National Eating Disorders Association (NEDA) uses this week to highlight the struggles faced by individuals with these conditions and their loved ones, as well as ways to support them. Cave drawing of bull is earliest of its kind

Archeologists have discovered the oldest known drawing of an animal on the wall of a cave in Indonesia, according to the U.S. News & World Report website. It's some 40,000 years old, about five feet wide, and it depicts a bull-like creature in a red silhouette.

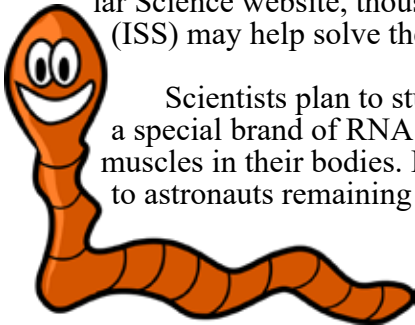

Along with similar drawings on cave walls in Borneo, the drawing sparks renewed debate about the role of art in ancient times. Similar cave paintings have been found in France and Spain, though they're just 33,500 to 37,000 years old.

Cave dwellers began sketching humans engaged in hunting activities and dancing some 14,000 years ago in both Europe and Asia. The findings raise the possibility that humans migrated from Africa to Europe and then Asia, bringing their artistic sensibilities with them.

Invasion of the space worms

Long-term space travel poses many challenges, but one of the most daunting is the loss of muscle mass in a zero-gravity environment. On a voyage to Mars, for example, space travelers could arrive on the red planet too weak to stand. Now, reports the Popular Science website, thousands of worms headed to the International Space Station (ISS) may help solve the problem.

Scientists plan to study muscle atrophy in the worms and then treat them with a special brand of RNA designed to stop the breakdown of protein and preserve the muscles in their bodies. If all goes according to plan, this could alleviate one danger to astronauts remaining in space for long periods of time.

Science is simply common sense at its best, that is, rigidly accurate in observation, and merciless to fallacy in logic.

—Thomas Henry Huxley
