Facts about Christmas

Chris Stones

Tis the season to be...well informed. We all love Christmas, but how much do any of us actually know about why Christmas is the way it is? Here are 31 facts about Christmas trees, Santa Claus, and Rudolph that you (probably) didn't know. Smarten up!

1. Christmas supposedly marks the birth of Jesus Christ on December 25. But there is no mention of December 25 in the Bible and most historians actually believe he was born in the spring.
2. December 25 was probably chosen because it coincided with the ancient pagan festival Saturnalia, which celebrated the agricultural god Saturn with partying, gambling, and gift-giving.
3. Many of the popular Christmas traditions today found their roots in Saturnalia: Branches from evergreen trees were used during winter solstice as a reminder of the green plants that would grow in spring when the sun gods grew strong.
4. These evergreen branches became the foundation of our Christmas tree. Germans are thought to be the first to bring "Christmas trees" into their homes at the holidays and decorate them with cookies and lights.
5. The Christmas tree made its way to America in the 1830s but wasn't popular until 1846, after Germany's Prince Albert brought it to England when he married Queen Victoria. The two were sketched in front of a Christmas tree and the tradition instantly became popular. Royal fever was real even back then.
6. The well-known reason we give presents at Christmas is to symbolize the gifts given to baby Jesus by the three wise men. But it may also stem from the Saturnalia tradition that required revelers to offer up rituals to the gods.
7. Because of its roots in pagan festivals, Christmas was not immediately accepted by the religious. In fact, from 1659 to 1681, it was *illegal* to celebrate Christmas in Boston. You were fined if you were caught celebrating.
8. Santa Claus comes from St. Nicholas, a Christian bishop living in (what is now) Turkey in the fourth century AD. St. Nicholas had inherited a great deal of wealth and was known for giving it away to help the needy. When sainted, he became the protector of children.
9. After his death, the legend of St. Nicholas spread. St. Nick's name became Sint-Nicolaas in Dutch, or Sinter Klaas for short. Which is only a hop, skip, and jump to Santa Claus.
10. Santa Claus delivering presents comes from Holland's celebration of St. Nicholas' feast day on December 6. Children would leave shoes out the night before and, in the morning, would find little gifts that St. Nicholas would leave them.
11. And stockings come from this story: A poor man with three daughters couldn't afford the dowry to have them married. One night, St. Nicholas dropped a bag of gold down the man's chimney so that his oldest daughter would be able to get married, and the bag fell into a stocking that was drying by the fire.
12. One of the reasons we leave milk and cookies for Santa is because Dutch kids would leave food and drink for St. Nicholas on his feast day.
13. And we leave carrots for Santa Claus' reindeer because, in Norse mythology, people left hay and treats for Odin's eight-legged horse Sleipnir "in hopes the god would stop by their home during his Yule hunting adventures." Dutch children adopted this tradition too,

Continued on page 14

- and would leave treats for St. Nick's horse.
14. The look of Santa Claus we have today was created at an 1804 meeting of the New York Historical Society, where member John Pintard handed out wooden cutouts of jolly old St. Nick in front of stockings filled with toys.
 15. Though Santa Claus has worn blue and white and green in the past, his traditional red suit came from a 1930s ad by Coca Cola.
 16. And the image of Santa Claus flying in a sleigh started in 1819...and was dreamt up by the same author who created the Headless Horseman, Washington Irving.
 17. Rudolph was actually conceived by a department store, Montgomery Ward, as a marketing gimmick to get kids to buy holiday coloring books.
 18. Rudolph almost didn't have a red nose either: At the time, a red nose was a sign of chronic alcoholism and Montgomery Ward thought he would look like a drunkard.
 19. Rudolph was almost named Rollo or Reginald. Reginald the Red-Nosed Reindeer doesn't quite have the same ring to it.
 20. The poem that introduced us to the other eight reindeer, "A Visit from St. Nicholas," actually named dropped Dasher, Dancer, Prancer, Vixen, Comet, Cupid, *Duner* and *Blixem*. (Which, like Donner and Blitzen, come from the German words for thunder and lightning.)
 21. Over the years, other reindeer have been name checked on Santa's sleigh team, such as: Flossie, Glossie, Racer, Pacer, Scratcher, Feckless, Ready, Steady, and Fireball (no relation to the whiskey).
 22. The first batch of eggnog in America was crafted at Captain John Smith's Jameston settlement in 1607, and the name eggnog comes from the word "grog," which refers to any drink made with rum.
 23. "Silent Night" is the most recorded Christmas song in history, with over 733 different versions copyrighted since 1978.
 24. Legend has it that "Silent Night" was written by a Father Joseph Mohr in Austria, who was determined to have music at his Christmas service after his organ broke. In reality, a priest wrote it while stationed at a pilgrim church in Austria.
 25. Meanwhile, "White Christmas" is the best-selling song of all time.
 26. "Santa Claus Is Coming to Town" actually has a truly depressing back-story: songwriter James "Haven" Gillespie was broke, jobless, and his brother had just died when he was asked to write a Christmas song. He was originally too overcome with grief, but eventually found inspiration in his brother's death and the Christmas memories they had together.
 27. The original lyrics to "Hark! The Herald Angel Sings" were "Hark! How the Welkin rings!" Welkin is an old, English term for Heaven. A preacher later tweaked the lyric.
 28. "Jingle Bells" was originally supposed to be a Thanksgiving song.
 29. Boston church leaders tried to have the song "I Saw Mommy Kissing Santa Claus" banned in the 1950s because they thought it "promoted physical intimacy." Singer Jimmy Boyd had to fly to Boston and explain to them why it wasn't obscene.
 30. Mariah Carey's "All I Want for Christmas Is You" is considered to be the most popular Christmas song now. In the music video, Santa is played by Mariah's then-husband, Tommy Mottola.

Michael Crofts
FL Licensed Independent
Health Insurance Agent

Health insurance decisions can be confusing due to endless coverage changes and many policy types. Fortunately, there is someone who can work diligently to help and without cost to you – Michael Crofts, owner of Best Plan Choice.

Through his own healthcare experience Mr. Crofts learned the value of good health coverage and quality medical care. He dedicates his agency to helping people with Medicare and Medicaid needs. You can visit the office to learn about Medicare plan options or he will come to your home.

Every year your Medicare health plan coverage changes even if you do not change plans. Also, new products are introduced and many offer benefits beyond original Medicare and/or Medicaid plans. Baby Boomers had completely different insurance products during their working years. The indemnity and major medical policies are no longer the only choice and often do not meet the financial needs of consumers today.

Don't waste time trying to figure it out. Michael will sit with you and review all of the documents, and answer all of your questions. Most importantly, he will conduct a needs analysis to determine your individual needs – if you expect a hospitalization, use certain medicines, or want benefit like dental or vision – everything is taken into consideration.

Best Plan Choice is there to help you make the right choice and is available long after the policy is written. This means helping with doctor changes, plan questions, annual review of your benefits, and of course taking great care of any friend or family member you refer. At Best Plan Choice clients become friends, and friends become clients.

"...I am so happy with my new windows...I'd like to commend your work crew. Earbie and Larry were fantastic! I couldn't believe the clean-up EVERYDAY! The whole job took just a week even with all the rain delays. I would and WILL highly recommend your company to my friends and neighbors. Of course I won't need to say a word - the house is doing all the talking! Thank you so much for my beautiful new house."

Carol Zapiecki, Clearwater, FL

"Just a short note to express my appreciation for the work done on my mobile home. The crews that worked here...were gentlemen at all times, efficient, knowledgeable and prompt. You can be sure if I run into anybody who needs your type of work, I will surely recommend your company. It has been a very satisfying experience!"

Keep Those Old Eyeglasses & Hearing Aids Coming

Lion - Dave Barry #471

What a year! Folks in Regency Heights contributed to a record year. There are recipients who are silently thankful. We are helping folks we have never and probably will never meet but you are elevating their standard of life through your generosity. I am proud to be a part of the Regency heights family.

Again, we thank everyone for all of the hearing aids (please remove batteries), eyeglasses and sun glasses, they are greatly appreciated.

Quotes of the Month

Chris Stones

When you judge another, you do not define them, you define yourself.
Wayne Dyer

Ignorance more frequently begets confidence than does knowledge; it is those who know little, not those who know much, who so positively assert that this or that problem will never be solved by science and observable truths.

Coldest place in the world

You may think it's cold where you live right now—if you're in the northern hemisphere, at least—but scientists have located the absolute coldest spot on Earth. No surprise—it's in Antarctica.

The National Geographic website reports that satellite data have identified an ice sheet in the middle of the southern continent with a temperature of minus 144 degrees Fahrenheit. This breaks the previous record for the chilliest place on the globe—minus 128 degrees, recorded in 1983 at the Russian Vostok Station close to the South Pole. At that low temperature, breathing itself is dangerous—more than a few breaths would make your lungs hemorrhage.

Chances are we won't find any colder places. Increases in greenhouse gases and water vapor in the air have scientists expecting a rise in temperatures across the Antarctic of three to four degrees in the coming years.

Next time around

A student spent a semester abroad to learn about life in a different culture. Each day he left the home of his host family to walk several miles to the school for his classes. Along the way he'd pass a river.

Seated near the bank of the river was an old man. He was there every morning and also in the evening, no matter the time. He was also there on the weekends, sitting and staring off into the horizon, not interested in the comings and goings of the world around him.

After several weeks, the student's curiosity got the better of him. He approached the man and initiated a conversation. Eventually, the student asked the man why he sat by the river all day long.

The man explained that he believed in reincarnation and that his soul had been reborn many times. He said that life was filled with many lessons and that one might be reborn and faced with the same lessons many times before ascending into a different life the next time around.

He went on to say that some lifetimes were good, others were not. "This life is neither beautiful nor challenging, nor interesting nor exciting," the man said to the student. "I'm content to sit out this one."
