TRIPS, TOURS & SHOWS

Rita Long, Lot 408

We are going to the Early Bird Dinner Theater three times this season. First show is December 12/13. One table for 8 is reserved for the 12th, 7 tables for the 13th. Show is "Making God Laugh." February 6/7th show is "Two Many Cooks," same amount of tables. March 12/13th show is "Cheaters," same amount of tables. Make your show plans now. Round up your friends and make up your tables. The food is delicious and plentiful. Just ask anyone who has gone before, and the shows are comedies, lots of laughs.

Check the travel board for some fun things to do for the Christmas season. I will add flyers hat I think you would enjoy. The travel board is in the back hall of the recreations building. Later I will have notices on the kiosks around the park. There will be day trips and other shows as they come along, so keep checking as deadlines for payments and reservations are "first come ... first go" and some seats are limited.

Mark your calendar for a busy March. First, we have 20 seats held for the musical, "Jesus Christ Superstar," Sunday, March 6th at 2:00 p.m. at Largo Cultural Center. This will sell out fast so let me know as so as possible if you want to go. We can only hold the seats for so long and have to release them if not paid for!!! \$24.00 plus \$3.50 handling fee. On Sunday, March 20th, 2:00 p.m. we have 26 seats held at the St. Pete Little Theater to see the Agatha Christie play, "Black Coffee," a Hercule Poirot mystery - \$17.00. Also in March is the Senior Talent Show at Largo Cultural Center. I don't have the price yet, but it is usually under \$10.00.

See you at the Rec meeting in December.

ST. PETE FREE CLINIC

As of November 1, 2015, there will be a new couple taking care of the food donations or any contribution for the Clinic. They are Bernie and Beryl McGrath, Lot 173 Roberts Lane, 727-575-7608.

I also want to thank everyone that has helped us over the last 10 years to keep this going. This has been running for over 30 years. Let's try to continue.

Thank you,
Bob and Joyce Chaput

AFGHANS FOR FOSTER CHILDREN

Maggie Bischoff, 20 Nancy Lane, 727-563-9016

Welcome back to Roberts. Hope you had a wonderful summer. We will be welcoming afghans again this 2015-2016 season.

You have all been extremely generous for the 9 years we have been donating (1434) afghans for foster children to Eckerd Community Alternatives. If you have yarns to donate, please call me and we'll pick it up or leave the yarn in our screen room at 20 Nancy Lane.

If you have afghans that you made this summer you can leave them in our screen room also. Please put your name(s), lot number, and or phone number on any donation you leave so I know who to thank.

To refresh, the size afghans needed are 36 in. x 46 in. or larger. We donate to children from newborn to 18 years of age.

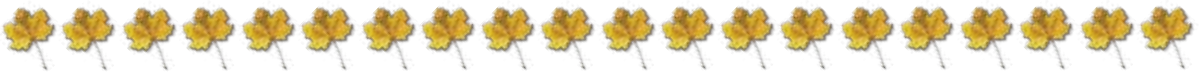

Hope we all have a wonderful time this season.

ROBERT'S REMINDERS

We have a lot of guests staying with us that like to take their campers out for shot trips and return. Please do not take items left on their site thinking they are gone. The office will know if they are gone or out for a short trip and maintenance will dispose of any items left if they are gone permanently.

Please remember to lock your bikes even during the daytime.

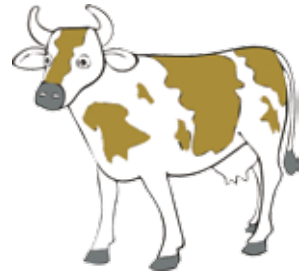

Moo! Cows may be smarter than you think

What's the smartest animal you can think of? Dolphins and chimpanzees may spring to mind quickly, but don't neglect one often-overlooked farm animal: the cow.

College students at the University of Sydney (as reported by the Huffington Post) conducted experiments with dairy cows and found that our bovine friends are capable of quickly mastering a maze to find food, and thus may possess better problem-solving skills than previously known.

The cows were tested in a T-shaped maze similar to those used with mice and rats. They learned to follow a sound through the maze to get to their food, with one of them reaching its goals within the first 20 seconds of the test.

The results suggest that cattle farmers could train cows to obey specific sound signals to come in for milking, producing greater efficiency on dairy farms.

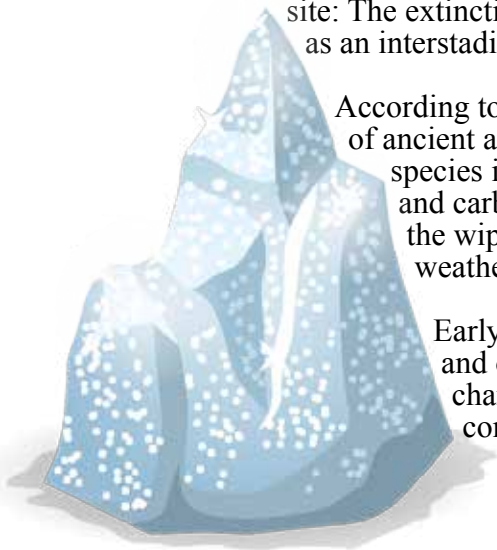

Global warming, not Ice Age, may have killed mammoths

Giant woolly mammoths roamed the Earth until about 11,000 years ago, when they abruptly went extinct. For years, scientists theorized that they were killed by the cold temperatures of the last Ice Age. Now some believe the explanation is just the opposite: The extinction event was caused by a sudden warming event known as an interstadial.

According to research published in the journal *Science*, DNA studies of ancient animals point to the sudden extinction of many large species in past ages. As more DNA from fossils became available, and carbon dating methods improved, scientists discovered that the wipeouts didn't correspond to the rise of glaciers and cold weather, but rather to periods of rapid global warming.

Early humans also contributed to the demise of the mammoths and other large beasts, but the evidence suggests that climate change was a major factor in their extinction—raising concerns about the future of our present environment.

Have a nice flight (if you can)

Flying may be the fastest and safest way to travel, but we all have our own preferences and quirks when traveling by air. A survey of more than 1,100 family travelers by ExpertFlyer looked at passenger habits. Their findings included:

- **Airline choice.** United? American? Southwest? Forty-five percent of participants said that airline mile redemption was a factor in choosing which airline to fly on.
- **Storage space.** Space is at a premium on most airplanes. Seventy-five percent admitted to “stealing” overhead bin space beyond their authorized allotment.
- **Food.** In-flight meals aren’t the only option if you’re hungry. More than one-third of passengers said they bring their own food to eat during flight.
- **Complaints.** Flying can be stressful. The top complaint: A bad seat or a seat not near companions (35 percent), followed by delays (25 percent), and general discomfort (24 percent).
- **Worries.** Lost luggage is one thing, but 21 percent of survey participants said that terrorism is their biggest concern when traveling with their families. That was followed by getting lost or separated (19 percent) and crime (19 percent).

Who’s drinking all the coffee?

Lots of people depend on coffee to get them through the day. According to figures from Gallup, 64 percent of U.S. adults drink at least one cup a day. Some drink more:

- One cup 26 percent
- Two cups 19 percent
- Three cups 8 percent
- Four or more 11 percent
- None 36 percent

Coffee is somewhat more popular with the older generation, with 74 percent of people 55 or older drinking it daily, a habit shared by just 50 percent of the 18-34 crowd. Women drink a little more than men: Sixty-six percent of women report having one or more cups per day, while 62 percent of men say the same. And Caucasians drink more than African-Americans—67 percent to 59 percent.

November Is...

Military Family Appreciation Month. Throughout November, military families serving around the world are honored through a variety of observances and recognized for their commitment and the many contributions they make every day in support of the military and our nation.

National Epilepsy Awareness Month. The Epilepsy Foundation estimates that 65 million people around the world, and 2 million in the U.S., have epilepsy—a neurological condition in which disturbances in the electrical activity of the brain cause seizures. National Epilepsy Awareness Month seeks to break down barriers stopping people with epilepsy from reaching their fullest potential.

National Peanut Butter Lover's Month. Celebrate your love of peanut butter this month by sharing these facts with your friends: One 12-ounce jar of peanut butter contains about 540 peanuts; one acre of peanuts can produce enough peanut butter for 30,000 sandwiches; and peanuts contribute more than \$4 billion to the U.S. economy every year.

Native American Heritage Month. Beginning as a single day of recognition for the contributions the first Americans have made to the establishment and growth of the U.S., Native American Heritage Month was designated in 1990 by President George H. W. Bush.

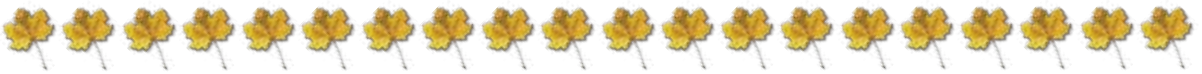

Week to Week in November

National Animal Shelter Appreciation Week, Nov. 2-8. Approximately 3,500 animal shelters across the United States serve the estimated 6-8 million homeless animals in need of refuge each year. Show them some love and support.

National Hunger & Homelessness Awareness Week, Nov. 14-22. Held each year the week before Thanksgiving to give Americans a time to show compassion for people experiencing hunger and homelessness.

Geography Awareness Week, Nov. 15-21. Spatial thinking through maps is one of the most important skills that students can develop as they learn geography, Earth and environmental sciences, and so much more. Celebrate and explore the power of maps!

American Education Week, Nov. 16-20. Take this opportunity to celebrate public education and honor individuals who are making a difference in ensuring that every child receives a quality education.

Stay healthy when you travel

Can your hotel room make you sick? Whether you're on vacation or traveling for work, you don't want your accommodations to create health issues. Try these tips to stay healthy wherever you crash:

- Get a smoke-free room. Avoid exposure to leftover smoke and nicotine by requesting a smoke-free floor when you make your reservations, or at least a nonsmoking room.
- Resist the minibar. Decline a minibar key when you check in. You'll be free of temptation to indulge in unhealthy (and expensive) drinks and snacks.
- Ditch the bed cover. Bed covers can be hiding places for bugs and other pests. Store it in a dresser or a corner of your room before going to bed.
- Bring your own disinfectant. Wipe down the phone, TV remote, and other devices with an antibacterial spray or wipe before using them to get rid of any harmful bacteria and germs from previous guests.
- Use fresh cups. Don't drink from reusable glasses and cups. Stick with your own water bottle, or plastic disposable cups wrapped in plastic.

Don't sabotage your diet during the long afternoon

You can eat a healthful breakfast and a nutritious lunch, yet still undercut your efforts to stay fit if you slack off in the afternoon. Watch out for these post-lunchtime habits that can add on extra pounds (from the Health Magazine website):

- Heavy snacks. A mid-afternoon snack can turn into a second lunch if you're not careful. Don't overdo it. Limit your snacking to 150 calories or fewer.
- Avoiding the gym. Schedule time for exercise; don't skip it just because you're busy or tired. Burning calories is important to staying in shape.
- The coffee shop. If you need a dose of caffeine, don't overload on extra sugar and cream, and resist the scones and muffins. Have a cup of coffee or tea at work, or ask a friend to pick up something salubrious for you so you don't face the temptation.
- Workplace celebrations. Birthdays, showers, good-bye parties and the like usually feature treats that can pack on the pounds. Share your good wishes, but don't go overboard on the goodies.

Monthly Mania: It Pays (Up to \$100) To Patronize the Advertisers in Your Newsletter

14,492 manufactured home residents have won over \$124,374 since our contest began. It's simple to play ... when you patronize a current advertiser, ask for a Monthly Mania ticket (or a reasonable facsimile) and fill it out completely. Put the ticket in our Monthly Mania drop box in your community or [mail your paid receipt](mailto:mail_your_paid_receipt) to us at **Monthly Media • PO Box 1023 • Venice, FL 34284**. That's all you do. At the end of the month the Publishers will pick up the tickets and hold a drawing. If your ticket is drawn, we mail you a check.

(Allow 4-6 weeks for mailing of check). **This month's cash winners are:**
