SCAMS AND FRAUDS

By: Officer Julie Williams, Crime Prevention - Largo Police Department; cited from www.ftc.gov

IRS IMPOSTER SCAMS ON THE RISE

The Internal Revenue Service (IRS) is the government agency that collects federal taxes. Scammers pretend to be IRS officials to get you to send them money.

HOW THE SCAM WORKS

Your caller ID might show it's the IRS calling. The caller might give a badge number and know the last four digits of your Social Security number.

“you owe money.”

“you better pay now, or you'll be arrested.”

“put money on a prepaid debit card or wire it to us. ”

You find out it wasn't the IRS. It was a scam. The money is gone.

GOT A CALL?

Don't give the caller information such as your financial or other personal information. Write down details such as the number and name of the caller.

Hang up

Contact the IRS directly

If you're worried the call is real, contact the IRS directly at 800-829-1040 or go to irs.gov.

Report the call

File a complaint with:

1. The Treasury Inspector General for Tax Administration (TIGTA) at tigta.gov or 800-366-4484.
2. The FTC at ftc.gov/complaint or 877-FTC-HELP.
Warn friends and family - Tell people you know that these calls are scams.

April Is...

ASPCA Month. The American Society for the Prevention of Cruelty to Animals estimates that an animal is abused every 60 seconds. Every April the ASPCA urges the public to “go orange” in support of the fight against animal cruelty. Set aside one day each week to call attention to the problem of cruelty by wearing orange—or go all out and wear orange every day. Find out more at the ASPCA website.

National Kite Month. Celebrate the arrival of spring by going outside and flying a kite. The American Kitefliers Association plans events worldwide in April to promote the wonderful qualities that kite flying has to offer people of all ages and physical ability levels.

Mathematics Awareness Month. Held every April, Mathematics Awareness Month was created in 1986 to increase public understanding of and appreciation for mathematics. Activities are organized on local, state, and regional levels by college and university departments, institutional public information offices, student groups, and related associations and interest groups.

Multiple Birth Awareness Month. The National Association of Mothers of Twins Clubs Inc. is dedicated to supporting families of multiple birth children through education, research, and networking. During April, the organization seeks to raise public awareness of the unique qualities of multiple birth families.

Road trip travelers stay close to home

The weeklong vacation seems to be fading in popularity, according to research from Enterprise Rent-A-Car. A survey of 1,001 U.S. travelers in 2014 found that 66 percent would choose a one-day or weekend jaunt over a weeklong vacation, which only 31 percent favor. And they’re willing to drive a long time for a short break, with 57 percent stating they’d be willing to drive up to 300 miles for a weekend stay.

Men take road trips because they enjoy the drive itself, the survey found. Women, on the other hand, focus on relaxation and rejuvenation, and are more likely to come back from road trips feeling rested and refreshed.

Know your allergies to defeat them this spring

The allergy season is upon us, creating misery for more than 35 million people. Here are some tips for alleviating allergy attacks caused by pollen and mold:

- Keep your windows closed at night. Use air conditioning, which cleans, cools, and dries the air.
- Minimize early morning activities outdoors between 5 and 10 a.m. This is the time of day when pollen is most prevalent.
- Keep your car windows closed when you drive.
- Take a vacation during the height of the pollen season. Pick a place that's more pollen-free, like the beach or the sea.
- Take the medications prescribed by your allergist.
- Don't spend too much time outdoors when the pollen count, humidity, or wind factor is high.
- Avoid raking leaves or mowing lawns, which stirs up molds and pollens. Delegate these tasks to someone who isn't allergic.
- Don't hang sheets or clothing out to dry. Pollens and molds may collect on these items.
- Don't grow too many indoor plants. Wet soil is a breeding ground for molds.

Pollen

The pollen of such trees as oak, western red cedar, elm, birch, ash, hickory, poplar, sycamore, maple, cypress, and walnut is often the cause of early spring seasonal allergic rhinitis (hay fever).

Late spring and early summer hay fever is usually caused by pollinating grasses, including timothy, bermuda, orchard, sweet vernal, red top, and some blue grasses. Other weeds that can cause pollen allergy include sagebrush, pigweed, tumbleweed, Russian thistle, and cockleweed.

Note that pollen from plants with bright flowers, such as roses, usually does not cause allergic problems, since these flowers have large and waxy pollens that are carried from plant to plant by insects such as bees. On the other hand, many trees, most grasses, and certain low-growing weeds are primarily wind-pollinated.
