### PRESIDENT'S MESSAGE

*Submitted by Wally Schultz*

---

**H**ello everyone, yes I'm still here (if you've been wondering). I've been on vacation, but now I'm back. As I receive reports from everyone everything seems to be running as usual in SL, which is a good thing I guess. Remember, everyone, soon it will be time to elect new officers for the HOA. As most of you know, our recording secretary is no longer with us, so we might be looking for someone fill in for the November, December and January meetings. The only qualification needed is you have to be able to write fast. Please let me know if you're interested. I would like to welcome Cheryl on board (she likes to be called CC). She will be the new editor for our newsletter, I would like to thank Janette Martin for the outstanding job she did as editor. See yawl soon, Wally.

### TRIP TO MASSACHUSETTS

*Submitted by Helen DellaPenna*

---

**A**t the end of August Walter & I took a long weekend trip to our old place where we lived in Mass. On Friday we had lunch with Emile & Barbara LaBonte, formerly of Lot #87. Saturday was spent with my brother & family. Sunday we had breakfast with Jackie Dora, formerly of Lot #12, and of course the conversation with all was about Shangri-La. Emile misses the big yard sale. So, for all those who remember Emile, Barbara & Jackie, they said to say hello. I think they all miss the park.

## SHUFFLEBOARD

Submitted by Wally Schultz

---

**H**ello fellow shufflers. Well the 2015 - 2016 season looks pretty good; it looks like we have about 15 players ready to kick some butt, plus we have a couple of subs. We have a real good mix of players, almost everyone from last season, and, as we see it we should do pretty good this season. This year we are going to call upon our more seasoned members to give us some advice, and tips, to help us play better, I think it will be a good thing for all of us. I would like to have Glen Pellitier, who is rated as a professional shuffler, to come to our park to give us a few tips on shuffling. We feel very confident that this year will be the year that SL will bring home a trophy. Look out friendly league here comes Shangri-la.

## ACTIVITIES

Submitted by Janette Martin

---

**B**ingo will begin on Thursday, Oct. 8th. Please be sure to get your cards between 6-6:45 PM. We would also appreciate it if you would bring small bills.

The Halloween Party is being held on Saturday, Oct. 31st. Please sign up on the bulletin board to participate. We will be providing a light snack and refreshments. Prizes will be awarded for your costumes.

Please note, if you wish to attend ANY of the parties being held in the park, we require you to sign up on the sheets provided on the bulletin board. These sheets help us to plan the amount of food required to feed everyone. It also helps us to plan table setups. If you do not

*...continued on page 6*

sign up, please do not show up last minute. This is unfair to the guests that follow the rules. Also, please do not fill up take out containers until after the meal is finished. We provide most of the food for these meals, and if there is a significant amount of meat leftover, we can freeze this and use this again at the next party; thereby cutting our overall cost for food.

October will begin the parties where most of the food is provided for you. But during the summer months, when we have parties, we ask guests to bring a side dish. I have noticed that there are still some people that think they can just show up and eat. If everyone felt this way we would only have meat on the serving tables. Please read the sign-up sheets for details about what is needed; sometimes we require additional food, sometimes we require people to help set up or clean up.

Thank you to everyone that comes out and participates. Without you, these parties would never be a success. And I would like to give a huge thank you to Serena Libby for all of her hard work and dedication to making these parties happen.

## JOKES

*Submitted by Polly Pifer*

---

While on a road trip, an elderly couple stopped at Pizza Hut for lunch. After finishing their meal, they left the restaurant, and resumed their trip to Phoenix. When they were leaving, the elderly woman unknowingly left her eyeglasses on the table, and she didn't miss them until they had been driving for about forty minutes, when she went to check the map. By then, to add to the aggravation, they had to travel quite a distance before they could find a place to turn around, due to the concrete barrier between lanes in opposing directions. When they did find one, it was almost a 45 mile return trip! All the way back, the elderly husband became the classic grumpy old man. He fussed; he complained and scolded his wife relentlessly during the entire return drive. Even worse, the more he chided her, the more agitated he became. He just wouldn't let up for a single minute! To her relief, they finally arrived at the restaurant. As the woman got out of the car, and hurried inside to retrieve her glasses, the old geezer yelled to her, "While you're in there, you might as well get my hat and the credit card."

---

To help untangle my fishing gear, I asked my wife and her twenty-year-old sister to walk the fishing line across our front yard and hold it taut, while I reeled it back in. A man strolling by saw the two good-looking women and did a double-take. "I don't know what you're using for bait," he said to me, "but I'll take a dozen!"

# Multiply Your Monthly Mania!

**A**s you probably already know; patronizing the advertisers in this newsletter also pays YOU with our Monthly Mania Cash Give-a-Way. **We pay out \$400 every month to residents** who submit tickets they have received from using the businesses in the newsletter. Winning is easy, just patronize any advertiser in the newsletter, then submit either the ticket or a paid receipt to us for your chance to win!

## Now You Have More Chances to Win!

**We are now offering unlimited entries into our Monthly Mania drawing by just *SUGGESTING* a business to advertise.**

Here is how it works:

1. Call our office and suggest a business to advertise in the newsletter
2. We will take down your information (name, address, phone number) and enter you into the next month's drawing for over \$400 in cash prizes
3. The more businesses you suggest, the more chances you have to win.  
*(To qualify each resident can only suggest a business once)*

### What businesses would you like to see advertising?

We have spots available in the following categories:

- |                                     |                                      |                               |
|-------------------------------------|--------------------------------------|-------------------------------|

My mother, Evelyn, was a very robust woman in both spirit and size. She was in the hospital, not feeling well, but her sense of humor was still top-drawer. We were chatting when the surgeon came into the room with her chart. "Evelyn," he explained, "it says here that you're 79 years old, but that doesn't seem right." "Well, it's true," she told him. "I'll be eighty at the end of this year." "You don't have any wrinkles on your face!" he exclaimed. "Oh, that's EASY to explain," Mom replied. "I don't have a bra on!"

---

A travel agent looked up from his desk to see an older lady and an older gentleman peering in the shop window at the posters showing the glamorous destinations around the world. The agent had had a good week and the dejected couple looking in the window gave him a rare feeling of generosity. He called them into his shop and said, "I know that on your pension you could never hope to have a holiday, so I am sending you off to a fabulous resort at my expense, and I won't take no for an answer." He took them inside and asked his secretary to write two flight tickets and book a room in a five star hotel. They, as can be expected, gladly accepted, and were on their way. About a month later the little lady came in to his shop. "And how did you like your holiday?" he asked eagerly. "The flight was exciting and the room was lovely," she said. "I've come to thank you. But, one thing puzzled me. Who was that old guy I had to share the room with?"

---

A mother is driving her little girl to her friend's house for a play date.

'Mommy,' the little girl asks, 'how old are you?'

'Honey, you are not supposed to ask a lady her age,' the mother replied. 'It's not polite.'

'OK', the little girl says,

'How much do you weigh?'

'Now really,' the mother says,

'those are personal questions and are really none of your business.'

Undaunted, the little girl asks, 'Why did you and Daddy get a divorce?'

'That's enough questions, young lady! Honestly!'

The exasperated mother walks away as the two friends begin to play.

'My Mom won't tell me anything about her,' the little girl says to her friend.

'Well,' says the friend,

'all you need to do is look at her driver's license. It's like a report card, it has everything on it.'

Later that night the little girl says to her mother, 'I know how old you are. You are 32.'

The mother is surprised and asks, 'How did you find that out?'

'I also know that you weigh 130 pounds.' The mother is past surprised and shocked now.

'How in Heaven's name did you find that out?'

'And,' the little girl says triumphantly, 'I know why you and daddy got a divorce.'

'Oh really?' the mother asks. 'Why?'

'Because you got an F in sex.'

*...continued on page 10*

*Submitted by Bob Martin*

A woman hurried to the pharmacy to get medication, got back to her car and found that she had locked her keys inside. She found an old rusty coat hanger left on the ground. She looked at it and said, "I don't know how to use this." She bowed her head and asked God to send her some help.

Within 5 minutes a beat-up old motorcycle pulled up, driven by a bearded man who was wearing an old biker skull rag. He got off of his cycle and asked if he could help.

She said: "Yes, my daughter is sick. I've locked my keys in my car. I must get home. Please, can you use this hanger to unlock my car?"

He said, "Sure." He walked over to the car, and in less than a minute the car was open.

She hugged the man and through tears said, "Thank You, God, for sending me such a very nice man."

The man heard her little prayer and replied, "Lady, I am NOT a nice man. I just got out of prison yesterday; I was in prison for car theft."

The woman hugged the man again, sobbing, "Oh, thank you, God! You even sent me a Professional!"

Is GOD great or what!?!

## Avoiding the dentist? It may cost you

**P**roper dental care is important to your overall health. Unfortunately, many of us tend to avoid visiting the dentist—often because of the cost.

A survey commissioned by Aspen Dental found that almost two out of five Americans have delayed needed dental work, or had it only partially performed, because of their financial situation. It's a figure that has jumped by almost 8 percent over the last two years, even though 80 percent say they're aware that staying away from the dentist will be more expensive in the long run.

## Take one step to lose weight

**W**ant to lose weight? Step onto a scale every day. That may seem like obvious advice, but it's supported by the results of a study reported on the Live Science website.

In the study, researchers challenged 162 people to reduce their weight by 10 percent over the course of the year. They weren't given any specific advice, but about half the participants were given scales and told to check and record their weight every morning.

Although few of the participants in either group achieved their goal of losing 10 percent of their body weight, 29 percent of those given scales succeeded in losing at least 5 percent, but only 11 percent in the scale-free group lost as much.

In addition, participants given scales managed to maintain their weight loss for a second year.

The researchers have theorized that checking weight once a day may help people pay more attention to what they eat (and how much), and reinforce positive weight-loss behaviors like skipping dessert.

Without mathematics, there's nothing you can do.  
Everything around you is mathematics. Everything  
around you is numbers.

## Love, honor, and make your payment

One important factor that can unbalance a marriage or romantic relationship is debt. A survey conducted by Harris Poll for NerdWallet determined that 35 percent of adults have brought at least some credit card debt into their romantic relationships—more than student loans, car payments, medical loans, and mortgage debt.

More men than women bring it, with 42 percent of adult men coming into relationships with credit card debt, as opposed to 29 percent of women. Whoever's behind it, though, such debt can have costs beyond interest payments: 25 percent of couples with at least one partner dealing with credit card debt reported that it had a negative impact on their relationship.

## Be alert to the signs of Alzheimer's disease

More than 5 million people live with Alzheimer's disease in the U.S. It's an affliction that can't be diagnosed with a blood test or a brain scan, so doctors and patients depend on behavioral clues to determine whether someone is suffering from it. An early diagnosis can help with treatment and care, so pay attention to these warning signs from the Alzheimer's Association:

- Changes in memory that disrupt daily activities
- Difficulty solving problems or making plans
- Problems performing familiar tasks at work or at home
- Confusion over places and times
- Problems processing visual images and spatial relationships
- Growing difficulties with writing and speaking
- Losing items/getting lost outside

If you or a loved one begins exhibiting a number of these symptoms, consult with your doctor. Although Alzheimer's has no cure, many treatments can delay its onset and provide a meaningful quality of life for years.

## October Is...

---

**A**dopt A Dog Month. Millions of animals are waiting for someone to give them a safe, loving home. Be a hero and consider adopting a rescue animal or a dog from your local shelter. You'll be saving a life and adding joy to yours.

**Eye Injury Prevention Month.** Protecting your eyes from injury is one of the most basic things you can do to keep your vision healthy throughout your life. The American Academy of Ophthalmology reminds everyone to wear protective eyewear when performing home repairs or maintenance, and while playing sports.

**National Bullying Prevention Month.** A campaign to unite communities nationwide in educating and raising awareness of bullying prevention. National Bullying Prevention Month is recognized across the United States, with organizations like Facebook, Disney, CNN, Yahoo Kids, and other partners supporting the effort through media outreach and dissemination.

**National Cyber Security Awareness Month.** National Cyber Security Awareness Month is designed to engage and educate public and private sector partners with events and initiatives aimed at raising awareness about cyber security and increasing the resiliency of the nation in the event of a cyber incident.

## Week to Week

---

**E**mergency Nurses Week, Oct. 11-17. Sponsored by the Emergency Nurses Association, which represents the approximately 180,000 emergency nurses in the U.S. who save lives and render aid on a 24/7 basis.

**Earth Science Week, Oct. 11-17.** An international event to help the public gain a better understanding and appreciation for the Earth sciences and to encourage stewardship of the Earth.

**Nuclear Science Week, Oct. 19-23.** A national celebration to focus local, regional, and national attention on all aspects of nuclear science. The 2015 theme: "Get to Know Nuclear."

**Respiratory Care Week, Oct. 25-31.** An annual event that recognizes the respiratory care profession and promotes awareness of lung health issues and practices.

## Follow correct procedures whenever you lift a load

---

**L**ifting heavy items incorrectly can injure your back and other parts of your body. Whenever you have a heavy object to move, follow these basic rules for staying safe:

- Bend at the knees.
- Keep your head up.
- Keep your back straight.
- Lift with your legs, not your arms or back.
- Keep the object close to your body.
- Don't twist your back as you walk.
- Maintain stable footing.
- Ask for help if the load is too heavy for you to move on your own.

## Strengthen your peer relationships

---

**G**etting along with your manager is important to success in any workplace, but so is a good relationship with your co-workers. You need everyone's support to get ahead. Forge strong connections by looking at these factors:

- **Expectations.** Clarify what you expect from your colleagues in the way of information, assistance, and results. Get to know each other's goals so you can provide the right kind of support.
- **Mutual trust.** Can you count on each other to follow through on commitments—or at least warn that problems are approaching? This is possible only if you both take responsibility for cooperation and communication.
- **Sociability.** Can you do more than merely tolerate each other? Go beyond common courtesy and show a genuine interest in other people's lives outside the job. Relationships grow through getting to know each other on a personal basis instead of just talking about work.
- **Communication.** This is the acid test of any working relationship: Can you tell each other what's on your mind? This isn't simply a matter of airing complaints. Delivering praise or thanks to a co-worker may feel awkward, but it's the heart of a good relationship. Be honest with the people around you, and listen to their words in the same spirit.

## Thought-controlled robots offer freedom and mobility

**H**umans can now control robots remotely with their thoughts, thanks to a team of scientists who have developed technology to help people with disabilities regain some independence in their lives.

The robots are equipped with wheels and a video camera. The scientists tested them with a group of 19 subjects, nine with disabilities and 10 without. Each subject wore a helmet studded with electrodes that analyzed brain signals for several weeks. Then they were told to direct the movements of a robot in Switzerland via the Internet. After less than 10 days of training, all of the nine participants with disabilities were able to control the robot easily, as did those with no disability.

In addition, the robot is able to avoid obstacles on its own without direction from its human controller, allowing people to take a break when they become tired. Such robots could become part of the daily life of people with mobility issues, giving them the opportunity to interact with others outside their homes.

## Solar panel promises hope for clean fuel

**A** new type of solar panel could allow us to split water into hydrogen and oxygen atoms and create a clean hydrogen fuel, according to the NBC News website.

The panel, developed by scientists in Switzerland, looks like the common solar panels found on rooftops. Sunlight passes through a layer of water, and the non-toxic chemical tungsten diselenide works as a catalyst to break the water into its separate hydrogen and oxygen atoms. The scientists hope to commercialize the process to create a cheap source of hydrogen fuel, but a practical version won't be available for at least 10 years.

We can judge our progress by the courage of our questions and the depth of our answers, our willingness to embrace what is true rather than what feels good.

—Carl Sagan

## Spiders On The Move: Land, Air, And Water

---

If you're afraid of spiders, this may not be good news: Scientists have discovered that some spiders can actually walk or sail across water, allowing them to travel great distances and colonize new areas of the world.

Spiders have long been known to travel by “ballooning”—climbing to the top of a plant or tree and shooting out a strand of web that catches the breeze, pulling them through the air. But what happens when they land on water? Some species of spiders have water-resistant legs that prevent them from sinking beneath the surface. With specialized “dance” routines, the spiders are able to make their way across the water. In addition, they're able to lift their legs to catch the wind, sliding on the surface as if sailing. Some spiders are also able to lift their abdomens like sails and take advantage of air currents to transport themselves.

All this helps spiders move about, allowing them to take their place as predators keeping insect populations in check. How far they can actually travel is still unclear, as is the question of whether salt water affects their mobility. Scientists are continuing to study the spiders to find out if they can literally sail across the ocean.

## Black Holes: The Truth Is Out There (Just Hidden)

---

The universe is full of supermassive black holes, according to findings from NASA's Nuclear Spectroscopic Telescope Array (NuSTAR). But they're not always easy to locate because they're typically found at the center of galaxies, and hidden by clouds of dust and gas.

Astronomers found several of them recently then by analyzing high-energy X-rays at nine locations throughout the universe. The NuSTAR confirmed the existence of five black holes and determined that they're much more active than previously was known, consuming huge amounts of interstellar material and emitting large doses of radiation.

The NuSTAR's readings confirm theories of the presence of black holes throughout the cosmos and help to explain why many of them are obscured from view.

We can judge our progress by the courage of our questions and the depth of our answers, our willingness to embrace what is true rather than what feels good.

—Carl Sagan
