Susan Grippin

Hello neighbors and Friends.

As we welcome the beautiful month of May, we also begin to see some of our seasonal residents heading back north for the summer. While we will certainly miss their presence, we wish them safe travels and look forward to seeing them again in the fall. Here at Bayside Waters, the fun continues with exciting events for everyone to enjoy, including our Mother's Day Luncheon Celebration and a meaningful Memorial Day gathering as we honor those who have served.

May is a wonderful time to come together, enjoy the sunshine, and make lasting memories with neighbors and friends. On behalf of the Social Club, thank you all for your continued support and participation—we look forward to seeing you at our upcoming events!

Below are the details for our upcoming May activities and events: Hello Neighbors and Friends.

Mother's Day Celebration Luncheon

Our Mother's Day Luncheon Celebration is Sunday, May 10th. Doors open at 12:30 p.m., and the meal will be served from 1:00 to 2:00 p.m. The Social Club will provide a beautiful brunch-themed meal, (Chef Angie's choice), desserts, bottled water, ice, coffee, Mimosas and Bloody Mary's. **You must sign up to attend** this event otherwise you will not be allowed in. All Mothers get in for free and everyone else pays \$5 at the door. Sign-up sheets are in the Club House Dining Hall as well as the Cardroom. The Cutoff to sign up is Wednesday, May 7th at 6:00 p.m.

Memorial Day Celebration

We will be having our Memorial Day Celebration on Monday, May 25th in the Clubhouse. Doors will open at 11:30am. There will be a short patriotic presentation by Vince Salvage and then the meal will be served afterward provided for free by the Social Club consisting of grilled hot dogs with all the fixings, bottled water and ice. Since there is no cost to attend this event, we are asking everyone to please bring some type of cold salad, cheese or veggie tray, a snack such as chips or a dessert! **No Hot Food, Please!** Sign-up sheets will be located in the Clubhouse Dining Hall as well as in the Cardroom. The cutoff to sign up is Wednesday, May 20th at 6:00 p.m. Sharp. There will be no exceptions beyond this date. Hope to see you there to celebrate this patriotic holiday honoring those that have served.

Social Club Memberships

Memberships for the **2026/27 calendar year** are available for \$10 per person. This membership runs from April 1, 2026, through March 31, 2027. Please see Susan Grippin to purchase yours

April's Spring Fling

Our Spring Fling on April 11th was a huge success with approximately 80 people. We had yet again a wonderful meal designed and prepared by Angie and a few helpers. We had several lucky winners for the different drawings.

Congratulations to Judy B., Kathy Lee, Shelly Scunziano, Jonesy, Linda Woods. and Linda McDaniel. The band, flashback, played from 7:00 till 10:00 p.m. and everyone dance the night away to every song. It was an extremely fun time. We have been told our events keep getting bigger, better, and more and more fun!

Community Directory

The Community Directory, (the yellow book with all the names and addresses), will now be taken over by Shelley Scunziano. We thank Marjorie Murphy for her past several years of taking charge of this project. She has done an excellent job keeping it as accurate as possible. More information and forms to update will be provided soon. In the meantime, you can always send Shelley a text message or give her a phone call with any changes. Her phone number is: (518) 369-1060. If Shelley does not answer, please leave her a voicemail. Thank you.

The absent-minded composer

The famous composer Ludwig von Beethoven once went to a restaurant for some dinner, but being very absent-minded he forgot what he actually came there for. A waiter asked him several times what he would like to order, but Beethoven paid him no attention.

After an hour Beethoven called the waiter and asked him, “How much do I pay?”

The waiter replied, “Sir, you haven’t ordered anything yet. What I can do for you?”

Frustrated, Beethoven snapped back, “Oh, just bring whatever you want and leave me alone!”

Einstein: A genius with a human touch

Albert Einstein was a scientific genius, and stories about him are legendary. Three stories illustrate that he was as human as the rest of us:

- When Einstein went to Princeton University in 1953, someone asked what he would need for his office. His reply: “A desk, some pads and a pencil, and a large wastebasket to hold all of my mistakes.”
- A student visited Einstein in his Princeton office one day with a copy of this year’s final exam in his hand. “Professor, all the questions on this year’s test are the same as last year!” “Yes,” Einstein replied, “but this year all the answers are different.”
- After finishing a paper, Einstein and his assistant could find only one paper clip in his office to hold the pages together. Unfortunately, it was bent out of shape and impossible to use. They searched the desk for something to use as a tool to straighten the clip, and found a full box of paper clips in one drawer. Instead of taking one of those clips, Einstein used one as a tool to straighten out the bent clip.

The assistant asked why he didn’t just use one of the fresh clips. Einstein answered, “Once I am set on a goal it becomes difficult to deflect me.”

A lesson in taking chances

A story from the book *Art and Fear*, by David Bayles and Ted Orland (Image Continuum Press), illustrates the power of taking chances and risking failure when you're trying to achieve something of quality:

On the first day of class, a ceramics teacher announced that he was putting his students into two groups. Half the students would be graded on quantity of works produced, the other half on the quality of just one work. On the final day of class, the instructor looked at the pots from both groups and realized that the best pots—those with the most creative designs and those that seemed most beautiful—all came from the group graded on quantity.

As the authors put it: “It seems that while the ‘quantity’ group was busily churning out piles of work—and learning from their mistakes—the ‘quality’ group had sat theorizing about perfection, and in the end had little more to show for their efforts than grandiose theories and a pile of dead clay.”

Take a fresh approach to solving problems

You don't always want the same old solutions to everyday problems. Sometimes you want to try something different. From the *Fast Company* website comes these ideas for finding a fresh approach:

- **Rephrase the question.** The way you frame the problem may limit your options. Teach yourself to expand the scope. Instead of, “How can we throw a great birthday party for Ted?” Ask, “What can we do to make this a memorable birthday?”
- **Look for bad ideas.** Seeking perfect solutions can put too much pressure on your creativity. Give yourself a break and try coming up with some bad ideas. You'll get them out of the way quickly, and sometimes a bad idea can lead to something new and exciting.
- **Challenge your assumptions.** Take a hard look at your basic beliefs about the situation. Is the customer really always right? Is the lowest price necessarily the best deal? Turning your assumptions on their heads can suggest a different direction to go in.

Report: Fiber may prevent breast cancer

Parents and young women concerned about breast cancer may want to take note of a study from the journal *Pediatrics*: Scientists have discovered that adolescents and young women can significantly reduce their chances of getting breast cancer later in life by eating a high-fiber diet early on.

Researchers tracked more than 90,000 women over a period of years. Women 27-44 answered questions relating to their diet as adults and in high school. The data they collected about fiber consumption, after screening out other factors like race and family history of breast cancer, showed that women who had eaten high amounts of fiber had a 12-19 percent lower chance of getting breast cancer. In addition, women who reported a high fiber intake during their high school years were found to have a 16 percent lower risk of suffering breast cancer overall, as well as a 24 percent lower risk of being diagnosed before menopause.

Fiber from fruits and vegetables appear to offer the most health benefits.

Keep your workplace a healthy zone

From Ebola to the Zika virus, new diseases seem to be rising every day to threaten our health. If you're a manager, you should do everything you can to keep your workforce safe from illness. Take these steps to minimize the risks:

- **Adjust absentee policies.** Many organizations still penalize workers for taking sick leave. Let your employees stay home when they're sick rather than risk infecting others.
- **Promote hygiene.** Post restroom signs urging workers to wash their hands frequently. Instruct cleaning services to wipe down telephone receivers as well as desk surfaces.
- **Plan ahead.** Consider how you'd respond if your department experienced a 30 percent absentee rate. How can you ensure that essential functions are covered? You can't stop bad things from happening, but you can take steps to keep them from crippling your organization.

Quotes

Healthy citizens are the greatest asset any country can have.

Try these year-round common cold remedies

You can catch a cold any time of the year, no matter what the weather is. Although you can't cure it, you can relieve its symptoms with some simple remedies. Try these:

- **Honey.** Honey mixed with tea or warm lemon water can relieve coughing and sore throat.
- **Zinc.** Zinc supplements taken within the first few days of having a cold can shorten your illness and could prevent a cold in the first place.
- **Hot liquids.** Hot tea or water can loosen up congestion in your chest and sinuses.
- **Salt water.** Evidence suggests that rinsing your mouth with salty water can clear up nasal congestion and unclog your sinuses.
- **Vitamin C.** Evidence that vitamin C can help you avoid or shorten colds is mixed, although research does hint that it may be effective for those with a vitamin C deficiency.

Exercise: More isn't necessarily better

Losing weight is just a matter of exercising, right? Actually, that may not be the case, according to a study of exercise and weight loss reported on the CNN website.

Researchers looked at 332 adults in the U.S., Jamaica, and Africa, measuring their activity level over a week. The volunteers displayed a variety of exercise levels from sedentary to active. Although those who exercised and were active more burned away more calories than the others, their activity tended to hit a plateau—after a certain level, more exercise didn't produce more weight loss.

Switching exercises helped a little, since using different muscles can make your body use more energy. But in the long run, a combination of exercise and a reduced-calorie diet may be your best bet for losing those unwanted pounds.
