SNOWBIRDS/CHECKING OUT

Don't forget, when leaving for the season, to fill out the CHECK OUT FORM (available at the office). Please complete the form for your homes and your protection. Understand it is your responsibility to make arrangements to take care of your planter boxes, fruit trees, and weeds around the house, ect. If you have made arrangements with someone to take care of this for you, please be aware that any violation or fine will be addressed to you.

Make sure that everything outside has been securely put away and your storm shutters are down and in place. Remember, during storm season our fulltime residents are working on securing their homes and making arrangements, just in case, to evacuate in preparation of a possible storm.

If you're planning on leaving lights on while your away, please let a neighbor know which room the light will be on in so if someone should happen to enter your home, and another light is on, they will know to call 911 to have any trespasser investigated. This is also why it is so important to make sure any guest, whether your home or away, is signed in and has your permission to be here.

Safe travels home to all our snowbirds and looking forward to your return.

JUST A THOUGHT.....

SHUFFLEBOARD CLUB Update

Even though regular season play is over with AND most snowbirds have departed there's still plenty of opportunity to have FUN on the courts.

Each Tuesday, Thursday and Saturday at 10 am the FUN continues with Horsecollar. The start time will eventually change to 9 am with the warmer days.

Also, stay tuned for other shuffle opportunities at neighboring Mainlands.

HORSECOLLAR is an ideal way to become familiar with the game. It offers FUN and Friendship while getting comfortable with the equipment and courts. Remember, the sticks (cues) are free for your use but please remember to wear closed-toe shoes and bring along 50 cents, that you'll likely return home with.

Our thanks to the Golden Gate Board of Directors for their ongoing support and obvious improvements to the shuffle courts. Most recently, the south wall screens and curtains are being replaced with tinted plastic windows that will also allow for flow through ventilation.

Our facility is envied by many area communities and we are rightfully proud!

TIP of the MONTH - At Horsecollar the FUN, Friendship and Learning is far more relevant than the score. Please come out and hopefully you'll enjoy it!

Have a safe, healthy and FUN summer wherever you may be.

Nuggets Club BREAKING NEWS 😊

The Nuggets Club is happy to announce that we have formed a “merger” with the Theatre Club. The new “Show Committee”, headed up by Linda Davis, will operate under the Nuggets Umbrella. Linda will share a report at our monthly meetings. The Show Committee will host the Halloween Dance, Christmas Show and Spring Show. Nuggets Club has new officers for the 2026-27 season: Carolyn Kirk, treasurer; Kelly McKerrow, vice president; Susan O’Byrne, president. We are still in need of a secretary.

Please call Susan at 603-970-1417 if you are interested.

Our March Social Sunday featured a catered meal from the Olive Garden! Carlo provided dance music and a great time was had by all. Warm thanks to the many volunteers who helped sell tickets, set up tables and chairs, spread tablecloths and decorate. During the meal, Barb and Dawn invited each table up to the buffet and they also delivered dessert.

Thank you! Special thanks to Marcel and Sandra for managing the BAR for all of our Social Sundays. As for clean up after dinner, it was like MAGIC...Randy wiped the tables, Steven mopped the floor, then the tables disappeared!

This is why every resident is a Golden Nugget and why our events are so successful. Anne Jones, Joann Rash and Jean Chudzik have done a tremendous job over the years planning and finding hosts for our monthly dances. They are stepping down from their duties. Thank you, Ladies for all the great music and fun. Jim Alaimo has been printing tickets for our events for several years. He too is stepping down. Thank you, Jim for your dedication. Gloria Ledoux and Carolyn Kirk will take over this job. Kathy Leger and Liz Groleau will continue to organize the potluck suppers. Your Nugget officers will continue to host the Social Sundays.

Our club needs new members to take charge of the Dance Committee. You would be in charge of finding hosts for each dance, selling tickets, planning the setup and notifying the office. The

hosts will help decorate, sell 50/50 tickets and organize a clean-up crew.

Thanks to Marcel and Sandra, we have tablecloths and special lighting to enhance our table decorations. Please contact any of the officers if you would like to be part of the Dance Committee.

Our club has discussed the various ways that information is communicated to our residents. Eventually the hope is that we will all have enough tech savvy to know what is going on at any given time...from ticket sales to the events. Until then, starting in October, Kathy and Liz will prepare and distribute a monthly flyer listing Nugget meetings and events. We can all then mark our calendars, on the wall OR on our phones, so we won't miss out. Enjoy the summer, everyone. See you in October!

Women's Club Update

Wow....can you believe that it's May already? The Women's Club had another great season enjoying the company and friendship of our members while providing opportunities for the entire Golden Gate community to come together.

On April 15 the Women's Club collaborated with the Men's club to host our annual Mother's Day/ Father's Day dinner. The attendees enjoyed a delicious meal of Po' Folks chicken along with pasta salad, baked beans and cornbread. All followed by a dessert of Fat Boy ice cream sandwiches. We host this event in early April in an attempt to include as many of our snowbirds as possible.

Though the next meeting of the Women's Club will be in October we will still be providing some opportunities for our full-time residents to get together over the summer by hosting an ice cream social and a picnic or two. Look for information on these events as they come closer. I hope that everyone traveling stays safe and enjoys their time with family and friends. The Women's Club looks forward to having all of the women in Golden Gate join us when we begin meeting in the fall.....all are welcome whether you've been here for a month or 60 plus years.

Come join us, make new friends or rekindle friendships with those you've known for years. I hope everyone enjoys their summer.....see you soon.

120 CLUB

The 120 Club has had another successful year and has just completed it's 50th game here in Golden Gate. Every game we charge 120 residents of Golden Gate \$20 dollars \$2400.00 total. We then take that cash and give \$1380.00 back by way of drawings. 19 weeks x \$20 = \$380.00, 1 x \$500.00, 2 x \$200.00 1 x \$100.00. We have dinner from PoFolks for 120 people for approximately \$600.00, with tip. Drinks and table dressings \$100.00. Donate \$300.00 to the Men's Club.

Steve Sorenson

The absent-minded composer

The famous composer Ludwig von Beethoven once went to a restaurant for some dinner, but being very absent-minded he forgot what he actually came there for. A waiter asked him several times what he would like to order, but Beethoven paid him no attention.

After an hour Beethoven called the waiter and asked him, “How much do I pay?”

The waiter replied, “Sir, you haven’t ordered anything yet. What I can do for you?”

Frustrated, Beethoven snapped back, “Oh, just bring whatever you want and leave me alone!”

Einstein: A genius with a human touch

Albert Einstein was a scientific genius, and stories about him are legendary. Three stories illustrate that he was as human as the rest of us:

- When Einstein went to Princeton University in 1953, someone asked what he would need for his office. His reply: “A desk, some pads and a pencil, and a large wastebasket to hold all of my mistakes.”
- A student visited Einstein in his Princeton office one day with a copy of this year’s final exam in his hand. “Professor, all the questions on this year’s test are the same as last year!” “Yes,” Einstein replied, “but this year all the answers are different.”
- After finishing a paper, Einstein and his assistant could find only one paper clip in his office to hold the pages together. Unfortunately, it was bent out of shape and impossible to use. They searched the desk for something to use as a tool to straighten the clip, and found a full box of paper clips in one drawer. Instead of taking one of those clips, Einstein used one as a tool to straighten out the bent clip.

The assistant asked why he didn’t just use one of the fresh clips. Einstein answered, “Once I am set on a goal it becomes difficult to deflect me.”

A lesson in taking chances

A story from the book *Art and Fear*, by David Bayles and Ted Orland (Image Continuum Press), illustrates the power of taking chances and risking failure when you're trying to achieve something of quality:

On the first day of class, a ceramics teacher announced that he was putting his students into two groups. Half the students would be graded on quantity of works produced, the other half on the quality of just one work. On the final day of class, the instructor looked at the pots from both groups and realized that the best pots—those with the most creative designs and those that seemed most beautiful—all came from the group graded on quantity.

As the authors put it: “It seems that while the ‘quantity’ group was busily churning out piles of work—and learning from their mistakes—the ‘quality’ group had sat theorizing about perfection, and in the end had little more to show for their efforts than grandiose theories and a pile of dead clay.”

Take a fresh approach to solving problems

You don't always want the same old solutions to everyday problems. Sometimes you want to try something different. From the *Fast Company* website comes these ideas for finding a fresh approach:

- **Rephrase the question.** The way you frame the problem may limit your options. Teach yourself to expand the scope. Instead of, “How can we throw a great birthday party for Ted?” Ask, “What can we do to make this a memorable birthday?”
- **Look for bad ideas.** Seeking perfect solutions can put too much pressure on your creativity. Give yourself a break and try coming up with some bad ideas. You'll get them out of the way quickly, and sometimes a bad idea can lead to something new and exciting.
- **Challenge your assumptions.** Take a hard look at your basic beliefs about the situation. Is the customer really always right? Is the lowest price necessarily the best deal? Turning your assumptions on their heads can suggest a different direction to go in.

—Pablo Picasso

Report: Fiber may prevent breast cancer

Parents and young women concerned about breast cancer may want to take note of a study from the journal *Pediatrics*: Scientists have discovered that adolescents and young women can significantly reduce their chances of getting breast cancer later in life by eating a high-fiber diet early on.

Researchers tracked more than 90,000 women over a period of years. Women 27-44 answered questions relating to their diet as adults and in high school. The data they collected about fiber consumption, after screening out other factors like race and family history of breast cancer, showed that women who had eaten high amounts of fiber had a 12-19 percent lower chance of getting breast cancer. In addition, women who reported a high fiber intake during their high school years were found to have a 16 percent lower risk of suffering breast cancer overall, as well as a 24 percent lower risk of being diagnosed before menopause.

Fiber from fruits and vegetables appear to offer the most health benefits.

Keep your workplace a healthy zone

From Ebola to the Zika virus, new diseases seem to be rising every day to threaten our health. If you're a manager, you should do everything you can to keep your workforce safe from illness. Take these steps to minimize the risks:

- **Adjust absentee policies.** Many organizations still penalize workers for taking sick leave. Let your employees stay home when they're sick rather than risk infecting others.
- **Promote hygiene.** Post restroom signs urging workers to wash their hands frequently. Instruct cleaning services to wipe down telephone receivers as well as desk surfaces.
- **Plan ahead.** Consider how you'd respond if your department experienced a 30 percent absentee rate. How can you ensure that essential functions are covered? You can't stop bad things from happening, but you can take steps to keep them from crippling your organization.

Try these year-round common cold remedies

You can catch a cold any time of the year, no matter what the weather is. Although you can't cure it, you can relieve its symptoms with some simple remedies. Try these:

- **Honey.** Honey mixed with tea or warm lemon water can relieve coughing and sore throat.
- **Zinc.** Zinc supplements taken within the first few days of having a cold can shorten your illness and could prevent a cold in the first place.
- **Hot liquids.** Hot tea or water can loosen up congestion in your chest and sinuses.
- **Salt water.** Evidence suggests that rinsing your mouth with salty water can clear up nasal congestion and unclog your sinuses.
- **Vitamin C.** Evidence that vitamin C can help you avoid or shorten colds is mixed, although research does hint that it may be effective for those with a vitamin C deficiency.

Exercise: More isn't necessarily better

Losing weight is just a matter of exercising, right? Actually, that may not be the case, according to a study of exercise and weight loss reported on the CNN website.

Researchers looked at 332 adults in the U.S., Jamaica, and Africa, measuring their activity level over a week. The volunteers displayed a variety of exercise levels from sedentary to active. Although those who exercised and were active more burned away more calories than the others, their activity tended to hit a plateau—after a certain level, more exercise didn't produce more weight loss.

Switching exercises helped a little, since using different muscles can make your body use more energy. But in the long run, a combination of exercise and a reduced-calorie diet may be your best bet for losing those unwanted pounds.
